1 **JURISDICTION**

2 3. This Accusation is brought before the Board, under the authority of the following  
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise  
4 indicated.

5 4. Section 2227 of the Code provides that a licensee who is found guilty under the  
6 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed  
7 one year, placed on probation and required to pay the costs of probation monitoring, or such other  
8 action taken in relation to discipline as the Board deems proper.

9 5. Section 2234 of the Code, states:

10 The board shall take action against any licensee who is charged with  
11 unprofessional conduct. In addition to other provisions of this article, unprofessional  
conduct includes, but is not limited to, the following:

12 (a) Violating or attempting to violate, directly or indirectly, assisting in or  
13 abetting the violation of, or conspiring to violate any provision of this chapter.

14 (b) Gross negligence.

15 (c) Repeated negligent acts. To be repeated, there must be two or more  
16 negligent acts or omissions. An initial negligent act or omission followed by a  
separate and distinct departure from the applicable standard of care shall constitute  
repeated negligent acts.

17 (1) An initial negligent diagnosis followed by an act or omission medically  
18 appropriate for that negligent diagnosis of the patient shall constitute a single  
negligent act.

19 (2) When the standard of care requires a change in the diagnosis, act, or  
20 omission that constitutes the negligent act described in paragraph (1), including, but  
21 not limited to, a reevaluation of the diagnosis or a change in treatment, and the  
licensee's conduct departs from the applicable standard of care, each departure  
constitutes a separate and distinct breach of the standard of care.

22 (d) Incompetence.

23 (e) The commission of any act involving dishonesty or corruption that is  
24 substantially related to the qualifications, functions, or duties of a physician and  
surgeon.

25 (f) Any action or conduct that would have warranted the denial of a certificate.

26 (g) The failure by a certificate holder, in the absence of good cause, to attend  
27 and participate in an interview by the board. This subdivision shall only apply to a  
28 certificate holder who is the subject of an investigation by the board.

1           6.     Unprofessional conduct under Business and Professions Code section 2234 is conduct  
2 which breaches the rules or ethical conduct of the medical profession, or conduct which is  
3 unbecoming to a member in good standing of the medical profession, and which demonstrates an  
4 unfitness to practice medicine. (*Shea v. Board of Medical Examiners* (1978) 81 Cal.App.3d 564,  
5 25 575.)

6           7.     Section 2228.1 of the Code states:

7                   (a) On and after July 1, 2019, except as otherwise provided in subdivision (c),  
8 the board shall require a licensee to provide a separate disclosure that includes the  
9 licensee's probation status, the length of the probation, the probation end date, all  
10 practice restrictions placed on the licensee by the board, the board's telephone  
11 number, and an explanation of how the patient can find further information on the  
12 licensee's probation on the licensee's profile page on the board's online license  
information Internet Web site, to a patient or the patient's guardian or health care  
surrogate before the patient's first visit following the probationary order while the  
licensee is on probation pursuant to a probationary order made on and after July 1,  
2019, in any of the following circumstances:

13                   (1) A final adjudication by the board following an administrative hearing or  
14 admitted findings or prima facie showing in a stipulated settlement establishing any  
of the following:

15                   (A) The commission of any act of sexual abuse, misconduct, or relations with a  
16 patient or client as defined in Section 726 or 729.

17                   (B) Drug or alcohol abuse directly resulting in harm to patients or the extent  
that such use impairs the ability of the licensee to practice safely.

18                   (C) Criminal conviction directly involving harm to patient health.

19                   (D) Inappropriate prescribing resulting in harm to patients and a probationary  
20 period of five years or more.

21                   (2) An accusation or statement of issues alleged that the licensee committed any  
22 of the acts described in subparagraphs (A) to (D), inclusive, of paragraph (1), and a  
23 stipulated settlement based upon a nolo contendere or other similar compromise that  
does not include any prima facie showing or admission of guilt or fact but does  
include an express acknowledgment that the disclosure requirements of this section  
would serve to protect the public interest.

