**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

18 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
19 entitled proceedings that the following matters are true:

20 **PARTIES**

21 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
22 California (Board). He brought this action solely in his official capacity and is represented in this
23 matter by Rob Bonta, Attorney General of the State of California, by Lawrence Mercer, Deputy
24 Attorney General.

25 2. Respondent Michael Fielding Allen, M.D. (Respondent) is represented in this
26 proceeding by attorney Richard A. Jaffe, whose address is: 770 L Street, Suite 950
27 Sacramento, CA 95814.
28

3. On or about April 7, 1992, the Board issued Physician's and Surgeon's Certificate No. G 73771 to Michael Fielding Allen, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2018-044591, and will expire on March 31, 2024, unless renewed.

JURISDICTION

4. Accusation No. 800-2018-044591 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on December 14, 2020. Respondent timely filed his Notice of Defense, contesting the Accusation.

5. A copy of Accusation No. 800-2018-044591 is attached as exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2018-044591. Respondent has also carefully read, fully discussed with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent agrees that, at a hearing, Complainant could establish a prima facie case for the charges in the Accusation, and that Respondent hereby gives up his right to contest those charges.

10. Respondent agrees that his Physician's and Surgeon's Certificate is subject to discipline and he agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

11. This stipulation shall be subject to approval by the Medical Board of California. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

12. Respondent agrees that if he ever petitions for early termination or modification of probation, or if an accusation and/or petition to revoke probation is filed against him before the Board, all of the charges and allegations contained in Accusation No. 800-2018-044591 shall be deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

13. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

14. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. G 73771 issued to Respondent Michael Fielding Allen, M.D. is revoked. However, the revocation is stayed and

Respondent is placed on probation for three (3) years on the following terms and conditions:

1. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem pertinent. Respondent shall participate in and successfully complete the classroom component of the course not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully complete any other component of the course within one (1) year of enrollment. The medical record keeping course shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A medical record keeping course taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the course would have been approved by the Board or its designee had the course been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the course, or not later than 15 calendar days after the effective date of the Decision, whichever is later.

2. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a professionalism program, that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1. Respondent shall participate in and successfully complete that program. Respondent shall provide any information and documents that the program may deem pertinent. Respondent shall successfully complete the classroom component of the program not later than six (6) months after Respondent's initial enrollment, and the longitudinal component of the program not later than the time specified by the program, but no later than one (1) year after attending the classroom component. The professionalism program shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

1 A professionalism program taken after the acts that gave rise to the charges in the
2 Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board
3 or its designee, be accepted towards the fulfillment of this condition if the program would have
4 been approved by the Board or its designee had the program been taken after the effective date of
5 this Decision.

6 Respondent shall submit a certification of successful completion to the Board or its
7 designee not later than 15 calendar days after successfully completing the program or not later
8 than 15 calendar days after the effective date of the Decision, whichever is later.

9 3. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within 60 calendar days
10 of the effective date of this Decision, Respondent shall enroll in a clinical competence assessment
11 program approved in advance by the Board or its designee. Respondent shall successfully
12 complete the program not later than six (6) months after Respondent's initial enrollment unless
13 the Board or its designee agrees in writing to an extension of that time.

14 The program shall consist of a comprehensive assessment of Respondent's physical and
15 mental health and the six general domains of clinical competence as defined by the Accreditation
16 Council on Graduate Medical Education and American Board of Medical Specialties pertaining to
17 Respondent's current or intended area of practice. The program shall take into account data
18 obtained from the pre-assessment, self-report forms and interview, and the Decision(s),
19 Accusation(s), and any other information that the Board or its designee deems relevant. The
20 program shall require Respondent's on-site participation for a minimum of three (3) and no more
21 than five (5) days as determined by the program for the assessment and clinical education
22 evaluation. Respondent shall pay all expenses associated with the clinical competence
23 assessment program.

