**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

16
17
18 **IT IS HEREBY STIPULATED AND AGREED** by and between the parties to the above-
19 entitled proceedings that the following matters are true:

20 **PARTIES**

21 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
22 California (Board). He brought this action solely in his official capacity and is represented in this
23 matter by Xavier Becerra, Attorney General of the State of California, by Rebecca D. Wagner,

26 attorney Marglyn E. Paseka, whose address is: One Embarcadero Center, Suite 400
27 San Francisco, CA 94111.
28

1 9. Applicant agrees that, at a hearing, Complainant could establish a factual basis for the
2 charges in the Statement of Issues, and that Applicant hereby gives up his right to contest those
3 charges.

4 10. Applicant agrees that his Physician's and Surgeon's certificate application is subject
5 to denial and he agrees to be bound by the Board's imposition of discipline as set forth in the
6 Disciplinary Order below.

7 **CONTINGENCY**

8 11. This stipulation shall be subject to approval by the Medical Board of California.
9 Applicant understands and agrees that counsel for Complainant and the staff of the Medical
10 Board of California may communicate directly with the Board regarding this stipulation and
11 settlement, without notice to or participation by Applicant or his counsel. By signing the
12 stipulation, Applicant understands and agrees that he may not withdraw his agreement or seek to
13 rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to
14 adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order
15 shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action
16 between the parties, and the Board shall not be disqualified from further action by having
17 considered this matter.

18 12. The parties understand and agree that Portable Document Format (PDF) and facsimile
19 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
20 signatures thereto, shall have the same force and effect as the originals.

21 13. In consideration of the foregoing admissions and stipulations, the parties agree that
22 the Board may, without further notice or opportunity to be heard by the Applicant, issue and enter
23 the following Disciplinary Order:

24 **DISCIPLINARY ORDER**

25 **A. PUBLIC REPRIMAND.**

26 **IT IS HEREBY ORDERED** that Applicant Matthew Peter Prekupec shall be and

28 public reprimand is issued as a result of the conduct by Applicant as set forth in Statement of

1 Issues No. 800-2019-060512.

2 **B. EDUCATION COURSE.** Within 60 calendar days of the effective date of this
3 Decision, Applicant shall submit to the Board or its designee for its prior approval educational
4 program(s) or course(s), which may be remote due to the COVID-19 pandemic, in Relapse
5 Prevention which shall not be less than 40 hours. The educational program(s) or course(s) shall
6 be aimed at maintaining sobriety and preventing relapse. The educational program(s) or course(s)
7 shall be at Applicant's expense and shall be in addition to the Continuing Medical Education
8 (CME) requirements for renewal of licensure. Following the completion of the relapse
9 prevention program(s) or course(s), the Board or its designee may administer an examination to
10 test Applicant's knowledge of the program(s) or course(s).

11 A relapse prevention program(s) or course(s) taken after the acts that gave rise to the
12 charges in the Accusation, but prior to the effective date of the Decision may, in the sole
13 discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the
14 program(s) or course(s) would have been approved by the Board or its designee had the

16 Applicant shall submit a certification of successful completion of the Relapse Prevention
17 program(s) or course(s) to the Board or its designee not later than 15 calendar days after
18 successfully completing the program(s) or course(s), or not later than 15 calendar days after the
19 effective date of the Decision, whichever is later. Failure to enroll in, participate in, or
20 successfully complete the relapse prevention program(s) or course(s) within the designated time
21 period shall constitute unprofessional conduct, and may be grounds for further disciplinary action.

22 **C. FUTURE ADMISSIONS CLAUSE.** If Applicant should ever apply or reapply for a

JURISDICTION

1
2 3. This Statement of Issues is brought before the Medical Board of California (Board),
3 under the authority of the following laws. All section references are to the Business and
4 Professions Code (Code) unless otherwise indicated.

5 4. Section 475 of the Code states in pertinent part, that:

6 “(a) Notwithstanding any other provisions of this code, the provisions of this division
7 shall govern the denial of licenses on the grounds of:

8 “...“

9 “(4) Commission of any act which, if done by a licentiate of the business or
10 profession in question, would be grounds for suspension or revocation of license.”

