Case No. 800-2017-030158

OAH No. 2020010967

**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

19 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
20 entitled proceedings that the following matters are true:

21 **PARTIES**

22 1. Christine J. Lally (Complainant) is the Interim Executive Director of the Medical
23 Board of California (Board). She brought this action solely in her official capacity and is
24 represented in this matter by Xavier Becerra, Attorney General of the State of California, via
25 Joshua M. Templet, Deputy Attorney General.

26 2. Respondent David Ari Friedberg, M.D. (Respondent) is represented in this
27 proceeding by attorney Mark B. Guterman, LaFollette, Johnson, DeHaas, Fesler & Ames,
28 865 South Figueroa Street, 32nd Floor, Los Angeles, CA 90017.

1 3. On April 20, 2010, the Board issued Physician's and Surgeon's Certificate
2 No. A 112102 to Respondent. The Physician's and Surgeon's Certificate was in full force and
3 effect at all times relevant to the charges brought in Accusation No. 800-2017-030158, and will
4 expire on April 3, 2020, unless renewed.

5 **JURISDICTION**

6 4. Accusation No. 800-2017-030158 (Accusation) was filed before the Board and is
7 currently pending against Respondent. The Accusation and all other statutorily required
8 documents were properly served on Respondent, on December 4, 2019. Respondent timely filed
9 his Notice of Defense contesting the Accusation.

10 5. A copy of the Accusation is attached as **Exhibit A** and incorporated herein by
11 reference.

12 **ADVISEMENT AND WAIVERS**

13 6. Respondent has carefully read, fully discussed with counsel, and understands the
14 charges and allegations in the Accusation. Respondent has also carefully read, fully discussed
15 with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

16 7. Respondent is fully aware of his legal rights in this matter, including the right to a
17 hearing on the charges and allegations in the Accusation; the right to confront and cross-examine
18 the witnesses against him; the right to present evidence and to testify on his own behalf; the right
19 to the issuance of subpoenas to compel the attendance of witnesses and the production of
20 documents; the right to reconsideration and court review of an adverse decision; and all other
21 rights accorded by the California Administrative Procedure Act and other applicable laws.

22 8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and
23 every right set forth above.

24 **CULPABILITY**

25 9. Respondent understands and agrees that the charges and allegations in the
26 Accusation, if proven at a hearing, constitute cause for imposing discipline on his Physician's and
27 Surgeon's Certificate.

28 ///

1 16. In consideration of the foregoing admissions and stipulations, the parties agree that
 2 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
 3 enter the following Disciplinary Order:

4 **DISCIPLINARY ORDER**

5 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 112102
 6 issued to Respondent DAVID ARI FRIEDBERG, M.D. is revoked. However, the revocation is
 7 stayed and Respondent is placed on probation for three years, with the following terms and
 8 conditions:

9 1. EDUCATION COURSE. Within 60 calendar days of the effective date of this
 10 Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee
 11 for its prior approval educational program(s) or course(s) which shall not be less than 40 hours
 12 per year, for each year of probation. The educational program(s) or course(s) shall be aimed at
 13 correcting any areas of deficient practice or knowledge and shall be Category I certified. The
 14 educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to
 15 the Continuing Medical Education (CME) requirements for renewal of licensure. Following the
 16 completion of each course, the Board or its designee may administer an examination to test
 17 Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65
 18 hours of CME of which 40 hours were in satisfaction of this condition.

19 2. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective
 20 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in
 21 advance by the Board or its designee. Respondent shall provide the approved course provider
 22 with any information and documents that the approved course provider may deem pertinent.
 23 Respondent shall participate in and successfully complete the classroom component of the course
 24 not later than six months after Respondent's initial enrollment. Respondent shall successfully
 25 complete any other component of the course within one year of enrollment. The medical record
 26 keeping course shall be at Respondent's expense and shall be in addition to the CME
 27 requirements for renewal of licensure.

28 ///

1 A medical record keeping course taken after the acts that gave rise to the charges in the
2 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
3 or its designee, be accepted towards the fulfillment of this condition if the course would have
4 been approved by the Board or its designee had the course been taken after the effective date of
5 this Decision.

6 Respondent shall submit a certification of successful completion to the Board or its
7 designee not later than 15 calendar days after successfully completing the course, or not later than
8 15 calendar days after the effective date of the Decision, whichever is later.