24 At the end of the evaluation, the program will submit a report to the Board or its designee
25 which unequivocally states whether the Respondent has demonstrated the ability to practice
26 safely and independently. Based on Respondent's performance on the clinical competence
27 assessment, the program will advise the Board or its designee of its recommendation(s) for the
28 scope and length of any additional educational or clinical training, evaluation or treatment for any

1 medical condition or psychological condition, or anything else affecting Respondent's practice of
2 medicine. Respondent shall comply with the program's recommendations.

3 Determination as to whether Respondent successfully completed the clinical competence
4 assessment program is solely within the program's jurisdiction.

5 If Respondent fails to enroll, participate in, or successfully complete the clinical
6 competence assessment program within the designated time period, Respondent shall receive a
7 notification from the Board or its designee to cease the practice of medicine within three (3)
8 calendar days after being so notified. The Respondent shall not resume the practice of medicine
9 until enrollment or participation in the outstanding portions of the clinical competence assessment
10 program have been completed. If the Respondent did not successfully complete the clinical
11 competence assessment program, the Respondent shall not resume the practice of medicine until a
12 final decision has been rendered on the accusation and/or a petition to revoke probation. The
13 cessation of practice shall not apply to the reduction of the probationary time period.

14 4. MONITORING - PRACTICE. Within 30 calendar days of the effective date of this
15 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
16 monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose
17 licenses are valid and in good standing, and who are preferably American Board of Medical
18 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
19 relationship with Respondent, or other relationship that could reasonably be expected to
20 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
21 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
22 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

23 The Board or its designee shall provide the approved monitor with copies of the Decision(s)
24 and Accusation(s), and a proposed monitoring plan. Within 15 calendar days of receipt of the
25 Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a signed
26 statement that the monitor has read the Decision(s) and Accusation(s), fully understands the role
27 of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor disagrees
28 with the proposed monitoring plan, the monitor shall submit a revised monitoring plan with the

1 signed statement for approval by the Board or its designee.

2 Within 60 calendar days of the effective date of this Decision, and continuing throughout
3 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
4 make all records available for immediate inspection and copying on the premises by the monitor
5 at all times during business hours and shall retain the records for the entire term of probation.

6 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
7 date of this Decision, Respondent shall receive a notification from the Board or its designee to
8 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
9 shall cease the practice of medicine until a monitor is approved to provide monitoring
10 responsibility.

11 The monitor(s) shall submit a quarterly written report to the Board or its designee which
12 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
13 are within the standards of practice of medicine and whether Respondent is practicing medicine
14 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure
15 that the monitor submits the quarterly written reports to the Board or its designee within 10
16 calendar days after the end of the preceding quarter.

17 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
18 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
19 name and qualifications of a replacement monitor who will be assuming that responsibility within
20 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
21 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
22 notification from the Board or its designee to cease the practice of medicine within three (3)
23 calendar days after being so notified. Respondent shall cease the practice of medicine until a
24 replacement monitor is approved and assumes monitoring responsibility.

25 In lieu of a monitor, Respondent may participate in a professional enhancement program
26 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
27 review, semi-annual practice assessment, and semi-annual review of professional growth and
28 education. Respondent shall participate in the professional enhancement program at Respondent's

1 expense during the term of probation.

2 5. PROHIBITED PRACTICE. During probation, Respondent is prohibited from
3 writing, issuing or otherwise aiding and abetting the writing or issuance of exemptions from any
4 vaccine for any patient or other persons. After the effective date of this Decision, all patients
5 being treated by the Respondent shall be notified that the Respondent is prohibited from writing,
6 issuing or otherwise aiding and abetting the writing or issuance of exemptions from any vaccine.
7 Any new patients must be provided this notification at the time of their initial appointment.

8 Respondent shall maintain a log of all patients to whom the required oral notification was
9 made. The log shall contain the: 1) patient's name, address and phone number; 2) patient's
10 medical record number, if available; 3) the full name of the person making the notification; 4) the
11 date the notification was made; and 5) a description of the notification given. Respondent shall
12 keep this log in a separate file or ledger, in chronological order, shall make the log available for
13 immediate inspection and copying on the premises at all times during business hours by the Board
14 or its designee, and shall retain the log for the entire term of probation.