24                   (b) A licensee required to provide a disclosure pursuant to subdivision (a) shall  
25 obtain from the patient, or the patient's guardian or health care surrogate, a separate,  
signed copy of that disclosure.

26                   (c) A licensee shall not be required to provide a disclosure pursuant to  
27 subdivision (a) if any of the following applies:

28                   (1) The patient is unconscious or otherwise unable to comprehend the  
disclosure and sign the copy of the disclosure pursuant to subdivision (b) and a

1 guardian or health care surrogate is unavailable to comprehend the disclosure and  
2 sign the copy.

3 (2) The visit occurs in an emergency room or an urgent care facility or the visit  
4 is unscheduled, including consultations in inpatient facilities.

5 (3) The licensee who will be treating the patient during the visit is not known to  
6 the patient until immediately prior to the start of the visit.

7 (4) The licensee does not have a direct treatment relationship with the patient.

8 (d) On and after July 1, 2019, the board shall provide the following  
9 information, with respect to licensees on probation and licensees practicing under  
10 probationary licenses, in plain view on the licensee's profile page on the board's  
11 online license information Internet Web site.

12 (1) For probation imposed pursuant to a stipulated settlement, the causes  
13 alleged in the operative accusation along with a designation identifying those causes  
14 by which the licensee has expressly admitted guilt and a statement that acceptance of  
15 the settlement is not an admission of guilt.

16 (2) For probation imposed by an adjudicated decision of the board, the causes  
17 for probation stated in the final probationary order.

18 (3) For a licensee granted a probationary license, the causes by which the  
19 probationary license was imposed.

20 (4) The length of the probation and end date.

21 (5) All practice restrictions placed on the license by the board.

22 (e) Section 2314 shall not apply to this section.

23 8. Section 2266 of the Code states: The failure of a physician and surgeon to maintain  
24 adequate and accurate records relating to the provision of services to their patients constitutes  
25 unprofessional conduct.

26 9. Section 726 of the Code states:

27 (a) The commission of any act of sexual abuse, misconduct, or relations with a  
28 patient, client, or customer constitutes unprofessional conduct and grounds for  
disciplinary action for any person licensed under this or under any initiative act  
referred to in this division.

(b) This section shall not apply to consensual sexual contact between a licensee  
and his or her spouse or person in an equivalent domestic relationship when that  
licensee provides medical treatment, to his or her spouse or person in an equivalent  
domestic relationship.

10. Section 729 of the Code states:

(a) Any physician and surgeon, psychotherapist, alcohol and drug abuse  
counselor or any person holding himself or herself out to be a physician and surgeon,  
psychotherapist, or alcohol and drug abuse counselor, who engages in an act of sexual

1 intercourse, sodomy, oral copulation, or sexual contact with a patient or client, or  
2 with a former patient or client when the relationship was terminated primarily for the  
3 purpose of engaging in those acts, unless the physician and surgeon, psychotherapist,  
4 or alcohol and drug abuse counselor has referred the patient or client to an  
5 independent and objective physician and surgeon, psychotherapist, or alcohol and  
6 drug abuse counselor recommended by a third-party physician and surgeon,  
7 psychotherapist, or alcohol and drug abuse counselor for treatment, is guilty of sexual  
8 exploitation by a physician and surgeon, psychotherapist, or alcohol and drug abuse  
9 counselor.

10 (b) Sexual exploitation by a physician and surgeon, psychotherapist, or alcohol  
11 and drug abuse counselor is a public offense:

12 (1) An act in violation of subdivision (a) shall be punishable by imprisonment  
13 in a county jail for a period of not more than six months, or a fine not exceeding one  
14 thousand dollars (\$1,000), or by both that imprisonment and fine.

15 (2) Multiple acts in violation of subdivision (a) with a single victim, when the  
16 offender has no prior conviction for sexual exploitation, shall be punishable by  
17 imprisonment in a county jail for a period of not more than six months, or a fine not  
18 exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine.