11 5. Section 480 of the Code states:

12 “(a) A board may deny a license regulated by this code on the grounds that the applicant
13 has one of the following:

14 “...“

15 “(3)(A) Done any act that if done by a licentiate of the business or profession in
16 question, would be grounds for suspension or revocation of license.

17 “...“

18 6. Section 2221, subdivision (a) provides that the Board may deny a physician’s and
19 surgeon’s certificate to an applicant guilty of unprofessional conduct or of any cause that would
20 subject a licensee to revocation or suspension of his or her license; or, the Board in its sole
21 discretion, may issue a probationary physician’s and surgeon’s certificate to an applicant subject
22 to terms and conditions, including but not limited to, any of the conditions enumerated in this
23 subdivision, which includes payment of the cost of probation monitoring.

24 7. Section 2234 of the Code, states, in relevant part:

25 “The board shall take action against any licensee who is charged with unprofessional
26 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not
27 limited to, the following:

1 “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
2 violation of, or conspiring to violate any provision of this chapter.

3 “...“

4 “(f) Any action or conduct that would have warranted the denial of a certificate.”

5 8. Section 2239 of the Code states:

6 “(a) The use or prescribing for or administering to himself or herself, of any controlled
7 substance; or the use of any of the dangerous drugs specified in Section 4022, or of alcoholic
8 beverages, to the extent, or in such a manner as to be dangerous or injurious to the licensee, or to
9 any other person or to the public, or to the extent that such use impairs the ability of the licensee
10 to practice medicine safely or more than one misdemeanor or any felony involving the use,
11 consumption, or self-administration of any of the substances referred to in this section, or any
12 combination thereof, constitutes unprofessional conduct. . .”

13 **STATEMENT OF FACTS**

14 9. On April 25, 2019, the Board received an application for a Physician’s and Surgeon’s
15 Certificate from Applicant. In the application, Applicant answered “yes” to the following
16 questions: having taken a leave of absence or break from postgraduate training, having been
17 disciplined or placed under investigation during training, and having had limitations or special
18 requirements placed upon him for clinical performance, professionalism, medical knowledge,
19 discipline, or for any other reason during training. In addition, Applicant answered “yes” to
20 having been enrolled in, required to enter into, or participate in any drug, alcohol or substance
21 abuse recovery program or impaired practitioner program. He also indicated that he had been
22 treated for or had a recurrence of a diagnosed addictive disorder.

23 10. Applicant also disclosed in his application that he had been prescribed opiates for
24 chronic pain after multiple foot surgeries and had started to overuse them, including going to
25 work on June 21 and June 22, 2014 so impaired by his medications that he could not perform his
26 clinical duties effectively. The Board obtained records from Applicant’s residency program
27 which documented that Applicant showed up to work on June 21, 2014 in the
28 Cardiovascular/Coronary Care Unit under the influence, appearing drowsy and with slurred

1 speech. He was sent home and returned the next day still under the influence. He was falling
2 asleep and tried to enter orders on the wrong patient in cardiac care. He was sent to the on-call
3 room to sleep it off, but his speech was still slurred when he was awakened to return to work.
4 During the second day at work, Applicant admits that he nearly submitted an incorrect order for a
5 patient in cardiac care but a colleague luckily caught the mistake. He was sent home again. As a
6 result, on June 27, 2014, Applicant's residency program suspended him from treating patients.

7 11. While the residency investigation proceeded, Applicant attended a 30-day inpatient
8 rehabilitation program, which was followed by a 60-day intensive outpatient rehabilitation. The
9 residency program placed him on professional remediation and he had to repeat an intern year due
10 to his substance abuse, to the time he missed in the program for his substance abuse treatment,
11 and due to his unsatisfactory rating in moral and ethical behavior in the clinical setting.

12 12. Applicant returned to his residency on September 22, 2014. Applicant continued to
13 have difficulties during the remainder of his residency including: issues with conference
14 attendance, timeliness with medical documentation, inadequate medical record-keeping, and
15 unprofessional interactions during his psychiatry rotation. By August 27, 2015, he had been
16 suspended twice from his residency for delinquent dictations and not timely completing medical
17 records. On August 13, 2015, a psychiatry rotation report describes him as "consistently showing
18 poor attitude and work ethic" and being "routinely late or absent" with "substandard" and
19 "incomplete" evaluations and "poor documentation." Despite these issues, Applicant
20 successfully completed his residency training on August 25, 2017.

