BEFORE THE  
MEDICAL BOARD OF CALIFORNIA  
DEPARTMENT OF CONSUMER AFFAIRS  
STATE OF CALIFORNIA

In the Matter of the Application of:	)	Case No. 800-2021-076434
	)	
MERIAM NAQVI	)	
	)	STIPULATION FOR A
	)	PROBATIONARY LICENSE
For a Postgraduate Training License	)	
_____	)	

- 1) Meriam Naqvi, applicant for a Postgraduate Training License (hereinafter "applicant"), and Marina O'Connor, Chief of Licensing of the Medical Board of California (Board), hereby stipulate as follows:
  - 2) Applicant is eligible for medical licensure in California upon meeting all licensure requirements.
  - 3) On December 14, 2020, applicant submitted an application for a Postgraduate Training License. Applicant does not qualify for a full and unrestricted Postgraduate Training License due to unusual circumstances that occurred during the training program relating to professionalism, clinical competency concerns and medical knowledge; and due to applicant's recent diagnosis of Attention Deficit Hyperactivity Disorder.
  - 4) Section 822 of the Business and Professions Code states that the Board may take action if the applicant's ability to practice medicine safely is impaired due to a mental illness. Section 2221(a) of the Business and Professions Code states the Board may deny a license to an applicant guilty of unprofessional conduct or of any cause that would subject a licensee to revocation or suspension of their license. Section 2234 of the Business and Professions Code states that the Board may take action for unprofessional conduct. Unprofessional conduct includes, but is not limited to, incompetence.
- The above supports a conclusion that grounds exist for denial pursuant to sections 822, 2221(a), 2234, and 2234(d) of the Business and Professions Code.
- 5) Pursuant to Section 2221 of the Business and Professions Code, the Board may deny a license to an applicant because of unprofessional conduct. Alternatively, the Board has the discretionary authority to issue a probationary license with terms and conditions.

6) Applicant acknowledges she has a right to request a Statement of Issues and a hearing upon denial of license for cause. Applicant waives notice of hearing and judicial review in favor of this Stipulation for a Probationary License, which is subject to approval by the Board. If not approved, this Stipulation is null and void and may not be used for any purpose.

7) Applicant understands and agrees that counsel for the staff of the Board may communicate directly with the Board regarding this proposed Stipulation, without notice to or participation by applicant or his counsel. By signing the Stipulation, applicant understands and agrees that she may not withdraw this agreement or seek to rescind the Stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this Stipulation, the offer of a Stipulation for a Probationary License shall be of no force or effect; except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

#### ORDER

IT IS ORDERED THAT MERIAM NAQVI, applicant, be issued a Postgraduate Training License on a probation basis for the duration of training to meet requirements for a Physician's and Surgeon's License, subject to the following terms and conditions. Probation shall begin on the date the applicant is issued a probationary license.

1) Professionalism Program (Ethics Course)

Within 60 calendar days of the effective date of this Decision, applicant shall enroll in a professionalism program, that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1. Applicant shall participate in and successfully complete that program. Applicant shall provide any information and documents that the program may deem pertinent. Applicant shall successfully complete the classroom component of the program not later than six (6) months after applicant's initial enrollment, and the longitudinal component of the program not later than the time specified by the program, but no later than one (1) year after attending the classroom component. The professionalism program shall be at applicant's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A professionalism program taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the program would have been approved by the Board or its designee had the program been taken after the effective date of this Decision.

Applicant shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the program or not later than 15 calendar days after the effective date of the Decision, whichever is later.

## 2) Psychotherapy

Within 60 calendar days of the effective date of this Decision, applicant shall submit to the Board or its designee for prior approval the name and qualifications of a California-licensed board-certified psychiatrist or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders. Upon approval, applicant shall undergo and continue psychotherapy treatment, including any modifications to the frequency of psychotherapy, until the Board or its designee deems that no further psychotherapy is necessary.

The psychotherapist shall consider any information provided by the Board or its designee and any other information the psychotherapist deems relevant and shall furnish a written evaluation report to the Board or its designee. Applicant shall cooperate in providing the psychotherapist any information and documents that the psychotherapist may deem pertinent.

Applicant shall have the treating psychotherapist submit quarterly status reports to the Board or its designee. The Board or its designee may require applicant to undergo psychiatric evaluations by a Board-appointed board certified psychiatrist. If, prior to the completion of probation, applicant is found to be mentally unfit to resume the practice of medicine without restrictions, the Board shall retain continuing jurisdiction over applicant's license and the period of probation shall be extended until the Board determines that applicant is mentally fit to resume the practice of medicine without restrictions.

