4 3. On or about June 12, 1978, the Board issued Physician's and Surgeon's Certificate
5 No. A 32349 to Respondent. The Physician's and Surgeon's Certificate was in full force and

7 expire on July 31, 2021, unless renewed.

8 **JURISDICTION**

9 4. On or about March 9, 2020, Accusation No. 800-2017-030769 was filed before the
10 Board, and is currently pending against Respondent. The Accusation and all other statutorily

27 7. Having the benefit of counsel, Respondent voluntarily, knowingly, and intelligently
28 waives and gives up each and every right set forth above.

1 CULPABILITY

2 8. Respondent does not contest that, at an administrative hearing, Complainant could
3 establish a *prima facie* case with respect to all of the charges and allegations in Accusation No.
4 800-2017-030769, a true and correct copy of which is attached hereto as Exhibit A, and that he
5 has thereby subjected his Physician's and Surgeon's Certificate No. A 32349 to disciplinary

14 contained in Accusation No. 800-2017-030769 shall be deemed true, correct, and fully admitted
15 by Respondent for purposes of any such proceeding or any other licensing proceeding involving
16 Respondent in the State of California or elsewhere.

17 11. Respondent understands that, by signing this stipulation, he enables the Executive
18 Director of the Board to issue an order, on behalf of the Board, accepting the surrender of his

20 heard by, Respondent.

21 CONTINGENCY

22 12. Business and Professions Code section 2224, subdivision (b), provides, in pertinent
23 part, that the Medical Board "shall delegate to its executive director the authority to adopt a . . .
24 stipulation for surrender of a license."

25 13. This Stipulated Surrender of License and Disciplinary Order shall be subject to
26 approval of the Executive Director on behalf of the Medical Board. The parties agree that this
27 Stipulated Surrender of License and Disciplinary Order shall be submitted to the Executive
28 Director for his consideration in the above-entitled matter and, further, that the Executive Director

1 shall have a reasonable period of time in which to consider and act on this Stipulated Surrender of
2 License and Disciplinary Order after receiving it. By signing this stipulation, Respondent fully

10 approve and adopt this Stipulated Surrender of License and Disciplinary Order, the Executive
11 Director and/or the Board may receive oral and written communications from its staff and/or the
12 Attorney General's Office. Communications pursuant to this paragraph shall not disqualify the
13 Executive Director, the Board, any member thereof, and/or any other person from future
14 participation in this or any other matter affecting or involving Respondent. In the event that the
15 Executive Director on behalf of the Board does not, in his discretion, approve and adopt this
16 Stipulated Surrender of License and Disciplinary Order, with the exception of this paragraph, it
17 shall not become effective, shall be of no evidentiary value whatsoever, and shall not be relied
18 upon or introduced in any disciplinary action by either party hereto. Respondent further agrees
19 that should this Stipulated Surrender of License and Disciplinary Order be rejected for any reason
20 by the Executive Director on behalf of the Board, Respondent will assert no claim that the
21 Executive Director, the Board, or any member thereof, was prejudiced by its/his/her review,
22 discussion and/or consideration of this Stipulated Surrender of License and Disciplinary Order or
23 of any matter or matters related hereto.

24 **ADDITIONAL PROVISIONS**

25 15. This Stipulated Surrender of License and Disciplinary Order is intended by the parties
26 herein to be an integrated writing representing the complete, final, and exclusive embodiment of
27 the agreements of the parties in the above-entitled matter.

28 ///

1 16. The parties agree that copies of this Stipulated Surrender of License and Disciplinary
2 Order, including signatures of the parties, may be used in lieu of original documents and
3 signatures and, further, that such copies shall have the same force and effect as originals.

4 17. In consideration of the foregoing admissions and stipulations, the parties agree the
5 Executive Director of the Board may, without further notice to or opportunity to be heard by
6 Respondent, issue and enter the following Order on behalf of the Board:

11 1. The surrender of Respondent's Physician's and Surgeon's Certificate No. A 32349
12 and the acceptance of the surrendered license by the Medical Board shall constitute the
13 imposition of discipline against Respondent. This stipulation constitutes a record of the discipline
14 and shall become a part of Respondent's license history with the Medical Board of California.