9 3. PRACTICE MONITORING. Within 30 calendar days of the effective date of this
10 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
11 monitor the name and qualifications of one or more licensed physicians and surgeons whose
12 licenses are valid and in good standing, and who are preferably American Board of Medical
13 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
14 relationship with Respondent, or other relationship that could reasonably be expected to
15 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
16 but not limited to any form of bartering; shall be in Respondent's field of practice; and must agree
17 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

18 The Board or its designee shall provide the approved monitor with copies of the Decision
19 and Accusation, and a proposed monitoring plan. Within 15 calendar days of receipt of the
20 Decision, Accusation, and proposed monitoring plan, the monitor shall submit a signed statement
21 that the monitor has read the Decision and Accusation, fully understands the role of a monitor,
22 and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees with the
23 proposed monitoring plan, the monitor shall submit a revised monitoring plan with the signed
24 statement for approval by the Board or its designee.

25 Within 60 calendar days of the effective date of this Decision, and continuing throughout
26 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
27 make all records available for immediate inspection and copying on the premises by the monitor
28 at all times during business hours and shall retain the records for the entire term of probation.

1 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
2 date of this Decision, Respondent shall receive a notification from the Board or its designee to
3 cease the practice of medicine within three calendar days after being so notified. Respondent shall
4 cease the practice of medicine until a monitor is approved to provide monitoring responsibility.

5 The monitor shall submit a quarterly written report to the Board or its designee, which
6 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
7 are within the medical standards of care, and whether Respondent is practicing medicine safely. It
8 shall be the sole responsibility of Respondent to ensure that the monitor submits the quarterly
9 written reports to the Board or its designee within ten calendar days after the end of the preceding
10 quarter.

11 If the monitor resigns or is no longer available, Respondent shall, within five calendar days
12 of such resignation or unavailability, submit to the Board or its designee, for prior approval, the
13 name and qualifications of a replacement monitor who will be assuming that responsibility within
14 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
15 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
16 notification from the Board or its designee to cease the practice of medicine within three calendar
17 days after being so notified. Respondent shall cease the practice of medicine until a replacement
18 monitor is approved and assumes monitoring responsibility.

19 In lieu of a monitor, Respondent may participate in a professional enhancement program
20 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
21 review, semi-annual practice assessment, and semi-annual review of professional growth and
22 education. Respondent shall participate in the professional enhancement program at Respondent's
23 expense during the term of probation.

24 4. NOTIFICATION. Within seven days of the effective date of this Decision, the
25 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
26 Chief Executive Officer at every hospital where privileges or membership are extended to
27 Respondent, at any other facility where Respondent engages in the practice of medicine,
28 including all physician and locum tenens registries or other similar agencies, and to the Chief

1 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
2 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
3 calendar days.

4 This condition shall apply to any change in hospitals, other facilities, or insurance carrier.

5 5. OBEY ALL LAWS. Respondent shall obey all federal, state, and local laws, and all
6 rules governing the practice of medicine in California, and shall remain in full compliance with
7 any court ordered criminal probation, payments, and other orders.

8 6. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
9 under penalty of perjury on forms provided by the Board, stating whether there has been
10 compliance with all the conditions of probation.

11 Respondent shall submit quarterly declarations not later than ten calendar days after the end
12 of the preceding quarter.

13 7. GENERAL PROBATION REQUIREMENTS.

14 Compliance with Probation Unit

15 Respondent shall comply with the Board's probation unit.

16 Address Changes

17 Respondent shall, at all times, keep the Board informed of Respondent's business and
18 residence addresses, email address (if available), and telephone number. Changes of such
19 addresses shall be immediately communicated in writing to the Board or its designee. Under no
20 circumstances shall a post office box serve as an address of record, except as allowed by Business
21 and Professions Code section 2021, subdivision (b).

22 Place of Practice

23 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
24 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
25 facility.

26 License Renewal

27 Respondent shall maintain a current and renewed California physician's and surgeon's
28 license.

1 Travel or Residence Outside California

2 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
3 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than 30
4 calendar days.

5 In the event Respondent should leave the State of California to reside or to practice,
6 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
7 departure and return.

8 8. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
9 available in person upon request for interviews either at Respondent's place of business or at the
10 probation unit office, with or without prior notice throughout the term of probation.

11 9. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
12 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
13 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
14 defined as any period of time Respondent is not practicing medicine as defined in Business and
15 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
16 patient care, clinical activity or teaching, or other activity as approved by the Board. If
17 Respondent resides in California and is considered to be in non-practice, Respondent shall
18 comply with all terms and conditions of probation. All time spent in an intensive training program
19 which has been approved by the Board or its designee shall not be considered non-practice and
20 does not relieve Respondent from complying with all the terms and conditions of probation.
21 Practicing medicine in another state of the United States or federal jurisdiction while on probation
22 with the medical licensing authority of that state or jurisdiction shall not be considered non-
23 practice. A Board-ordered suspension of practice shall not be considered as a period of non-
24 practice.

