19  
20 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-  
21 entitled proceedings that the following matters are true:

22 **PARTIES**

- 23 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of  
24 California (Board). This action was brought and maintained in the official capacity of the  
25 Board's Executive Director, who is represented in this matter by Xavier Becerra, Attorney  
26 General of the State of California, by Caitlin Ross, Deputy Attorney General.
- 27 2. Respondent Christopher Peter Lombardo, M.D. (Respondent) is represented in this  
28 proceeding by attorney Summer McKeivier, 1441 West Long Lake Rd, #310, Troy, MI 48098.

1 your entering into a July 17, 2019 Consent Order and Stipulation with the Michigan Department  
2 of Licensing and Regulatory Affairs. The circumstances of the Michigan matter as follows: On  
3 or about April 25, 2018, the Michigan Department of Licensing and Regulatory Affairs filed an  
4 Administrative Complaint alleging, among other things, that on October 6, 2016, a patient  
5 presented to a medical facility to undergo a left mastoidectomy, a surgical procedure on part of  
6 the skull near the ear. In the pre-operative area, Respondent placed a small dot behind the  
7 patient's left ear to identify the surgical site. The charge nurse present for the surgery requested  
8 several times that Respondent place his initials at the surgical site, per facility policy. Instead of  
9 complying Respondent aggressively wrote his initials across patient the patient's cheek, circled  
10 the initials and threw the marker across the room. Respondent then became irate, ranted about the  
11 facility's site-marking policy while screaming and swearing for approximately three minutes.  
12 The circulating nurse was able to completely remove the marker from the patient's face before the  
13 procedure began. Approximately five minutes later, Respondent returned to the operating room  
14 and the surgery proceeded without incident.

15 In the Michigan Consent Order and Stipulation, Respondent admitted to the allegations laid  
16 out in the Administrative Complaint.

17 Your conduct constituted unprofessional conduct, and consequently, the Board issues this  
18 Public Reprimand.

19 **B. IT IS FURTHER ORDERED:**

20 PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of the  
21 effective date of this Decision, Respondent shall enroll in a professionalism program, that meets  
22 the requirements of Title 16, California Code of Regulations (CCR) section 1358.1. Respondent  
23 shall participate in and successfully complete that program. Respondent shall provide any  
24 information and documents that the program may deem pertinent. Respondent shall successfully  
25 complete the classroom component of the program not later than six (6) months after  
26 Respondent's initial enrollment, and the longitudinal component of the program not later than the  
27 time specified by the program, but no later than one (1) year after attending the classroom  
28 component. The professionalism program shall be at Respondent's expense and shall be in

1 addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

2 A professionalism program taken after the acts that gave rise to the charges in the  
3 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board  
4 or its designee, be accepted towards the fulfillment of this condition if the program would have  
5 been approved by the Board or its designee had the program been taken after the effective date of  
6 this Decision.

7 Respondent shall submit a certification of successful completion to the Board or its  
8 designee not later than 15 calendar days after successfully completing the program or not later  
9 than 15 calendar days after the effective date of the Decision, whichever is later.

10 Failure to enroll in and complete the course within the specified time shall constitute  
11 unprofessional conduct and grounds for further disciplinary action.

12 FUTURE ADMISSIONS CLAUSE

13 If Respondent should ever apply or reapply for a new license or certification, or petition for  
14 reinstatement of a license, by any other health care licensing action agency in the State of  
15 California, all of the charges and allegations contained in Accusation No. 800-2019-058638 shall  
16 be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of  
17 Issues or any other proceeding seeking to deny or restrict license.

File No. 43-16-144673

ADMINISTRATIVE COMPLAINT

The Michigan Department of Licensing and Regulatory Affairs, by Cheryl Wykoff Pezon, Acting Director, Bureau of Professional Licensing, complains against Respondent as follows:

1. The Michigan Board of Medicine is an administrative agency established by the Public Health Code, MCL 333.1101 *et seq.* Pursuant to MCL 333.16226, the Board's Disciplinary Subcommittee is empowered to discipline persons for violations of the Public Health Code.

2. Respondent is currently licensed to practice medicine in the state of Michigan and has a controlled substance license.

3. At all relevant times, Alpena Regional Medical Center (facility) in Alpena, Michigan, employed Respondent as a surgeon.