15 6. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
16 Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the
17 Chief Executive Officer at every hospital where privileges or membership are extended to
18 Respondent, at any other facility where Respondent engages in the practice of medicine,
19 including all physician and locum tenens registries or other similar agencies, and to the Chief
20 Executive Officer at every insurance carrier which extends malpractice insurance coverage to
21 Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15
22 calendar days.

23 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

24 7. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
25 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
26 advanced practice nurses.

27 8. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
28 governing the practice of medicine in California and remain in full compliance with any court

1 ordered criminal probation, payments, and other orders.

2 9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
3 under penalty of perjury on forms provided by the Board, stating whether there has been
4 compliance with all the conditions of probation.

5 Respondent shall submit quarterly declarations not later than 10 calendar days after the end
6 of the preceding quarter.

7 10. GENERAL PROBATION REQUIREMENTS.

8 Compliance with Probation Unit

9 Respondent shall comply with the Board's probation unit.

10 Address Changes

11 Respondent shall, at all times, keep the Board informed of Respondent's business and
12 residence addresses, email address (if available), and telephone number. Changes of such
13 addresses shall be immediately communicated in writing to the Board or its designee. Under no
14 circumstances shall a post office box serve as an address of record, except as allowed by Business
15 and Professions Code section 2021, subdivision (b).

16 Place of Practice

17 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
18 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
19 facility.

20 License Renewal

21 Respondent shall maintain a current and renewed California physician's and surgeon's
22 license.

23 Travel or Residence Outside California

24 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
25 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
26 (30) calendar days.

27 In the event Respondent should leave the State of California to reside or to practice
28 , Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of

1 departure and return.

2 11. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
3 available in person upon request for interviews either at Respondent's place of business or at the
4 probation unit office, with or without prior notice throughout the term of probation.

5 12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
6 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
7 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
8 defined as any period of time Respondent is not practicing medicine as defined in Business and
9 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
10 patient care, clinical activity or teaching, or other activity as approved by the Board. If
11 Respondent resides in California and is considered to be in non-practice, Respondent shall
12 comply with all terms and conditions of probation. All time spent in an intensive training
13 program which has been approved by the Board or its designee shall not be considered non-
14 practice and does not relieve Respondent from complying with all the terms and conditions of
15 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
16 on probation with the medical licensing authority of that state or jurisdiction shall not be
17 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
18 period of non-practice.

19 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
20 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
21 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
22 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
23 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

24 Respondent's period of non-practice while on probation shall not exceed two (2) years.

25 Periods of non-practice will not apply to the reduction of the probationary term.

26 Periods of non-practice for a Respondent residing outside of California will relieve
27 Respondent of the responsibility to comply with the probationary terms and conditions with the
28 exception of this condition and the following terms and conditions of probation: Obey All Laws;

1 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
2 Controlled Substances; and Biological Fluid Testing..

3 13. COMPLETION OF PROBATION. Respondent shall comply with all financial
4 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
5 completion of probation. Upon successful completion of probation, Respondent's certificate shall
6 be fully restored.

7 14. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
8 of probation is a violation of probation. If Respondent violates probation in any respect, the
9 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
10 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
11 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
12 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
13 the matter is final.

14 15. LICENSE SURRENDER. Following the effective date of this Decision, if
15 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
16 the terms and conditions of probation, Respondent may request to surrender his or her license.
17 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
18 determining whether or not to grant the request, or to take any other action deemed appropriate
19 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
20 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
21 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
22 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
23 application shall be treated as a petition for reinstatement of a revoked certificate.

24 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
25 with probation monitoring each and every year of probation, as designated by the Board, which
26 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
27 California and delivered to the Board or its designee no later than January 31 of each calendar
28 year.

17. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing action agency in the State of California, all of the charges and allegations contained in Accusation No. 800-2018-044591 shall be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict license.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Richard A. Jaffe. I understand the stipulation and the effect it will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Medical Board of California.

DATED: 12/16/21

MICHAEL FIELDING ALLEN, M.D.
Respondent

I have read and fully discussed with Respondent Michael Fielding Allen, M.D. the terms and conditions and other matters contained in the above Stipulated Settlement and Disciplinary Order. I approve its form and content.

3. This Accusation is brought before the Board, under the authority of the following

All section references are to the Business and Professions Code (Code) unless otherwise

ated.

4. Section 2227 of the Code states:

(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

(1) Have his or her license revoked upon order of the board.

(2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.

(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

(4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.

(5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical review or advisory conferences, professional competency examinations, continuing education activities, and cost reimbursement associated therewith that are agreed to with the board and successfully completed by the licensee, or other matters made confidential or privileged by existing law, is deemed public, and shall be made available to the public by the board pursuant to Section 803.1.

5. Section 2234 of the Code, states:

The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

... (b) Gross negligence.

(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single

negligent act.

(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

(d) Incompetence.

6. Section 2266 provides that the failure to maintain adequate and accurate records is unprofessional conduct.

OTHER STATUTES

7. Health and Safety Code section 120325 provides:

In enacting this chapter, but excluding Section 120380, and in enacting Sections 120400, 120405, 120410, and 120415, it is the intent of the Legislature to provide:

(a) A means for the eventual achievement of total immunization of appropriate age groups against the following childhood diseases:

(1) Diphtheria.

(2) Hepatitis B.

(3) Haemophilus influenza type b.

(4) Measles.

(5) Mumps.

(6) Pertussis (whooping cough).

(7) Poliomyelitis.

(8) Rubella.

(9) Tetanus.

(10) Varicella (chickenpox).

(11) Any other disease deemed appropriate by the department, taking into consideration the recommendations of the Advisory Committee on Immunization Practices of the United States

1 Department of Health and Human Services, the American Academy of Pediatrics, and the
2 American Academy of Family Physicians.

3 (b) That the persons required to be immunized be allowed to obtain immunizations from
4 whatever medical source they so desire, subject only to the condition that the immunization be
5 performed in accordance with the regulations of the department and that a record of the
6 immunization is made in accordance with the regulations.

7 (c) Exemptions from immunization for medical reasons.

8 (d) For the keeping of adequate records of immunization so that health departments,
9 schools, and other institutions, parents or guardians, and the persons immunized will be able to
10 ascertain that a child is fully or only partially immunized, and so that appropriate public agencies
11 will be able to ascertain the immunization needs of groups of children in schools or other
12 institutions.

13 (e) Incentives to public health authorities to design innovative and creative programs that
14 will promote and achieve full and timely immunization of children.

15 8. Health and Safety Code section 120370 provides, in pertinent part:

16 (a) If the parent or guardian files with the governing authority a written statement by a
17 licensed physician to the effect that the physical condition of the child is such, or medical
18 circumstances relating to the child are such, that immunization is not considered safe, indicating
19 the specific nature and probable duration of the medical condition or circumstances, including,
20 but not limited to, family medical history, for which the physician does not recommend
21 immunization, that child shall be exempt from the requirements of Chapter 1 (commencing with
22 Section 120325, but excluding Section 120380) and Sections 120400, 120405, 120410, and
23 120415 to the extent indicated by the physician's statement.

27 **FACTUAL ALLEGATIONS**

9. At all relevant times, Respondent Michael Fielding Allen, M.D., was a physician and surgeon with a specialization in pediatrics at his office in San Francisco, California. Beginning in 2018, the Board received complaints that Respondent was issuing vaccine exemptions that did not appear to be appropriate or valid.