25 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
26 months, Respondent shall successfully complete the Federation of State Medical Boards' Special
27 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
28 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model

1. Disciplinary Orders and Disciplinary Guidelines” prior to resuming the practice of medicine.

2. Respondent’s period of non-practice while on probation shall not exceed two years.

3. Periods of non-practice will not apply to the reduction of the probationary term.

4. Periods of non-practice for a Respondent residing outside of California will relieve

5. Respondent of the responsibility to comply with the probationary terms and conditions with the
6. exception of this condition and the following terms and conditions of probation: Obey All Laws;
7. General Probation Requirements; and Quarterly Declarations.

8. 10. COMPLETION OF PROBATION. Respondent shall comply with all financial
9. obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
10. completion of probation. Upon successful completion of probation, Respondent’s certificate shall
11. be fully restored.

12. 11. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
13. of probation is a violation of probation. If Respondent violates probation in any respect, the
14. Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
15. carry out the disciplinary order that was stayed. If an Accusation, Petition to Revoke Probation, or
16. Interim Suspension Order is filed against Respondent during probation, the Board shall have
17. continuing jurisdiction until the matter is final, and the period of probation shall be extended until
18. the matter is final.

19. 12. LICENSE SURRENDER. Following the effective date of this Decision, if
20. Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
21. the terms and conditions of probation, Respondent may request to surrender his license. The
22. Board reserves the right to evaluate Respondent’s request and to exercise its discretion in
23. determining whether or not to grant the request, or to take any other action deemed appropriate
24. and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
25. shall within 15 calendar days deliver his wallet and wall certificate to the Board or its designee
26. and shall no longer practice medicine. Respondent then will no longer be subject to the terms and
27. conditions of probation. If Respondent re-applies for a medical license, the application shall be
28. treated as a petition for reinstatement of a revoked certificate.

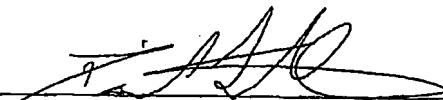

1 13. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
2 with probation monitoring each and every year of probation, as designated by the Board, which
3 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
4 California and delivered to the Board or its designee no later than January 31 of each calendar
5 year.

6 14. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
7 a new license or certification, or petition for reinstatement of a license, by any other health care
8 licensing action agency in the State of California, all of the charges and allegations contained in
9 the Accusation shall be deemed to be true, correct, and admitted by Respondent for the purpose of
10 any Statement of Issues or any other proceeding seeking to deny or restrict a license or
11 certification.
12

13 ACCEPTANCE

14 I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully
15 discussed it with my attorney, Mark B. Guterman. I understand the stipulation and the effect it
16 will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Settlement and
17 Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the
18 Decision and Order of the Medical Board of California.

1 **JURISDICTION**

2 3. This Accusation is brought before the Board, under the authority of the following
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise
4 indicated.

5 **STATUTORY PROVISIONS**

6 4. Section 2227 of the Code states:

7 (a) A licensee whose matter has been heard by an administrative law judge of
8 the Medical Quality Hearing Panel as designated in Section 11371 of the Government
9 Code, or whose default has been entered, and who is found guilty, or who has entered
into a stipulation for disciplinary action with the board, may, in accordance with the
provisions of this chapter:

10 (1) Have his or her license revoked upon order of the board.

11 (2) Have his or her right to practice suspended for a period not to exceed one
12 year upon order of the board.

13 (3) Be placed on probation and be required to pay the costs of probation
monitoring upon order of the board.

14 (4) Be publicly reprimanded by the board. The public reprimand may include a
15 requirement that the licensee complete relevant educational courses approved by the
board.

16 (5) Have any other action taken in relation to discipline as part of an order of
17 probation, as the board or an administrative law judge may deem proper.

18 (b) Any matter heard pursuant to subdivision (a), except for warning letters,
19 medical review or advisory conferences, professional competency examinations,
20 continuing education activities, and cost reimbursement associated therewith that are
agreed to with the board and successfully completed by the licensee, or other matters
made confidential or privileged by existing law, is deemed public, and shall be made
available to the public by the board pursuant to Section 803.1.

21 5. Section 2234 of the Code states:

22 The board shall take action against any licensee who is charged with
23 unprofessional conduct. In addition to other provisions of this article, unprofessional
conduct includes, but is not limited to, the following:

24 (a) Violating or attempting to violate, directly or indirectly, assisting in or
25 abetting the violation of, or conspiring to violate any provision of this chapter.

26 (b) Gross negligence.

