8 Disciplinary Order:

9 **DISCIPLINARY ORDER**

10 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 85038, issued
11 to Respondent Timothy Rogers Mulligan, M.D., is revoked. However, the revocation is stayed
12 and Respondent is placed on probation for three (3) years on the following terms and conditions:

13 1. CONTROLLED SUBSTANCES - SURRENDER OF DEA PERMIT. Respondent is
14 prohibited from practicing medicine until Respondent provides documentary proof to the Board
15 or its designee that Respondent's DEA permit has been surrendered to the Drug Enforcement
16 Administration for cancellation, together with any state prescription forms and all controlled
17 substances order forms. Thereafter, Respondent shall not reapply for a new DEA permit without
18 the prior written consent of the Board or its designee.

19 2. CONTROLLED SUBSTANCES - MAINTAIN RECORDS AND ACCESS TO
20 RECORDS AND INVENTORIES. Respondent shall maintain a record of all controlled
21 substances ordered, prescribed, dispensed, administered, or possessed by Respondent, and any
22 recommendation or approval which enables a patient or patient's primary caregiver to possess or
23 cultivate marijuana for the personal medical purposes of the patient within the meaning of Health
24 and Safety Code section 11362.5, during probation, showing all of the following: 1) the name and
25 address of the patient; 2) the date; 3) the character and quantity of controlled substances involved;
26 and 4) the indications and diagnosis for which the controlled substances were furnished.

27 Respondent shall keep these records in a separate file or ledger, in chronological order. All
28 records and any inventories of controlled substances shall be available for immediate inspection

1 and copying on the premises by the Board or its designee at all times during business hours and
2 shall be retained for the entire term of probation.

3 3. EDUCATION COURSE. Within 60 calendar days of the effective date of this
4 Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee
5 for its prior approval educational program(s) or course(s) which shall not be less than 40 hours
6 per year, for each year of probation. The educational program(s) or course(s) shall be aimed at
7 correcting any areas of deficient practice or knowledge and shall be Category I certified. The
8 educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to
9 the Continuing Medical Education (CME) requirements for renewal of licensure. Following the
10 completion of each course, the Board or its designee may administer an examination to test
11 Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65
12 hours of CME of which 40 hours were in satisfaction of this condition.

13 4. PRESCRIBING PRACTICES COURSE. Within 60 calendar days of the effective
14 date of this Decision, Respondent shall enroll in a course in prescribing practices approved in
15 advance by the Board or its designee. Respondent shall provide the approved course provider
16 with any information and documents that the approved course provider may deem pertinent.
17 Respondent shall participate in and successfully complete the classroom component of the course
18 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
19 complete any other component of the course within one (1) year of enrollment. The prescribing
20 practices course shall be at Respondent's expense and shall be in addition to the Continuing
21 Medical Education (CME) requirements for renewal of licensure.

22 A prescribing practices course taken after the acts that gave rise to the charges in the
23 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
24 or its designee, be accepted towards the fulfillment of this condition if the course would have
25 been approved by the Board or its designee had the course been taken after the effective date of
26 this Decision.

27 Respondent shall submit a certification of successful completion to the Board or its
28 designee not later than 15 calendar days after successfully completing the course, or not later than

1 15 calendar days after the effective date of the Decision, whichever is later.

2 5. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective
3 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in
4 advance by the Board or its designee. Respondent shall provide the approved course provider
5 with any information and documents that the approved course provider may deem pertinent.
6 Respondent shall participate in and successfully complete the classroom component of the course
7 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
8 complete any other component of the course within one (1) year of enrollment. The medical
9 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing
10 Medical Education (CME) requirements for renewal of licensure.

11 A medical record keeping course taken after the acts that gave rise to the charges in the
12 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
13 or its designee, be accepted towards the fulfillment of this condition if the course would have
14 been approved by the Board or its designee had the course been taken after the effective date of
15 this Decision.

16 Respondent shall submit a certification of successful completion to the Board or its
17 designee not later than 15 calendar days after successfully completing the course, or not later than
18 15 calendar days after the effective date of the Decision, whichever is later.

