7 **JURISDICTION**

8 4. Accusation No. 800-2018-040540 was filed before the Board, and is currently  
9 pending against Respondent. The Accusation and all other statutorily required documents were  
10 properly served on Respondent on January 14, 2021. Respondent timely filed his Notice of  
11 Defense contesting the Accusation.

1 **CULPABILITY**

2 9. Respondent understands and agrees that the charges and allegations in Accusation  
3 No. 800-2018-040540, if proven at a hearing, constitute cause for imposing discipline upon his

5 10. Respondent agrees that, at a hearing, Complainant could establish a prima facie case  
6 or factual basis for the charges in the Accusation, and that Respondent hereby gives up his right  
7 to contest those charges.

8 11. Respondent does not contest that, at an administrative hearing, complainant could  
9 establish a prima facie case with respect to the charges and allegations in Accusation No. 800-  
10 2018-040540, a true and correct copy of which is attached hereto as Exhibit A, and that he has  
11 thereby subjected his Physician's and Surgeon's Certificate, No. C 36069 to disciplinary action.

18 professional licensing agency is involved, and shall not be admissible in any other criminal or  
19 civil proceeding.

20 **CONTINGENCY**

21 14. This stipulation shall be subject to approval by the Medical Board of California.  
22 Respondent understands and agrees that counsel for Complainant and the staff of the Medical  
23 Board of California may communicate directly with the Board regarding this stipulation and  
24 settlement, without notice to or participation by Respondent or his counsel. By signing the  
25 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek  
26 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails

4 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile  
5 signatures thereto, shall have the same force and effect as the originals.

Section 805 and Section 805.01.

17 (c) Investigating the nature and causes of injuries from cases which shall be  
18 reported of a high number of judgments, settlements, or arbitration awards against a

24 (2) Have his or her right to practice suspended for a period not to exceed one  
25 year upon order of the board.

26 (3) Be placed on probation and be required to pay the costs of probation  
monitoring upon order of the board.

27 (4) Be publicly reprimanded by the board. The public reprimand may  
28 include a requirement that the licensee complete relevant educational courses

2 (b) Any matter heard pursuant to subdivision (a), except for warning letters,

5 matters made confidential or privileged by existing law, is deemed public, and shall  
be made available to the public by the board pursuant to Section 803.1.

#### 6 STATUTORY PROVISIONS

7 6. Section 2234 of the Code, states:

8 The board shall take action against any licensee who is charged with  
unprofessional conduct. In addition to other provisions of this article, unprofessional  
9 conduct includes, but is not limited to, the following:

10 (a) Violating or attempting to violate, directly or indirectly, assisting in or  
abetting the violation of, or conspiring to violate any provision of this chapter.

11 (b) Gross negligence.

12 (c) Repeated negligent acts. To be repeated, there must be two or more  
13 negligent acts or omissions. An initial negligent act or omission followed by a  
separate and distinct departure from the applicable standard of care shall constitute  
14 repeated negligent acts.

15 (1) An initial negligent diagnosis followed by an act or omission medically  
appropriate for that negligent diagnosis of the patient shall constitute a single  
16 negligent act.

17 (2) When the standard of care requires a change in the diagnosis, act, or  
omission that constitutes the negligent act described in paragraph (1), including, but  
18 not limited to, a reevaluation of the diagnosis or a change in treatment, and the  
licensee's conduct departs from the applicable standard of care, each departure  
constitutes a separate and distinct breach of the standard of care.

25 and participate in an interview by the board. This subdivision shall only apply to a  
certificate holder who is the subject of an investigation by the board.

26 7. Section 2266 of the Code states: The failure of a physician and surgeon to  
27 maintain adequate and accurate records relating to the provision of services to their patients  
28 constitutes unprofessional conduct.

1 **FACTUAL ALLEGATIONS**

2 **FIRST CAUSE FOR DISCIPLINE**  
3 **(Repeated Negligent Acts)**

4 8. Respondent's license is subject to disciplinary action under section 2234,  
5 subdivision (c), of the Code, in that he committed repeated negligent acts during the care and  
6 treatment of Patient A, as more particularly alleged hereinafter.

7 9. Respondent is a physician and surgeon, board certified in Family Medicine, who at  
8 all times alleged herein practiced at a Med 7 Urgent Care clinic in Sacramento, CA.