27 (c) Repeated negligent acts. To be repeated, there must be two or more
28 negligent acts or omissions. An initial negligent act or omission followed by a
separate and distinct departure from the applicable standard of care shall constitute
repeated negligent acts.

1 (1) An initial negligent diagnosis followed by an act or omission medically
2 appropriate for that negligent diagnosis of the patient shall constitute a single
3 negligent act.

4 (2) When the standard of care requires a change in the diagnosis, act, or
5 omission that constitutes the negligent act described in paragraph (1), including, but
6 not limited to, a reevaluation of the diagnosis or a change in treatment, and the
7 licensee's conduct departs from the applicable standard of care, each departure
8 constitutes a separate and distinct breach of the standard of care.

9 (d) Incompetence.

10 (e) The commission of any act involving dishonesty or corruption which is
11 substantially related to the qualifications, functions, or duties of a physician and
12 surgeon.

13 (f) Any action or conduct which would have warranted the denial of a
14 certificate.

15 (g) The practice of medicine from this state into another state or country
16 without meeting the legal requirements of that state or country for the practice of
17 medicine. Section 2314 shall not apply to this subdivision. This subdivision shall
18 become operative upon the implementation of the proposed registration program
19 described in Section 2052.5.

20 (h) The repeated failure by a certificate holder, in the absence of good cause, to
21 attend and participate in an interview by the board. This subdivision shall only apply
22 to a certificate holder who is the subject of an investigation by the board.

23 6. Section 2266 of the Code states: The failure of a physician and surgeon to maintain
24 adequate and accurate records relating to the provision of services to their patients constitutes
25 unprofessional conduct.

26 FACTUAL ALLEGATIONS

27 7. At all times relevant to the allegations herein, Respondent was a physician practicing
28 in the area of orthopedics.

8. Patient 1 was a 60-year-old female, right-hand-dominant, suffering from a right
trigger thumb. She was referred by her primary care physician to Respondent for an orthopedic
consult.

9. On or about August 25, 2016, Patient 1 was evaluated by Respondent, who diagnosed
a "trigger thumb, left thumb." Respondent treated the right thumb with an injection of
corticosteroid, however, his notes indicated that the injection site was the left knee. On or about
September 15, 2016, Respondent noted again the patient's history of "left" trigger thumb, but
then charted the finger pain was located in the "right" thumb.

1 10. Subsequently, Patient 1 called Respondent advising that her symptoms had recurred
2 and she was interested in proceeding with surgery. Following the phone call, Respondent
3 scheduled Patient 1 for right trigger thumb release surgery without seeing her preoperatively for
4 an evaluation or consultation. Respondent did not document in Patient 1's medical records that
5 during any such preoperative visit he discussed alternatives to surgery, what the surgery would
6 entail both preoperatively and postoperatively, and the relative risks and benefits of the proposed
7 surgery.

8 11. On or about October 24, 2016, Respondent performed a right trigger thumb release on
9 Patient 1. Following the surgery, Patient 1 presented to the emergency room four times
10 complaining of significant pain in her hand as well as symptoms of numbness. On or about
11 November 11, 2016, Patient 1's white blood cell count was elevated at 13.5 and C-reactive
12 Protein (CRP) was also elevated at 0.77. She was diagnosed with a cellulitis and possible post-
13 operative infection, admitted to the hospital, and given intravenous (IV) antibiotics. Respondent
14 had been telephoned and recommended that she be admitted to rule out tenosynovitis.

15 12. On or about December 9, 2016, while at the emergency room, Patient 1 complained
16 of increasing hand swelling. Respondent was notified and indicated that he had nothing to offer
17 the patient unless she has an infection. A complete blood count (CBC) was performed showing a
18 left shift with neutrophils at 74.2 and lymphocytes at 15. On December 29, 2016, Patient 1
19 returned to the emergency room with right hand and thumb swelling.

20 13. Approximately six weeks post surgery, Respondent saw Patient 1 in the hospital and
21 diagnosed her with complex regional pain syndrome (CRPS) as the cause of her pain. However,
22 Respondent never instituted treatment or made a referral to address the patient's purported CRPS.

23 14. On or about January 5, 2017, Patient 1 presented to Respondent's office with
24 complaints of swelling, pain, and purulent drainage from her thumb. Respondent's examination
25 revealed complete wound dehiscence with exposed tendon at the level of the right
26 metacarpophalangeal joint with macerated skin, but no fluid collection, erythema, or evidence of
27 purulent drainage.