19 6. MONITORING - PRACTICE/BILLING. Within 30 calendar days of the effective
20 date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a
21 practice monitor, the name and qualifications of one or more licensed physicians and surgeons
22 whose licenses are valid and in good standing and who are preferably American Board of Medical
23 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
24 relationship with Respondent, or other relationship that could reasonably be expected to
25 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
26 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
27 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

28 The Board or its designee shall provide the approved monitor with copies of the Decision

1 and Accusation and a proposed monitoring plan. Within 15 calendar days of receipt of the
2 Decision, Accusation, and proposed monitoring plan, the monitor shall submit a signed statement
3 that the monitor has read the Decision and Accusation, fully understands the role of a monitor,
4 and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the
5 proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed
6 statement for approval by the Board or its designee.

7 Within 60 calendar days of the effective date of this Decision, and continuing throughout
8 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
9 make all records available for immediate inspection and copying on the premises by the monitor
10 at all times during business hours and shall retain the records for the entire term of probation.

11 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
12 date of this Decision, Respondent shall receive a notification from the Board or its designee to
13 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
14 shall cease the practice of medicine until a monitor is approved to provide monitoring
15 responsibility.

16 The monitor shall submit a quarterly written report to the Board or its designee which
17 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
18 are within the standards of practice of medicine and whether Respondent is practicing medicine
19 safely, billing appropriately, or both. It shall be the sole responsibility of Respondent to ensure
20 that the monitor submits the quarterly written reports to the Board or its designee within 10
21 calendar days after the end of the preceding quarter.

22 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
23 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
24 name and qualifications of a replacement monitor who will be assuming that responsibility within
25 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
26 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
27 notification from the Board or its designee to cease the practice of medicine within three (3)
28 calendar days after being so notified. Respondent shall cease the practice of medicine until a

1 replacement monitor is approved and assumes monitoring responsibility.

2 In lieu of a monitor, Respondent may participate in a professional enhancement program
3 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
4 review, semi-annual practice assessment, and semi-annual review of professional growth and
5 education. Respondent shall participate in the professional enhancement program at Respondent's
6 expense during the term of probation.

7 STANDARD CONDITIONS

8 7. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
9 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
10 Chief Executive Officer at every hospital where privileges or membership are extended to
11 Respondent, at any other facility where Respondent engages in the practice of medicine,
12 including all physician and locum tenens registries or other similar agencies, and to the Chief
13 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
14 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
15 calendar days.

16 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

17 8. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
18 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
19 advanced practice nurses.

20 9. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
21 governing the practice of medicine in California and remain in full compliance with any court
22 ordered criminal probation, payments, and other orders.

23 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
24 under penalty of perjury on forms provided by the Board, stating whether there has been
25 compliance with all the conditions of probation.

26 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
27 of the preceding quarter.

28 ///

1 11. GENERAL PROBATION REQUIREMENTS.

2 Compliance with Probation Unit

3 Respondent shall comply with the Board's probation unit.

4 Address Changes

5 Respondent shall, at all times, keep the Board informed of Respondent's business and
6 residence addresses, email address (if available), and telephone number. Changes of such
7 addresses shall be immediately communicated in writing to the Board or its designee. Under no
8 circumstances shall a post office box serve as an address of record, except as allowed by Business
9 and Professions Code section 2021(b).

10 Place of Practice

11 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
12 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
13 facility.

14 License Renewal

15 Respondent shall maintain a current and renewed California physician's and surgeon's
16 license.

17 Travel or Residence Outside California

18 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
19 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
20 (30) calendar days.

21 In the event Respondent should leave the State of California to reside or to practice,
22 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
23 departure and return.

24 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
25 available in person upon request for interviews either at Respondent's place of business or at the
26 probation unit office, with or without prior notice throughout the term of probation.

27 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
28 its designee in writing within 15 calendar days of any periods of non-practice lasting more than

1 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
2 defined as any period of time Respondent is not practicing medicine as defined in Business and
3 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
4 patient care, clinical activity or teaching, or other activity as approved by the Board. If
5 Respondent resides in California and is considered to be in non-practice, Respondent shall
6 comply with all terms and conditions of probation. All time spent in an intensive training
7 program which has been approved by the Board or its designee shall not be considered non-
8 practice and does not relieve Respondent from complying with all the terms and conditions of
9 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
10 on probation with the medical licensing authority of that state or jurisdiction shall not be
11 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
12 period of non-practice.

