RE: Physician's and Surgeon's Certificate No. G 52961
Case No. 800-2017-038940

Public Letter of Reprimand

An investigation by the Medical Board of California revealed you failed to change the treatment plan after the patient did not follow instructions to obtain a primary care physician or follow up with her mental health providers, and the medical records over a 5 year period did not show any documented review of substance abuse history.

These actions constitute a violation of 2234 and 2266.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
