2. Respondent Eugene Tachuk, M.D. (Respondent) is represented in this proceeding by attorney William Burgener, Esq., whose address is: 1775 Hancock St., Ste. 180, San Diego, CA 92110.

3. On or about June 22, 1981, the Board issued Physician's and Surgeon's Certificate No. A 36884 to Eugene Tachuk, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2017-029530, and will expire on December 30, 2020, unless renewed.

## JURISDICTION

4. On January 7, 2020, Accusation No. 800-2017-029530 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on January 7, 2020. Respondent timely filed his Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 800-2017-029530 is attached as exhibit A and incorporated herein by reference.

## ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and fully understands the charges and allegations in Accusation No. 800-2017-029530. Respondent has also carefully read, fully discussed with his counsel, and fully understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

///

1 **CULPABILITY**

2 9. Respondent admits the truth of each and every charge and allegation in Accusation  
3 No. 800-2017-029530.

4 10. Respondent agrees that his Physician's and Surgeon's Certificate is subject to  
5 discipline and he agrees to be bound by the Board's probationary terms as set forth in the

7 **CONTINGENCY**

8 11. This stipulation shall be subject to approval by the Medical Board of California.  
9 Respondent understands and agrees that counsel for Complainant and the staff of the Medical  
10 Board of California may communicate directly with the Board regarding this stipulation and  
11 settlement, without notice to or participation by Respondent or his counsel. By signing the  
12 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek  
13 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails  
14 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary  
15 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal  
16 action between the parties, and the Board shall not be disqualified from further action by having  
17 considered this matter.

18 12. Respondent agrees that if he ever petitions for early termination or modification of  
19 probation, or if an accusation and/or petition to revoke probation is filed against him before the  
20 Board, all of the charges and allegations contained in Accusation No. 800-2017-029530 shall be  
21 deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any  
22 other licensing proceeding involving Respondent in the State of California.

23 **ADDITIONAL PROVISIONS**

24 13. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to

3 signatures and, further, that such copies shall have the same force and effect as originals.

4 15. In consideration of the foregoing admissions and stipulations, the parties agree the  
5 Board may, without further notice to or opportunity to be heard by Respondent, issue and enter  
6 the following Disciplinary Order:

7 **DISCIPLINARY ORDER**

8 IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 36884 issued

10 Respondent is placed on probation for five (5) years on the following terms and conditions:

11 1. CONTROLLED SUBSTANCES - MAINTAIN RECORDS AND ACCESS TO

27 correcting any areas of deficient practice or knowledge and shall be Category I certified. The  
28 educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to

2 completion of each course, the Board or its designee may administer an examination to test  
3 Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65  
4 hours of CME of which 40 hours were in satisfaction of this condition.

5 3. PRESCRIBING PRACTICES COURSE. Within 60 calendar days of the effective  
6 date of this Decision, Respondent shall enroll in a course in prescribing practices approved in  
7 advance by the Board or its designee. Respondent shall provide the approved course provider  
8 with any information and documents that the approved course provider may deem pertinent.  
9 Respondent shall participate in and successfully complete the classroom component of the course  
10 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully  
11 complete any other component of the course within one (1) year of enrollment. The prescribing  
12 practices course shall be at Respondent's expense and shall be in addition to the Continuing  
13 Medical Education (CME) requirements for renewal of licensure.

14 A prescribing practices course taken after the acts that gave rise to the charges in the  
15 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
16 or its designee, be accepted towards the fulfillment of this condition if the course would have  
17 been approved by the Board or its designee had the course been taken after the effective date of  
18 this Decision.

19 Respondent shall submit a certification of successful completion to the Board or its  
20 designee not later than 15 calendar days after successfully completing the course, or not later than  
21 15 calendar days after the effective date of the Decision, whichever is later.

22 4. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective  
23 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in  
24 advance by the Board or its designee. Respondent shall provide the approved course provider  
25 with any information and documents that the approved course provider may deem pertinent.  
26 Respondent shall participate in and successfully complete the classroom component of the course  
27 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully  
28 complete any other component of the course within one (1) year of enrollment. The medical

1 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing  
2 Medical Education (CME) requirements for renewal of licensure.

3 A medical record keeping course taken after the acts that gave rise to the charges in the  
4 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
5 or its designee, be accepted towards the fulfillment of this condition if the course would have  
6 been approved by the Board or its designee had the course been taken after the effective date of  
7 this Decision.

8 Respondent shall submit a certification of successful completion to the Board or its  
9 designee not later than 15 calendar days after successfully completing the course, or not later than  
10 15 calendar days after the effective date of the Decision, whichever is later.