13 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
14 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
15 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
16 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
17 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

18 Respondent's period of non-practice while on probation shall not exceed two (2) years.

19 Periods of non-practice will not apply to the reduction of the probationary term.

20 Periods of non-practice for a Respondent residing outside of California will relieve
21 Respondent of the responsibility to comply with the probationary terms and conditions with the
22 exception of this condition and the following terms and conditions of probation: Obey All Laws;
23 General Probation Requirements; and Quarterly Declarations.

24 14. COMPLETION OF PROBATION. Respondent shall comply with all financial
25 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
26 completion of probation. Upon successful completion of probation, Respondent's certificate shall
27 be fully restored.

28 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition

1 of probation is a violation of probation. If Respondent violates probation in any respect, the
2 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
3 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
4 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
5 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
6 the matter is final.

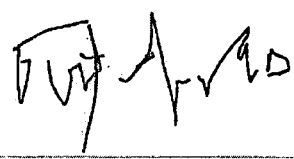

7 16. LICENSE SURRENDER. Following the effective date of this Decision, if
8 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
9 the terms and conditions of probation, Respondent may request to surrender his or her license.
10 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
11 determining whether or not to grant the request, or to take any other action deemed appropriate
12 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
13 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
14 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
15 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
16 application shall be treated as a petition for reinstatement of a revoked certificate.

17 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
18 with probation monitoring each and every year of probation, as designated by the Board, which
19 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
20 California and delivered to the Board or its designee no later than January 31 of each calendar
21 year.

2. On or about February 11, 1999, the Board issued Physician's and Surgeon's Certificate Number G 85038 to Timothy Rogers Mulligan, M.D. (Respondent). JURISDICTION

1
2 3. This Accusation is brought before the Board under the authority of the following
3 laws. All section references are to the Business and Professions Code unless otherwise indicated.

4 4. Section 2004 of the Code states:

5 “The board shall have the responsibility for the following:

6 “(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice
7 Act.

8 “(b) The administration and hearing of disciplinary actions.

9 “(c) Carrying out disciplinary actions appropriate to findings made by a panel or an
10 administrative law judge.

11 “(d) Suspending, revoking, or otherwise limiting certificates after the conclusion of
12 disciplinary actions.

13 “(e) Reviewing the quality of medical practice carried out by physician and surgeon
14 certificate holders under the jurisdiction of the board.

15 “....”

16 5. Section 2227 of the Code provides that a licensee who is found guilty under the
17 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
18 one year, placed on probation and required to pay the costs of probation monitoring, or such other
19 action taken in relation to discipline as the Board deems proper.

20 6. Section 2234 of the Code states, in relevant portion:

21 “The board shall take action against any licensee who is charged with unprofessional
22 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not
23 limited to, the following:

24 “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
25 violation of, or conspiring to violate any provision of this chapter.

26 “(b) Gross negligence.

1 10. P-1 reportedly told Respondent that non-steroidal anti-inflammatory medications
2 aggravated his gastric reflux disease and that other analgesic medications did not control his pain
3 sufficiently to allow P-1 to work in his physically demanding trade. P-1 told Respondent that his
4 pain had been tolerable only during the preceding year, during which he was taking a daily dose
5 of ten 30 mg. oxycodone² tablets. In his chart notes for this initial visit, Respondent states that he
6 informed P-1 that the amount of oxycodone he was taking “was a dangerous dose even if he is
7 tolerant. Patient understands this and understands he may have to undergo detoxification to quit
8 using opioids. Patient may require psychological counseling as well.” Respondent’s notes reflect
9 a discussion of the terms under which he would continue to prescribe opiates to P-1; there was no
10 written pain management agreement. There is no indication that P-1 was counseled on
11 countermeasures to be taken in the event of opioid overdose nor any prescription for P-1 of an
12 opioid overdose antidote kit. Respondent prescribed oxycodone at a reduced dose of six 30 mg.
13 tablets per day for P-1 at this initial visit and directed P-1 to return in one month.