19 (3) An act or acts in violation of subdivision (a) with two or more victims shall  
20 be punishable by imprisonment pursuant to subdivision (h) of Section 1170 of the  
21 Penal Code for a period of 16 months, two years, or three years, and a fine not  
22 exceeding ten thousand dollars (\$10,000); or the act or acts shall be punishable by  
23 imprisonment in a county jail for a period of not more than one year, or a fine not  
24 exceeding one thousand dollars (\$1,000), or by both that imprisonment and fine.

25 (4) Two or more acts in violation of subdivision (a) with a single victim, when  
26 the offender has at least one prior conviction for sexual exploitation, shall be  
27 punishable by imprisonment pursuant to subdivision (h) of Section 1170 of the Penal  
28 Code for a period of 16 months, two years, or three years, and a fine not exceeding  
ten thousand dollars (\$10,000); or the act or acts shall be punishable by imprisonment

ten thousand dollars (\$10,000).

For purposes of subdivision (a), in no instance shall consent of the patient or  
client be a defense. However, physicians and surgeons shall not be guilty of sexual  
exploitation for touching any intimate part of a patient or client unless the touching is  
outside the scope of medical examination and treatment, or the touching is done for  
sexual gratification.

10 counselor in a professional partnership or similar group has sexual contact with a  
patient in violation of this section, another physician and surgeon, psychotherapist, or  
11 alcohol and drug abuse counselor in the partnership or group shall not be subject to  
action under this section solely because of the occurrence of that sexual contact.

#### 12 FACTUAL ALLEGATIONS

13 11. Respondent is a physician and surgeon, board certified in rheumatology, who at all  
14 times relevant to the allegations brought herein worked at a clinic at Mammoth Hospital in  
Mammoth Lakes, California.

15 12. Patient 1<sup>1</sup> was a 39-year-old female who first sought treatment and a consultation  
16 from Respondent on or about March 30, 2018 for polyarthropathy (joint pain). Prior to that date,  
17 Patient 1 had never met, communicated with, or had any knowledge of Respondent.

18 13. Prior to March 30, 2018, Patient 1's medical records indicate a history of multiple  
19 medical problems including anxiety/depression, hypothyroidism and Hashimoto's thyroiditis,  
20 gastroesophageal reflux, asthma/food allergies, mastocytosis with allergy and syncope, insomnia,  
21 inflammatory polyarthropy, and hematochezia related to food allergies with a family history for  
22 hypermobility syndromes.

23 14. On or about March 30, 2018, at Patient 1's first and last appointment with  
24 Respondent at Mammoth Hospital, Patient 1 was taken to an examination room and waited alone  
25

26  
27 <sup>1</sup> To protect the privacy of the patient and witnesses involved, patient and witness names  
28 were not included in this pleading. Respondent is aware of the identity of each patient and  
witness.

1 until Respondent arrived. After Respondent entered the examination room, he spoke with Patient  
2 1 and continuously referred to Patient 1 as "cutie" throughout the examination.

3 15. During the initial examination, Respondent inquired as to Patient 1's marital status, if  
4 she had a boyfriend, and whether or not she felt lonely. Respondent also remarked that she was  
5 "too cute and too young to be sick." Upon learning the ages of Patient 1's children, Respondent  
6 told Patient 1 that she was too young to have children that age.

7 16. During the examination, and in response to the situation, Patient 1 popped/cracked  
8 her knuckles and fingers in the presence of Respondent. After observing this behavior,  
9 Respondent initially commented that it was not good for Patient 1 to pop/crack her knuckles.  
10 However, when Patient 1 popped/cracked her knuckles and fingers a second time, Respondent  
11 then told her, "Do I need to bend you over my knee?"

12 17. After the initial examination, Respondent left the examination room and a female  
13 assistant entered the room with a hospital gown for Patient 1. Patient 1 was left alone in the  
14 examination room without instruction as to the manner or extent of undress required for the  
15 remaining examination with Respondent. Patient 1 took off her clothing other than her  
16 undergarments and placed the hospital gown over her undergarments with the opening of the  
17 gown facing her backside. The length of the hospital gown came down to approximately Patient  
18 1's mid-thigh.