15 2. Respondent shall lose all rights and privileges as a Physician and Surgeon in

separate and distinct departure from the applicable standard of care shall constitute
repeated negligent acts.

1 (1) An initial negligent diagnosis followed by an act or omission medically
2 appropriate for that negligent diagnosis of the patient shall constitute a single
3 negligent act.

4 (2) When the standard of care requires a change in the diagnosis, act, or

20 one misdemeanor or any felony involving the use, consumption, or
21 self-administration of any of the substances referred to in this section, or any
22 combination thereof, constitutes unprofessional conduct. The record of the

1 **Patient B**

2 40. On or about February 27, 2019, Respondent saw Patient B for chief complaints of an
3 “old injury” to his right knee, which he reportedly sustained five years ago while playing softball.
4 Patient B also reported that he twisted his right knee, resulting in swelling and pain. According to
5 Patient B, he had not undergone surgery for his right knee and had been taking either Vicodin or
6 Norco,⁵ but was unsure which one. Patient B sought a new PCP to check on his right knee due to
7 some concerns that the knee was “not moving where it should be.” Patient B reported no present
8 or past illness and no current medications that he was taking.

9 41. During this visit with Respondent, Patient B told Respondent that he had been
10 recently working extended hours and started taking Norco to help him sleep. Initially, Patient B
11 told Respondent that he obtained Norco from a friend, but Patient B later stated that he obtained it
12 from a family member who had pain. Patient B told Respondent that he had a work-related drug
13 test later in the day and was worried Norco would show up on the drug test, which may
14 negatively impact his employment. Patient B stated that he needed a prescription to justify his
15 recent use of Norco and that a letter would not suffice. Patient B told Respondent his right knee
16 did not hurt, but that he would say it hurts if he had to in order to keep his job.

17 42. Although Respondent performed an examination of Patient B’s right knee, he did not
18 document his findings in the Progress Note for this visit. Respondent’s impression was right knee
19 pain and his treatment plan was Norco. Respondent’s additional handwritten notes pertaining to
20 his impressions and treatment plan are illegible.

21 43. On or about February 28, 2019, Patient B filled a prescription of Norco 10/325 #10,
22 which Respondent prescribed.

23 44. For the February 27, 2019, visit, Respondent’s Progress Note is difficult to read and
24 partially illegible.

25 45. During the February 27, 2019, visit, Respondent did not confirm the presence of a
26 medical indication for prescribing Norco to Patient B.

27 ⁵ Norco (hydrocodone-acetaminophen) is a Schedule II controlled substance pursuant to
28 Health and Safety Code section 11055, subdivision (b), and a dangerous drug pursuant to
Business and Professions Code section 4022.

1 46. During the February 27, 2019, visit, Respondent did not document any safer
2 alternatives before the use of Norco, such as an anti-inflammatory medication.

3 47. During the February 27, 2019, visit, Respondent did not document Patient B's
4 functional capacity to justify the use of Norco.

5 48. During the February 27, 2019, visit, Respondent prescribed Norco to Patient B,
6 notwithstanding Patient B's non-medical justification for requesting the prescription.

7 49. Respondent committed gross negligence in his care and treatment of Patient A, which
8 included, but was not limited to, the following:

9 A. Respondent failed to properly prescribe controlled substances to Patient A by:

10 (1) Prescribing Norco to Patient B without confirming the presence of a
11 medical indication for prescribing this controlled substance.

12 (2) Prescribing Norco to Patient B without documenting any safer
13 alternatives before the use of this controlled substance, such as an anti-inflammatory
14 medication.

15 (3) Prescribing Norco to Patient B without documenting Patient B's
16 functional capacity to justify the use of this controlled substance.

17 (4) Prescribing Norco to Patient B, despite Patient B's non-medical
18 justification for requesting a prescription of this controlled substance.