14 11. P-1 returned to Respondent only three weeks later, stating that the 6 tablets of
15 oxycodone per day Respondent had allowed him was insufficient. Respondent increased the
16 daily dosage to 7 tablets and added fentanyl transdermal patches³. P-1 saw Respondent regularly
17 thereafter for the next three years, 40 documented visits in all. Respondent continued to prescribe
18 oxycodone and fentanyl in varying amounts. Between February 2015 and February 2016,
19 Respondent was prescribing opioids to P-1 that averaged 640 morphine milligram equivalents per
20 day. Respondent referred P-1 to the Stanford pain management clinic but there is no indication
21 that the patient acted on that referral. Over the three year course of his treatment, Respondent
22

23 ² Oxycodone is a semisynthetic narcotic analgesic with multiple actions qualitatively
24 similar to those of morphine. It is a dangerous drug as defined in section 4022 and a schedule II
25 controlled substance as defined by section 11055, subdivision (b)(1) of the Health and Safety
26 Code. Respiratory depression is a primary risk with opiates, particularly in combination with
27 other drugs. Oxycodone can produce drug dependence of the morphine type and has the potential
28 for being abused.

³ Fentanyl is an opioid analgesic, a dangerous drug as defined in section 4022 and a
schedule II controlled substance as defined by section 11055 of the Health and Safety Code.
Fentanyl transdermal is indicated only for treatment of chronic pain (such as that of malignancy)
that cannot be managed by lesser means and requires continuous opioid administration. Fentanyl
presents a risk of life-threatening hypoventilation. Fentanyl can produce drug dependence similar
to that produced by morphine and has the potential for abuse.

1 ordered one urine drug screen for P-1, which was collected on December 15, 2015; it was
2 negative for all controlled substances tested, including opioids. Respondent continued to
3 prescribe oxycodone and fentanyl to P-1, but did taper the oxycodone dose; between March 2016
4 and March 2017 the average morphine milligram equivalents P-1 was receiving declined by about
5 25%.

6 12. In January 2016 patient P-1 was seen in the emergency department of a local hospital
7 and admitted for treatment of severe asthma. He was admitted twice again for asthmatic
8 symptoms, in May and June of 2016. One of the hospital physicians documented his suspicions
9 that P-1 was using illicit drugs during his hospital stay; the history portion of P-1's chart notes a
10 "history of polysubstance abuse." A urine drug screen performed during the May 2016 admission
11 was positive for methamphetamine and opiates. That laboratory result was included in the
12 medical records of the hospital stay which were provided to Respondent at that time. In October
13 2016, Respondent referred P-1 to a specialist for an asthma evaluation, but it does not appear that
14 P-1 saw that specialist. In December of 2016, Respondent obtained a repeat diagnostic imaging
15 study of P-1's back, which showed severe discogenic disease with associated nerve impingement.

16 13. Respondent saw P-1 for an office visit on March 14, 2017. His chart notes for that
17 visit include reference to P-1's current prescriptions of oxycodone and fentanyl and that he
18 discussed "issues regarding necessity of reducing use of narcotic analgesics." Respondent
19 prescribed oxycodone and fentanyl to P-1 on this visit.

20 14. In the early morning hours of March 18, 2017, P-1 was having difficulty breathing.
21 According to his mother, neither his inhaler nor nebulizer treatment afforded any relief. P-1
22 collapsed and was taken to the hospital, where he died about 5 a.m. The coroner's report cites
23 the cause of death as acute fentanyl, methamphetamine, amphetamine, and morphine intoxication.

24 15. Respondent has subjected his license to disciplinary action for unprofessional
25 conduct, in that his failure to consider and pursue non-opioid pain management modalities with P-
26 1 over a three year course of treatment with high-dose narcotics was a departure from the
27 standard of care constituting gross negligence in violation of section 2234(b) or, in conjunction
28 with the other departures alleged herein, repeated negligence in violation of section 2234(c).