19 18. Respondent then re-entered the examination room with no one else present other than  
20 Patient 1, wearing only the hospital gown and her undergarments. Respondent began to conduct a  
21 physical examination of Patient 1 and had her lie back on an examination table in the room.  
22 Respondent then asked Patient if she had a breast augmentation despite Patient 1 not reporting  
23 and not experiencing any pain or discomfort in her breasts.

24 19. After inquiring as to Patient 1's breasts while she was lying supine on the  
25 examination table, Respondent informed Patient 1 that he was going to examine her hips.  
26 Respondent provided no additional description or communication to Patient 1 as to this portion of  
27 the physical examination at that time. Respondent proceeded to slide his flattened hand in  
28 between Patient 1's legs in the area of her mid-thigh without squeezing or palpating the area, and

1 in a continual motion without lingering, slid his hand from Patient 1's mid-thigh area toward her  
2 pubic area, grazing Patient 1's pubic area which was covered by the hospital gown and her  
3 undergarments.

4 20. Respondent then instructed Patient 1 to stand up from the examination table so that  
5 Respondent could conduct an examination of Patient 1's back. While standing behind Patient 1,  
6 Respondent opened her hospital gown from behind her, which exposed Patient 1's thong style  
7 underwear from the rear to Respondent. Respondent made the comment, "those panties are not  
8 very appropriate to be wearing to a doctor's appointment, are they? But that's okay, that's what  
9 all the young ladies are wearing these days." Respondent also commented on how "muscular"  
10 Patient 1's physique appeared.

11 21. When Respondent concluded his physical examination of Patient 1, he left the  
12 examination room without further instructions to Patient 1, who got dressed, exited the  
13 examination room, and was advised by the front desk that Respondent desired additional lab work  
14 done, which Patient 1 later completed.

15 22. Even though Respondent examined Patient 1's joints and musculoskeletal system on  
16 or about March 30, 2018, Respondent did not conduct a history and full general physical  
17 examination of Patient 1.

18 23. The medical records from Patient 1's consultation and examination with Respondent  
19 on or about March 30, 2018, did not fully delineate Patient 1's complaints of syncope and other  
20 complaints in the history portion of the records.

21 24. The Review of Systems (ROS) records from Patient 1's consultation and examination  
22 with Respondent on or about March 30, 2018, did not fully articulate Patient 1's complaints nor  
23 what was explored in the examination. While the patient's recent history of depression and  
24 anxiety were documented in the assessment and plan portion of the records, this is contraindicated  
25 in the ROS portion of the record.

26 25. Throughout the entire examination that was conducted on or about March 30, 2018  
27 between Respondent and Patient 1, no chaperone or anyone else was present in the examination  
28 room while Respondent and Patient 1 were present.

1 26. On or about March 31, 2018, Patient 1 contacted Mammoth Hospital and filed a  
2 formal complaint regarding Respondent's conduct on March 30, 2018. Thereafter, Patient 1 was  
3 informed by a representative of Mammoth Hospital, Registered Nurse (R.N.) and Clinical Quality  
4 Coordinator S.S., that Respondent was interviewed by Mammoth Hospital Chief Medical Officer  
5 Dr. B. and Chief of Staff Dr. C. regarding his conduct on March 30, 2018, and that consequently,  
6 Respondent was subsequently required to have a chaperone present when examining female  
7 patients at Mammoth Hospital.

8 27. On or about May 2, 2018, Mammoth Hospital Chief Medical Officer Dr. B. and Chief  
9 of Staff Dr. C. interviewed Respondent regarding his conduct on March 30, 2018. During that  
10 interview, Respondent acknowledged making several of the statements to Patient 1 on March 30,  
11 2018, such as "cutie," "too young to be sick," as well as comments regarding her undergarments  
12 and her age. Respondent did not dispute the condition imposed by Dr. B. and Dr. C. that he be  
13 required to utilize a chaperone when dealing with female patients going forward.
