STATE OF CALIFORNIA

In the Matter of the Application of:)	Case No. 800-2020-067027
)	
QUYEN TRUNG NGUYEN)	
)	STIPULATION FOR A
)	PROBATIONARY LICENSE
For a Physician's and Surgeon's License)	

1) Quyen Trung Nguyen, applicant for a physician's and surgeon's license (hereinafter "applicant"), and Marina O'Connor, Chief of Licensing of the Medical Board of California (Board), hereby stipulate as follows:

2) Applicant is eligible for medical licensure in California upon meeting all licensure requirements.

On February 25, 2019, applicant submitted an application for a Physician's and Surgeon's License. On November 30, 2018, applicant was removed from his employer due to ongoing unprofessional conduct demonstrated towards a female resident physician. This decision was supported as a result of applicant's lack of ownership regarding the incident.

3) Section 480(a) of the Business and Professions Code states, the Board may deny a license on the grounds that the applicant has done one of the following: done any act that would be grounds for suspension or revocation of a license. Section 2234 of the Business and Professions Code states that the Board may take action for unprofessional conduct.

The above supports a conclusion that grounds exist for denial pursuant to sections 480(a)(3)(A) and 2234 of the Business and Professions Code.

4) Pursuant to Section 2221 of the Business and Professions Code, the Board may deny a license to an applicant because of unprofessional conduct. Alternatively, the Board has the discretionary authority to issue a probationary license with terms and conditions.

5) Applicant acknowledges he has a right to request a Statement of Issues and a hearing upon denial of license for cause.

Applicant waives notice of hearing and judicial review in favor of this Stipulation for a Probationary License, which is subject to approval by the Board. If not approved, this Stipulation is null and void and may not be used for any purpose.

6) Applicant understands and agrees that counsel for the staff of the Board may communicate directly with the Board regarding this proposed Stipulation, without notice to or participation by applicant or his counsel. By signing the Stipulation, applicant understands and agrees that he may not withdraw this agreement or seek to rescind the Stipulation prior to the time the Board considers and acts upon it. If the Board fails to

adopt this Stipulation, the offer of a Stipulation for a Probationary License shall be of no force or effect; ~~except for this paragraph, it shall be inadmissible in any legal action~~ between the parties, and the Board shall not be disqualified from further action by having considered this matter.

ORDER

IT IS ORDERED THAT QUYEN TRUNG NGUYEN, applicant, be issued a Physician's and Surgeon's License on a probation basis for a period of three (3) years, subject to the following terms and conditions. Probation shall begin on the date the applicant is issued a probationary license.

1) Professional Boundaries Program

The program shall evaluate applicant at the end of the training and the program shall provide any data from the assessment and training as well as the results of the evaluation to the Board or its designee.

Failure to complete the entire program no later than six (6) months after applicant's initial enrollment shall constitute a violation of probation unless the Board or its designee agrees in writing to a later time for completion. Based on applicant's performance in and evaluations from the assessment, education, and training, the program shall advise the Board or its designee of its recommendation(s) for additional education, training, psychotherapy and other measures necessary to ensure that applicant can practice medicine safely. Applicant shall comply with program recommendations. At the completion of the program, applicant shall submit to a final evaluation. The program shall provide the results of the evaluation to the Board or its designee. The professional boundaries program shall be at applicant's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

The program has the authority to determine whether or not applicant successfully completed the program.

A professional boundaries course taken after the acts that gave rise to the charges in the Decision, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

If applicant fails to complete the program within the designated time period, applicant shall ~~cease the practice of medicine within three (3) calendar days after being notified by the~~ Board or its designee that applicant failed to complete the program.

2) Notification

Within seven (7) days of the effective date of this Decision, the applicant shall provide a true copy of this Decision to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to applicant, at any other facility where applicant engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to applicant. Applicant shall submit proof of compliance to the Board or its designee within 15 calendar days.

Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

c) Place of Practice

~~Applicant shall not engage in the practice of medicine in applicant's or patient's~~
place of residence, unless the patient resides in a skilled nursing facility or other similar licensed facility.

d) License Renewal

Applicant shall maintain a current and renewed California physician's and surgeon's license.

e) Travel or Residence Outside California

Non-practice is defined as any period of time applicant is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If applicant resides in California and is considered to be in non-practice, applicant shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve applicant from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

Applicant's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for an applicant residing outside of California, will relieve applicant of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations.

9) Completion of Probation

Applicant shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, applicant's license shall be unrestricted.

If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against applicant during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

11) License Surrender

Following the effective date of this Decision, if applicant ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, applicant may request to surrender his license. The Board reserves the right to evaluate applicant request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, applicant shall within 15 calendar days deliver applicant's wallet and wall certificate to the Board or its designee and applicant shall no longer practice medicine. Applicant will no longer be subject to the terms and conditions of probation. If applicant re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

12) Probation Monitoring Costs

Applicant shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.