21 13. The residency program reported Applicant to the Nevada State Board of Medical
22 Examiners (Nevada Board) for incompetence with patients related to his substance abuse on June
23 21, 2014 and June 22, 2014. On July 4, 2014, Applicant entered into a five-year monitoring
24 program through Nevada Physicians Assistance Program (NPAP). On July 5, 2019, Applicant
25 successfully completed his NPAP monitoring contract and currently holds an unrestricted Nevada
26 medical license.

27 14. The Board obtained Applicant's NPAP treatment records which diagnosed Applicant
28 with a substance use disorder with moderate severity related to: opioid dependence, cannabis

1 dependence, alcohol abuse, inhalant dependence and cocaine abuse. Overall, his substance use
2 disorder was diagnosed as moderate to severe based on the multiplicity of drugs abused.

3 15. Applicant remained in the NPAP program until he moved to Washington State in
4 September 2017 and then his substance abuse treatment was transferred to the Washington
5 Physician Health Program (WPHP). On December 4, 2017, Applicant had a positive drug test for
6 THC while being monitored by WPHP, and Applicant was again admitted to a residential
7 evaluation program for alcohol and/or drug addiction treatment on December 18, 2017, and
8 completed the program and was discharged on December 21, 2017. His aftercare
9 recommendations included: weekly meetings with WPHP, random urine testing, three AA
10 meetings a week, obtain a sponsor, participate in a relapse prevention workshop, obtain a personal
11 physician, take medications as prescribed, and work with a personal trainer to avoid further
12 injury. In the substance use discharge summary dated December 21, 2017, Applicant admitted
13 using Cannabidiol (CBD) five times in the past year and appeared to “lack insight into the
14 significance of his addiction.” Applicant eventually completed his monitoring agreement with the
15 Washington Physicians Health Program (WPHP) and as of July 11, 2019 had completed all the
16 requirements of the monitoring agreement. Applicant also has an unrestricted Washington
17 medical license.

18 16. On October 14, 2019, the Board denied Applicant’s application for an unrestricted
19 Physician’s and Surgeon’s Certificate pursuant to Business and Professions Code sections 2234
20 (unprofessional conduct) and 2239(a) (excessive use of controlled substances and alcohol). On
21 November 13, 2019, Applicant requested a hearing on the denial of his application.

22
23 **CAUSE FOR DENIAL OF APPLICATION**

24 **(Unprofessional Conduct: Excessive Use of Controlled Substances and Alcohol)**

25 17. Respondent's application is subject to denial under sections 475(a)(4) and/or
26 480(a)(3)(A) and/or 2234(a) and (f) (unprofessional conduct) and/or 2239(a) (excessive use of
27 controlled substances and alcohol) in that Applicant is guilty of conduct, as outlined in
28 Paragraphs 9 through 16, which, if done by a licentiate, would be grounds for suspension or

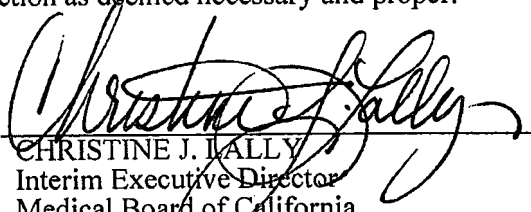

1 revocation of license, including unprofessional conduct and/or excessive use of controlled
2 substances and alcohol.

3 PRAYER

4 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
5 and that following the hearing, the Medical Board of California issue a decision:

- 6 1. Denying the application of Matthew Peter Prekupec for a Physician's and Surgeon's
7 License;
- 8 2. If issued a probationary license, ordering Applicant to pay the Board the costs of
9 probation monitoring;
- 10 3. If placed on probation, revoking, suspending or denying approval of the Applicant's
11 authority to supervise physician assistants and advanced practice nurses; and
- 12 4. Taking such other and further action as deemed necessary and proper.
