21 capacity as the Executive Director of the Medical Board of California, Department of Consumer

1 JURISDICTION

2 3. This Accusation is brought before the Board, under the authority of the following
3 laws. All section references are to the Business and Professions Code unless otherwise indicated.

4 4. Section 2227 of the Code provides that a licensee who is found guilty under the
5 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
6 one year, placed on probation and required to pay the costs of probation monitoring, or such other
7 action taken in relation to discipline as the Board deems proper.

8 5. Section 2234 of the Code provides:

9 "The board shall take action against any licensee who is charged with unprofessional
10 conduct. In addition to other provisions of this article, unprofessional conduct includes, but
11 is not limited to, the following:

12 "(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting
13 the violation of, or conspiring to violate any provision of this chapter.

14 "(b) Gross negligence.

15 "(c) Repeated negligent acts. To be repeated, there must be two or more negligent
16 acts or omissions. An initial negligent act or omission followed by a separate and distinct
17 departure from the applicable standard of care shall constitute repeated negligent acts.

18 "(1) An initial negligent diagnosis followed by an act or omission medically
19 appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

20 "(2) When the standard of care requires a change in the diagnosis, act, or omission
21 that constitutes the negligent act described in paragraph (1), including, but not limited to, a
22 reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs
23 from the applicable standard of care, each departure constitutes a separate and distinct
24 breach of the standard of care.

25 "(d) Incompetence.

26 "(e) The commission of any act involving dishonesty or corruption which is
27 substantially related to the qualifications, functions, or duties of a physician and surgeon.

28 "(f) Any action or conduct which would have warranted the denial of a certificate.

1 “(g) The practice of medicine from this state into another state or country without
2 meeting the legal requirements of that state or country for the practice of medicine. Section
3 2314 shall not apply to this subdivision. This subdivision shall become operative upon the
4 implementation of the proposed registration program described in Section 2052.5.

5 “(h) The repeated failure by a certificate holder, in the absence of good cause, to
6 attend and participate in an interview by the board. This subdivision shall only apply to a
7 certificate holder who is the subject of an investigation by the board.”

8 6. Section 2264 of the Code states:

9 “The employing, directly or indirectly, the aiding, or the abetting of any unlicensed
10 person or any suspended, revoked, or unlicensed practitioner to engage in the practice of
11 medicine or any other mode of treating the sick or afflicted which requires a license to
12 practice constitutes unprofessional conduct.”

13 **STANDARD OF CARE**

14 7. Regarding hair restoration procedures, there are several essential standards. First, the
15 physician and surgeon must advise the patient on the risks and benefits of the hair restoration
16 procedure. Second, the physician and surgeon must consider and address the patient’s general
17 medical and psychological condition, including age, sex, physical condition and any genetic
18 history of hair loss. Third, the physician and surgeon must identify, advise, and manage patients
19 whose hair loss is not androgenetic in etiology.¹ Fourth, the physician and surgeon must prepare
20 an integrated medical and surgical treatment plan, including hairlines and crowns, for patients
21 between the ages of 16 and 65 who have Norwood-Hamilton Stages II through VII and Ludwig
22 Stages I, II, and III.²

23
24 //

25 //

26 ¹ Androgenetic alopecia is a common form of hair loss in both men and women. In men,
27 this condition is also known as male-pattern baldness. Hair is lost in a well-defined pattern,
28 beginning above both temples. Over time, the hairline recedes to form a characteristic "M"
shape.

² The Norwood Hamilton Scale measures the extent of male pattern baldness.

1 FIRST CAUSE FOR DISCIPLINE

2 (Gross Negligence)

7 transplant procedure at the Bosley Medical Group's Beverly Hills office.
- 8 B. Patient 1 was aware of the Bosley Medical Group due to the number of
9 advertisements and promotions he had seen over the years.
- 10 C. On or about August 10, 2015, Patient 1 contacted Respondent about having hair
11 restoration surgery. Patient 1 scheduled an appointment for August 15, 2015, at
12 Respondent's Fresno location.⁴
- 13 D. Patient 1 then scheduled hair restoration surgery with Respondent for August
14 19, 2015. Using a credit card, Patient 1 prepaid Respondent \$1,000 to reserve a

- 16 E. On the date of the scheduled surgery:
- 17 1) 8:00 a.m.: Patient 1 arrived at the Bosley's Beverly Hills office.
- 18 2) 8:04 a.m.: Patient 1 was seen by a sales consultant who was not a
19 licensed physician and surgeon or other licensed healthcare provider.

21 significant for asthma and depression. Patient 1 reported that he took
22 Prozac and aspirin daily. Patient 1 further reported that he rarely used
23 Albuterol for his asthma. The sales consultant then discussed the
24 extent of the patient's hair loss and the benefits of hair transplants with
25 Patient 1. The sales consultant then had Patient 1 sign a document

26 ³ In order to protect the privacy rights of the patient, the patient is referred to as Patient 1.