9 10. On or about September 14, 2014, Respondent saw Patient A for a clinic visit.  
10 Respondent documented the chief complaint was right testicular/groin pain/swelling in the right  
11 testicle for the last 2-3 days. Patient A stated that the pain was a 9/10 and worse when moving or  
12 walking. The pain started after riding a bicycle. Respondent documented that Patient A had a  
13 strong stomach pain after dinner, two nights ago and that he went to Mercy Emergency  
14 Department for an x-ray and CT scan. The pain in stomach was resolved but the pain in the right  
15 testicle and groin area persisted. In his narrative, Respondent documented: "Ate evening meal,  
16 developed peri and infra-umbilical abdominal crampy pain. Went to ER at Mercy General where  
17 evaluation found no etiology. Home, began having pain and swelling in right testicle which has  
18 steadily increased along with fever decreased appetite. Urine stream normal but significant  
19 hesitancy and post void feeling of nearly incomplete emptying. Low-grade occipital headache. No  
20 diarrhea, flushes, emesis pre-ER visit-none since denies dysuria or discharge." In his physical  
21 examination, Respondent documented that in general, Patient A appears in pain with abnormal  
22 scrotum. Scrotum was red, swollen, tender on the right, but "testicle not definitively felt." Groin:  
23 No edema or pain musculoskeletal abnormal gait. Respondent assessment was orchitis<sup>1</sup>.  
24 Respondent's plan was to treat with the antibiotic Cipro, supportive underwear, over the counter  
25 pain medication, and return for follow-up as needed. Vital signs showed temperature was 100.2,  
26 pulse 74, and blood pressure 132/68.

27 <sup>1</sup> An inflammation of one or both testicles. Bacterial or viral infections can cause orchitis,  
28 or the cause can be unknown. Orchitis is most often the result of a bacterial infection, such as a  
sexually transmitted infection (STI).

1           11.     On or about September 17, 2017, Patient A went to the urgent care clinic and saw  
2 Dr. R for a visit. Patient A came back for a re-examination since he was only feeling a little  
3 better and wanted to go see a specialist. Dr. R diagnosed epididymitis/orchitis, and referred  
4 Patient A to a urologist. Dr. R also ordered an ultrasound of the scrotum and testicles.

5           12.     On or about September 19, 2017, Sutter performed an ultrasound of the scrotum  
6 and testicles for a suspected diagnosis of orchitis. The ultrasound was interpreted as normal for  
7 the left testicle. However, the right testicle was enlarged 4.7 x 3.4 x 3.2 cm with heterogeneously  
8 hypoechoic echogenicity. There was no internal vascularity by color or spectral Doppler in  
9 keeping with torsion. The epididymis was enlarged and hypovascular. The impression was right  
10 testicular torsion.

11           13.     Patient A was taken to surgery on September 19, 2017 for a right scrotal  
12 exploration, right orchiectomy, and left orchiopexy. Surgery revealed the right testicle was  
13 ischemic and black. When the tunica albuginea was opened, black tubules spilled out. The  
14 testicle was not viable and was removed. The left testicle appeared normal and was not tersed. A  
15 pathology report confirmed extensive hemorrhage consistent with torsion<sup>2</sup>.

16           14.     Respondent committed repeated negligent acts in the care and treatment of Patient  
17 A which included, but was not limited to the following:

18           A.     Respondent failed to perform an appropriate physical examination which would  
19 include a cremasteric reflex in a patient with acute scrotal pain.

20           B.     Respondent failed to inquire about Patient A's history of sexually transmitted  
21 diseases or recent intercourse with a new partner, or document urethral discharge in a patient with  
22 an inflamed testicle, which he diagnosed as orchitis.

23           C.     Respondent failed to order a urinalysis in a patient with a red swollen testicle and  
24 low grade fever:

25 \_\_\_\_\_  
26           <sup>2</sup> Testicular torsion occurs when a testicle rotates, twisting the spermatic cord that brings  
27 blood to the scrotum. The reduced blood flow causes sudden and often severe pain and swelling.  
28 Testicular torsion is most common between ages 12 and 18, but it can occur at any age, even  
before birth. Testicular torsion usually requires emergency surgery. If treated quickly, the testicle  
can usually be saved. But when blood flow has been cut off for too long, a testicle might become  
so badly damaged that it has to be removed.

**SECOND CAUSE FOR DISCIPLINE**  
**(Failure to Maintain Adequate and Accurate Records)**

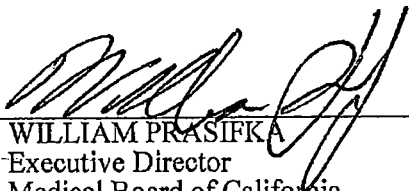

15. Respondent's license is subject to disciplinary action under section 2266, of the Code, in that he failed to maintain adequate and accurate medical records relating to his care and treatment of Patient A, as more particularly alleged hereinafter. Paragraphs 9 through 13, are hereby incorporated by reference and realleged as if fully set forth herein.

**PRAAYER**

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking or suspending Physician's and Surgeon's Certificate Number C 36069, issued to Jon David Overholt, M.D.;
2. Revoking, suspending or denying approval of Jon David Overholt, M.D.'s authority to supervise physician assistants and advanced practice nurses;