11 5. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within 60 calendar days  
12 of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment  
13 program approved in advance by the Board or its designee. Respondent shall successfully  
14 complete the program not later than six (6) months after Respondent's initial enrollment unless  
15 the Board or its designee agrees in writing to an extension of that time.

16 The program shall consist of a comprehensive assessment of Respondent's physical and  
17 mental health and the six general domains of clinical competence as defined by the Accreditation  
18 Council on Graduate Medical Education and American Board of Medical Specialties pertaining to  
19 Respondent's current or intended area of practice. The program shall take into account data  
20 obtained from the pre-assessment, self-report forms and interview, and the Decision(s),  
21 Accusation(s), and any other information that the Board or its designee deems relevant. The  
22 program shall require Respondent's on-site participation for a minimum of three (3) and no more  
23 than five (5) days as determined by the program for the assessment and clinical education  
24 evaluation. Respondent shall pay all expenses associated with the clinical competence  
25 assessment program.

26 At the end of the evaluation, the program will submit a report to the Board or its designee  
27 which unequivocally states whether the Respondent has demonstrated the ability to practice  
28 safely and independently. Based on Respondent's performance on the clinical competence

1 assessment, the program will advise the Board or its designee of its recommendation(s) for the  
2 scope and length of any additional educational or clinical training, evaluation or treatment for any  
3 medical condition or psychological condition, or anything else affecting Respondent's practice of  
4 medicine. Respondent shall comply with the program's recommendations.

5 Determination as to whether Respondent successfully completed the clinical competence  
6 assessment program is solely within the program's jurisdiction.

7 If Respondent fails to enroll, participate in, or successfully complete the clinical  
8 competence assessment program within the designated time period, Respondent shall receive a  
9 notification from the Board or its designee to cease the practice of medicine within three (3)  
10 calendar days after being so notified. The Respondent shall not resume the practice of medicine  
11 until enrollment or participation in the outstanding portions of the clinical competence assessment  
12 program have been completed. If the Respondent did not successfully complete the clinical  
13 competence assessment program, the Respondent shall not resume the practice of medicine until a  
14 final decision has been rendered on the accusation and/or a petition to revoke probation. The  
15 cessation of practice shall not apply to the reduction of the probationary time period.

16 ~~6. MONITORING - PRACTICE/BILLING. Within 30 calendar days of the effective~~  
17 date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a  
18 practice monitor, the name and qualifications of one or more licensed physicians and surgeons  
19 whose licenses are valid and in good standing, and who are preferably American Board of  
20 Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or  
21 personal relationship with Respondent, or other relationship that could reasonably be expected to  
22 compromise the ability of the monitor to render fair and unbiased reports to the Board, including  
23 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree  
24 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

25 The Board or its designee shall provide the approved monitor with copies of the Decision(s)  
26 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the  
27 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed  
28 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role

1 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees  
2 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the  
3 signed statement for approval by the Board or its designee.

4 Within 60 calendar days of the effective date of this Decision, and continuing throughout  
5 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall  
6 make all records available for immediate inspection and copying on the premises by the monitor  
7 at all times during business hours and shall retain the records for the entire term of probation.

8 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective  
9 date of this Decision, Respondent shall receive a notification from the Board or its designee to  
10 cease the practice of medicine within three (3) calendar days after being so notified. Respondent  
11 shall cease the practice of medicine until a monitor is approved to provide monitoring  
12 responsibility.

13 The monitor(s) shall submit a quarterly written report to the Board or its designee which  
14 includes an evaluation of Respondent's performance, indicating whether Respondent's practices  
15 are within the standards of practice of medicine, and whether Respondent is practicing medicine  
16 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure  
17 that the monitor submits the quarterly written reports to the Board or its designee within 10  
18 calendar days after the end of the preceding quarter.

19 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of  
20 such resignation or unavailability, submit to the Board or its designee, for prior approval, the  
21 name and qualifications of a replacement monitor who will be assuming that responsibility within  
22 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60  
23 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a  
24 notification from the Board or its designee to cease the practice of medicine within three (3)  
25 calendar days after being so notified. Respondent shall cease the practice of medicine until a  
26 replacement monitor is approved and assumes monitoring responsibility.

27 In lieu of a monitor, Respondent may participate in a professional enhancement program  
28 approved in advance by the Board or its designee that includes, at minimum, quarterly chart

1 review, semi-annual practice assessment, and semi-annual review of professional growth and  
2 education. Respondent shall participate in the professional enhancement program at Respondent's  
3 expense during the term of probation.

4 7. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the  
5 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the  
6 Chief Executive Officer at every hospital where privileges or membership are extended to  
7 Respondent, at any other facility where Respondent engages in the practice of medicine,  
8 including all physician and locum tenens registries or other similar agencies, and to the Chief  
9 Executive Officer at every insurance carrier which extends malpractice insurance coverage to  
10 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15  
11 calendar days.