4. On October 6, 2016, patient A.B. presented to the facility to undergo a left mastoidectomy, a surgical procedure on part of the skull near the ear. In the pre-operative area, Respondent placed a small dot behind patient A.B.'s left ear to identify the surgical site. The charge nurse present for the surgery requested several times that Respondent place his initials at the surgical site, per facility policy. Instead of complying, Respondent aggressively wrote his initials across patient A.B.'s cheek, circled the initials, and threw the marker across the room. Respondent then became irate, ranted about the facility's site marking policy while screaming and swearing for approximately three minutes. The circulating nurse was able to completely remove the marker from patient A.B.'s face before the procedure began. Approximately five minutes later, Respondent returned to the operating room and the surgery proceeded without incident.

5. Later, facility management conducted an investigation of the incident and discussed the findings with the facility's Medical Executive Committee (MEC) on October 17, 2016.

6. On October 18, 2016, based on the facility's investigative findings and the decision of the MEC, Respondent was disciplined, as follows:

- a) Respondent's clinical privileges were suspended for 30 days beginning on October 19, 2016;
- b) Respondent was required to complete a pre-approved corrective action plan which included a psychiatric evaluation and ongoing surveillance by November 11, 2016;
- c) Respondent received a *Letter of Reprimand* to remain as part of his permanent record;

- d) Reinstatement on November 15, 2016 predicated on the MEC acceptance of Respondent's psychiatric evaluation and ongoing surveillance; and
- e) Respondent's facility clinical privileges were restricted.

11. On October 25, 26, and 28, 2016, Respondent underwent a psychosocial evaluation and met with the evaluator for psychosocial testing.

12. On November 18, 2016, as a result of Respondent's failure to comply with facility management's and the MEC's request to complete an action plan by November 11, 2016, Respondent's facility clinical privileges were suspended.

13. On January 16, 2017, the facility's MEC reinstated Respondent's clinical privileges with probation until July 30, 2017. The terms of probation included the submission of quarterly reports from Respondent's treatment team to the MEC and the submission of monthly monitor reports from Respondent's monitor. Respondent was required to participate in monthly discussions with the designated monitor. Any incidents deemed a major violation by the MEC, or a pattern of minor violations during the probationary period, would result in the automatic relinquishment of privileges.

14. On January 20, 2017, facility management notified Respondent that his employment with the facility would be terminated at the end of 90 days.

15. As part of the investigation into Respondent's above conduct, the Department obtained an expert to review the matter. Upon review, the retained expert concluded that Respondent failed to exercise due care and departed from the minimal

standards of care when he failed to comport to the facility's policy for surgical site marking and that Respondent's showing of disrespect for the anesthetized patient and arguing with facility staff placed patient A.B. at risk for a medical error.

16. On May 26, 2017, in an interview with a Department Investigator, Respondent admitted that he wrote his initials across patient A.B.'s cheek and circled them. Respondent acknowledged that the purpose of the facility policy was to minimize mistakes.

#### COUNT I

Respondent's conduct, as set forth above, evidences a violation of general duty, consisting of negligence or failure to exercise due care, including negligent delegation to or supervision of employees or other individuals, whether or not injury results, or any conduct, practice, or condition which impairs, or may impair, the ability to safely and skillfully engage in the practice of the health profession, in violation of MCL 333.16221(a).

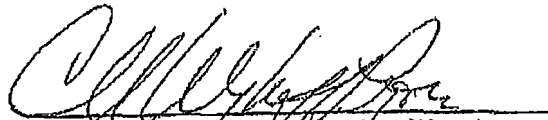

#### COUNT II

Respondent's conduct, as set forth above, evidences a departure from, or failure to conform to, minimal standards of acceptable and prevailing practice for the health profession, whether or not actual injury to an individual occurs, in violation of MCL 333.16221(b)(1).

RESPONDENT IS NOTIFIED that, pursuant to MCL 333.16231(8), Respondent has 30 days from the date of receipt of this Complaint to answer this Complaint in writing and to show compliance with all lawful requirements for licensure. Respondent shall submit the response to the Bureau of Professional Licensing, Department of Licensing and Regulatory Affairs, P.O. Box 30670, Lansing, MI 48909.

Respondent's failure to submit an answer within 30 days is an admission of the allegations in this Complaint. If Respondent fails to answer, the Department shall transmit this Complaint directly to the Board's Disciplinary Subcommittee to impose a sanction, pursuant to MCL 333.16231(9).