Applicant shall pay the cost of all psychotherapy and psychiatric evaluations.

## 3) Medical Evaluation and Treatment

Within 30 calendar days of the effective date of this Decision, and on a periodic basis thereafter as may be required by the Board or its designee, applicant shall undergo a medical evaluation by a Board-appointed physician who shall consider any information provided by the Board or designee and any other information the evaluating physician deems relevant and shall furnish a medical report to the Board or its designee. Applicant shall provide the evaluating physician any information and documentation that the evaluating physician may deem pertinent.

Following the evaluation, applicant shall comply with all restrictions or conditions recommended by the evaluating physician within 15 calendar days after being notified by the Board or its designee. If applicant is required by the Board or its designee to undergo medical treatment, applicant shall within 30 calendar days of the requirement notice, submit to the Board or its designee for prior approval the name and qualifications of a California licensed treating physician of applicant's choice. Upon approval of the treating physician, applicant shall within 15 calendar days undertake medical treatment and shall continue such treatment until further notice from the Board or its designee.

The treating physician shall consider any information provided by the Board or its designee or any other information the treating physician may deem pertinent prior to commencement of treatment. Applicant shall have the treating physician submit quarterly reports to the Board or its designee indicating whether or not the applicant is capable of practicing medicine safely. Applicant shall provide the Board or its designee with any and all medical records pertaining to treatment the Board or its designee deems necessary.

If, prior to the completion of probation, applicant is found to be physically incapable of resuming the practice of medicine without restrictions, the Board shall retain continuing jurisdiction over applicant's license and the period of probation shall be extended until the Board determines that applicant is physically capable of resuming the practice of medicine without restrictions. Applicant shall pay the cost of the medical evaluation(s) and treatment.

4) Notification

Within seven (7) days of the effective date of this Decision, the applicant shall provide a true copy of this Decision to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to applicant, at any other facility where applicant engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to applicant. Applicant shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

5) Supervision of Physician Assistants and Advanced Practice Nurses

During probation, applicant is prohibited from supervising physician assistants and advanced practice nurses.

6) Obey All Laws

Applicant shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

7) Quarterly Declarations

Applicant shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation. Applicant shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

8) General Probation Requirements

a) Compliance with Probation Unit

Applicant shall comply with the Board's probation.

b) Address Changes

Applicant shall, at all times, keep the Board informed of applicant's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

c) Place of Practice

Applicant shall not engage in the practice of medicine in applicant's or patient's place of residence, unless the patient resides in a skilled nursing facility or other similar licensed facility.

d) License Renewal

Applicant shall maintain a current and renewed California physician's and surgeon's license.

e) Travel or Residence Outside California

Applicant shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event applicant should leave the State of California to reside or to practice applicant shall notify the Board or its designee in writing 30 calendar days prior to the dates of departure and return.

9) Interview with the Board or its Designee

Applicant shall be available in person upon request for interviews either at applicant's place of business or at the probation unit office, with or without prior notice throughout the term of probation.

10) Non-practice While on Probation

Applicant shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of applicant's return to practice. Non-practice is defined as any period of time applicant is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If applicant resides in California and is considered to be in non-practice, applicant shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve applicant from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice.

A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event applicant's period of non-practice while on probation exceeds 18 calendar months, applicant shall successfully complete the Federation of State Medical Board's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Applicant's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for an applicant residing outside of California will relieve applicant of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

11) Completion of Probation

Applicant shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon successful completion of probation, applicant's license shall be unrestricted.

12) Violation of Probation

Failure to fully comply with any term or condition of probation is a violation of probation. If applicant violates probation in any respect, the Board, after giving applicant notice and the opportunity to be heard, may petition to revoke probation and take appropriate action. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against applicant during probation; the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

13) License Surrender

Following the effective date of this Decision, if applicant ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, applicant may request to surrender her license. The Board reserves the right to evaluate applicant request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, applicant shall within 15 calendar days deliver applicant's wallet and wall certificate to the Board or its designee and applicant shall no longer practice medicine. Applicant will no longer be subject to the terms and conditions of probation. If applicant re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

14) Probation Monitoring Costs

Applicant shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

Applicant agrees to comply with the terms and conditions of the above Order.