12 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

13 8. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE  
14 NURSES. During probation, Respondent is prohibited from supervising physician assistants and  
15 advanced practice nurses.

16 9. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules  
17 governing the practice of medicine in California and remain in full compliance with any court  
18 ordered criminal probation, payments, and other orders.

19 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations  
20 under penalty of perjury on forms provided by the Board, stating whether there has been  
21 compliance with all the conditions of probation.

22 Respondent shall submit quarterly declarations not later than 10 calendar days after the end  
23 of the preceding quarter.

24 11. GENERAL PROBATION REQUIREMENTS.

25 Compliance with Probation Unit

26 Respondent shall comply with the Board's probation unit.

27 Address Changes

28 Respondent shall, at all times, keep the Board informed of Respondent's business and

1 residence addresses, email address (if available), and telephone number. Changes of such  
2 addresses shall be immediately communicated in writing to the Board or its designee. Under no  
3 circumstances shall a post office box serve as an address of record, except as allowed by Business  
4 and Professions Code section 2021, subdivision (b).

5 Place of Practice

6 Respondent shall not engage in the practice of medicine in Respondent's or patient's place  
7 of residence, unless the patient resides in a skilled nursing facility or other similar licensed  
8 facility.

9 License Renewal

10 Respondent shall maintain a current and renewed California physician's and surgeon's  
11 license.

12 Travel or Residence Outside California

13 Respondent shall immediately inform the Board or its designee, in writing, of travel to any  
14 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty  
15 (30) calendar days.

16 In the event Respondent should leave the State of California to reside or to practice  
17 ,Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of  
18 departure and return.

19 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be  
20 available in person upon request for interviews either at Respondent's place of business or at the  
21 probation unit office, with or without prior notice throughout the term of probation.

22 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or  
23 its designee in writing within 15 calendar days of any periods of non-practice lasting more than  
24 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is  
25 defined as any period of time Respondent is not practicing medicine as defined in Business and  
26 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct  
27 patient care, clinical activity or teaching, or other activity as approved by the Board. If  
28 Respondent resides in California and is considered to be in non-practice, Respondent shall

1 comply with all terms and conditions of probation. All time spent in an intensive training  
2 program which has been approved by the Board or its designee shall not be considered non-  
3 practice and does not relieve Respondent from complying with all the terms and conditions of  
4 probation. Practicing medicine in another state of the United States or Federal jurisdiction while  
5 on probation with the medical licensing authority of that state or jurisdiction shall not be  
6 considered non-practice. A Board-ordered suspension of practice shall not be considered as a  
7 period of non-practice.

8 In the event Respondent's period of non-practice while on probation exceeds 18 calendar  
9 months, Respondent shall successfully complete the Federation of State Medical Boards's Special  
10 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program  
11 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model  
12 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

13 Respondent's period of non-practice while on probation shall not exceed two (2) years.

14 Periods of non-practice will not apply to the reduction of the probationary term.

15 Periods of non-practice for a Respondent residing outside of California will relieve  
16 Respondent of the responsibility to comply with the probationary terms and conditions with the  
17 exception of this condition and the following terms and conditions of probation: Obey All Laws;  
18 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or  
19 Controlled Substances; and Biological Fluid Testing..

20 14. COMPLETION OF PROBATION. Respondent shall comply with all financial  
21 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the  
22 completion of probation. Upon successful completion of probation, Respondent's certificate shall  
23 be fully restored.

24 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition  
25 of probation is a violation of probation. If Respondent violates probation in any respect, the  
26 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and  
27 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,  
28 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have

1 continuing jurisdiction until the matter is final, and the period of probation shall be extended until  
2 the matter is final.

3 16. LICENSE SURRENDER. Following the effective date of this Decision, if  
4 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy  
5 the terms and conditions of probation, Respondent may request to surrender his or her license.  
6 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in  
7 determining whether or not to grant the request, or to take any other action deemed appropriate  
8 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent  
9 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its  
10 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject  
11 to the terms and conditions of probation. If Respondent re-applies for a medical license, the  
12 application shall be treated as a petition for reinstatement of a revoked certificate.

13 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated  
14 with probation monitoring each and every year of probation, as designated by the Board, which  
15 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of  
16 California and delivered to the Board or its designee no later than January 31 of each calendar  
17 year.

18 18. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for  
19 a new license or certification, or petition for reinstatement of a license, by any other health care  
20 licensing action agency in the State of California, all of the charges and allegations contained in  
21 Accusation No. 800-2017-029530 shall be deemed to be true, correct, and admitted by  
22 Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or  
23 restrict a license.