28 15. On or about January 9, 2017, Respondent performed debridement of nonviable-

1 appearing skin and nonviable portions of the tendon. He described “diminutive flexor tendon of
2 the thumb with pathological appearance and relative insufficiency,” yet he did not make the
3 connection that the tendon was infected nor did he take a culture and sensitivity, which could
4 have been done to rule out a deep infection. He removed specimens of tendon and necrotic tissue,
5 but did not send those for culture and sensitivity, nor for pathological examination, all of which
6 could have identified a deep infection.

7 **FIRST CAUSE FOR DISCIPLINE**

8 **(Gross Negligence)**

9 16. Respondent’s license is subject to disciplinary action under section 2234, subdivision
10 (b), of the Code in that he committed gross negligence in his care and treatment of Patient 1. The
11 circumstances are as follows:

12 17. Complainant refers to and, by this reference, incorporates paragraphs 7 through 15,
13 above, as though set forth fully herein.

14 18. The standard of care requires that a preoperative visit be performed within a
15 reasonable time before surgery so that the patient could be examined, and all of the patient’s
16 questions can be answered about a proposed surgical procedure, the pathology, the options of
17 treatment, preoperative and postoperative course of therapy, and the possible risks and benefits of
18 the surgery can be fully explained. Furthermore, the surgeon can reassesses the pathology and
19 planned procedure as well as any changes in symptoms.

20 19. Respondent recommended trigger thumb release surgery to Patient 1 following a
21 phone call. There is no documentation that the patient was examined, that alternatives of therapy
22 were discussed, that she was advised as to the pathology of a trigger finger, what the surgery
23 would entail either preoperatively or postoperatively, and the relative risks and benefits of the
24 proposed surgery. Not performing a preoperative visit is an extreme departure from the standard
25 of care.

26 20. The standard of care is that proper diagnosis be made during the course of treatment
27 to effectuate timely care in preoperative, operative, and postoperative care, to most effectively
28 treat the patient and to avoid unnecessary complications.

1 21. Respondent's failure to properly diagnose a deep infection and failure to treat the
2 infection appropriately represents an extreme departure from the standard of care.

3 22. Respondent's acts and/or omissions as set forth in Paragraphs 17 through 21, above,
4 whether proven individually, jointly, or in any combination thereof, constitute gross negligence
5 pursuant to section 2234, subdivision (b), of the Code. Therefore, cause for discipline exists.

6 **SECOND CAUSE FOR DISCIPLINE**

7 **(Repeated Negligent Acts)**

8 23. Respondent's license is subject to disciplinary action under section 2234, subdivision
9 (c), of the Code in that he committed repeated negligent acts in his care and treatment of Patient

10 1. The circumstances are as follows:

11 24. The allegations of the First Cause for Discipline are incorporated herein by reference
12 as if fully set forth.

13 25. Medical records are integral in the care of patients. The standard of care requires
14 careful history taking, examination, and supportive documentation to help make a diagnosis and
15 formulate a cogent treatment plan. Medical record keeping also requires careful identification of
16 body parts involved and identification of the correct side (*e.g.*, left or right) to be noted.

17 26. Respondent's medical record keeping intermixed the right and left thumbs, and on the
18 note of August 25, 2016, the injection of corticosteroid is indicated as going into the knee.
19 Respondent's failure to review and correct the chart prior to surgery is a simple departure from
20 the standard of care.

21 27. There is no documentation in Respondent's records that he performed a preoperative
22 visit, during which the alternative of therapy were discussed with Patient 1, that she was advised
23 as to the pathology of a trigger finger, what the surgery would entail, both pre- and
24 postoperatively, and the relative risks and benefits of the proposed surgery.

25 28. Respondent's acts and/or omissions as set forth in Paragraphs 24 through 27, above,
26 whether proven individually, jointly, or in any combination thereof, constitute repeated negligent
27 acts pursuant to section 2234, subdivision (c), of the Code. Therefore, cause for discipline exists.

1 **THIRD CAUSE FOR DISCIPLINE**

2 **(Failure to Maintain Adequate and Accurate Records)**

3 29. Respondent's license is subject to disciplinary action under section 2266 of the Code
4 in that he failed to maintain adequate and accurate records of his care and treatment of Patient 1.
5 The circumstances are as follows:

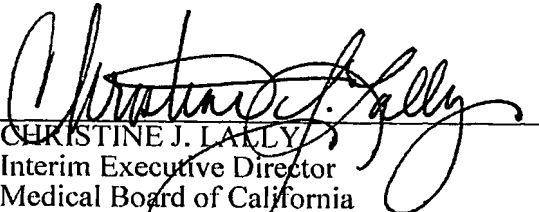

6 30. The allegations of the Second Cause for Discipline are incorporated herein by
7 reference as if fully set forth.