10. Patient 1,¹ a six-year-old male child, was seen by a nurse practitioner and Respondent on September 18, 2018, and on March 5, 2019. The chief complaint was stated to be a request for a medical exemption because the child "gets sick a lot." Respondent issued a temporary two-month exemption on October 8, 2018, which expired on December 6, 2018. The exemption applied to many vaccines, including vaccines for which the six-year-old was not eligible, and "any other immunization deemed necessary, now and/or in the future." Respondent issued an additional two-month exemption on December 10, which expired on February 10, 2019. Because the exemption expired, Patient 1 was not permitted to attend school from February 12, 2019, and until Respondent provided a further, permanent exemption on March 4, 2019. A school nurse reported to the Board that the child's mother attributed the delay to the family's lack of funds to pay Respondent for another exemption letter. In a subsequent interview with the Board, Respondent stated that he provided the temporary exemptions to permit the child to attend school while the family prepared a family medical history. Respondent stated that he based his permanent vaccine exemption on a sibling history of vaccine reactions, paternal family history of multiple vaccine reactions, the child's history of asthma and allergies and what Respondent termed "neurologic vulnerability." He also considered a family history of Alzheimer's disease to be pertinent because of what he termed neurotoxins in vaccines.

11. Patient 2, a three-year-old female child, was seen by Respondent on August 3, 2018 and October 16, 2018. She had received her scheduled vaccinations up to age 15 months from her treating physicians at Kaiser, after which the family refused further immunizations. The child's parents requested a vaccine exemption from Respondent based upon the child's reaction of "fussiness, fever and rash by injection sites after vaccines." The parents also reported a reaction to a Vitamin K shot by Patient 2's sibling (Patient 3), but stated that neither child's vaccine reactions

1 would be found in the records because their primary care providers said the responses were
2 normal. In a vaccine exemption, dated October 29, 2018, Respondent listed Patient 2's vaccine
3 reaction, her sibling's vaccine reaction² and a long list of family autoimmune disorders, allergies
4 and mental illnesses. In a subsequent interview, Respondent stated that that his primary concerns
5 in exempting the child from all presently required vaccines, as well as any deemed necessary in
6 the future, were the "vaccine" reactions of Patient 2 and her sibling and the family history of
7 vaccine reactions and autoimmune disorders.

8 12. Patient 3, the nine-month-old male sibling of Patient 2, was also seen by Respondent
9 at the August 3, 2018 and October 16, 2018 visits. As stated, Patient 3 had not been vaccinated.
10 He was jaundiced at birth and had not received the Hepatitis B vaccine, but only got a Vitamin K
11 shot. At his initial visit, his parents reported teething, colic, food sensitivity and "hard to get to
12 sleep," but an otherwise healthy infant. As with Patient 3's sibling, Respondent's plan was to
13 obtain a family history. At his Board interview, Respondent stated that the medical circumstances
14 that stood out as priority were the infant's Vitamin K shot reaction, where he reportedly went
15 limp, the sibling's vaccine reaction and family history of vaccine reactions and autoimmune
16 disorders. Kaiser records for Patient 3 reflect the advice of his treating physicians to adhere to the
17 standard immunization schedule.

18 13. Patient 4, an unvaccinated two-year nine-month-old male, was seen on February 5
19 and August 9, 2019. Patient 4 had been diagnosed with Autism Spectrum Disorder (ASD) and
20 was receiving applied behavior analysis (ABA) and other therapies. Respondent's exemption,
21 dated February 17, 2019 is based on the autism diagnosis, family history of vaccine
22 reactions/anaphylaxis (without reference to a specific vaccine) family history of autoimmune
23 disease and sibling's developmental delay. Respondent's records, which are in parts illegible,
24 indicate that the child's parents were interested in a modified vaccine schedule; nevertheless,
25 Respondent wrote a permanent exemption from all vaccines. At a subsequent interview,
26 Respondent was asked if he had any concerns that, having received a permanent and global
27

28 ² Patient 3 had not received any vaccinations as of the date of the exemption.

1 exemption, the child might not be vaccinated. Respondent did not accept any responsibility and
2 stated that the permanent exemption was "just my opinion."

3
4 14. Patient 5, a 21-month-old male infant was seen by Respondent for the purpose of
5 obtaining a vaccine exemption on October 27, 2017. The child's mother stated that his Kaiser
6 physicians would not provide him with an exemption and his daycare facility was requesting
7 updated immunization records. The conditions reported in the parental report include a potential
8 unknown syndrome (with genetic testing pending), developmental delay and constipation. On
9 November 30, 2017, Respondent provided a permanent and global exemption from all vaccines,
10 including any that might be required in the future. In a subsequent interview, Respondent stated
11 that the significant matters underlying his exemption were the child's reported vaccine reaction to
12 the Hepatitis B vaccine and his Vitamin K shot after birth, as well as family history of adverse
13 reactions following immunization, allergic conditions and autoimmune disease.

14 15. Patient 6, a five-year-old female, was seen by Respondent on August 14 and
15 September 25, 2018, for a "vaccine consult." Patient 6 received a temporary exemption on June 6,
16 2018, before her first appointment with Respondent. Respondent's records for this patient are
17 largely illegible. At a subsequent interview, Respondent stated that the temporary exemption was
18 based upon a verbal report that a sibling had an adverse reaction and was given because the child
19 "needed to be in school." On September 20, 2018, Respondent provided a permanent and global
20 vaccine exemption based upon a reported sibling vaccine reaction, the child's history of eczema
21 and "neurological vulnerability" as well as a family history of autoimmune disorders, allergies
22 and mental health disorders.

23 CAUSE FOR DISCIPLINE

24 (Gross Negligence, Incompetence/Inadequate records)

25 16. Respondent Michael Fielding Allen, M.D. is guilty of unprofessional conduct and his
26 certificate is subject to disciplinary action under section 2234 and/or 2234(b) and/or 2234(c)
27 and/or 2234(d) and/or 2266 in that Respondent engaged in acts of unprofessional conduct, gross
28 and/or repeated negligence and/or demonstrated incompetence in issuing vaccine exemptions to

1 Patients 1 through 6, and failed to keep adequate and accurate records, including but not limited
2 to, the following:

3 A. Respondent provided vaccine exemptions that were not based upon generally
4 accepted standards established by the Centers for Disease Control and Prevention (CDC), through
5 the Advisory Committee on Immunization Practices (ACIP), and the American Academy of
6 Pediatrics (AAP), as published in the Red Book;

7 B. Respondent routinely provided exemptions that were based upon remote and
8 irrelevant personal and family history, including allergic conditions and autoimmune diseases;

9 C. Respondent demonstrated a lack of basic medical knowledge regarding immunization
10 practices and vaccine safety;

11 D. Respondent extended his exemptions to vaccines that might be required in the future,
12 including those not yet developed, e.g. SARS-CoV-2, for which he had no basis to do a
13 risk/benefit analysis;

14 E. Respondent demonstrated a lack of basic medical knowledge regarding the risk to
15 child and to the public health posed by failure to vaccinate;

16 F. Respondent failed to obtain and/or failed to document informed refusal or to have
17 parents sign an AAP-recommended Refusal to Vaccinate form and his records are in parts
18 illegible.

19 **PRAYER**

20 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
21 and that following the hearing, the Medical Board of California issue a decision:

22 1. Revoking or suspending Physician's and Surgeon's Certificate Number G 73771,
23 issued to Michael Fielding Allen, M.D.;

24 2. Revoking, suspending or denying approval of Michael Fielding Allen, M.D.'s
25 authority to supervise physician assistants and advanced practice nurses;

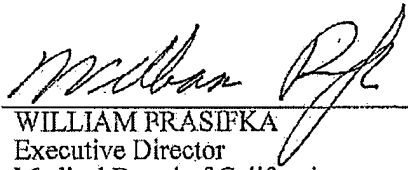

26 3. Ordering Michael Fielding Allen, M.D., if placed on probation, to pay the Board the
27 costs of probation monitoring; and
