IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Reji Varghese (Complainant) is the Interim Executive Director of the Medical Board of California (Board). He brought this action solely in his official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Latrice R. Hemphill, Deputy Attorney General.

2. Respondent Carrie Wynn Bacon, M.D. (Respondent) is represented in this proceeding by attorney Kevin C. Murphy, whose address is: Murphy Jones APC, 5575 Lake Park Way, Suite 218, La Mesa, CA 91942.

3. On October 29, 2003, the Board issued Physician's and Surgeon's Certificate No. A 85044 to Carrie Wynn Bacon, M.D. The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2022-092466, and will expire on July 31, 2023, unless renewed.

JURISDICTION

4. Accusation No. 800-2022-092466 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on December 22, 2022. Respondent timely filed her Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 800-2022-092466 is attached as Exhibit A and is incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2022-092466. Respondent has also carefully read, fully discussed with her counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against her; the right to present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 800-2022-092466, if proven at a hearing, constitute cause for imposing discipline upon her Physician's and Surgeon's Certificate.

10. Respondent does not contest that, at an administrative hearing, complainant could establish a prima facie case with respect to the charges and allegations in Accusation No. 800-2022-092466, a true and correct copy of which is attached hereto as Exhibit A, and that he has thereby subjected her Physician's and Surgeon's Certificate, No. A 85044 to disciplinary action.

11. Respondent agrees that her Physician's and Surgeon's Certificate is subject to discipline and she agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Medical Board of California. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or her counsel. By signing the stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. Respondent agrees that if she ever petitions for early termination or modification of probation, or if an accusation and/or petition to revoke probation is filed against her before the Board, all of the charges and allegations contained in Accusation No. 800-2022-092466 shall be deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

14. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

15. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED THAT Physician's and Surgeon's Certificate No. A 85044 issued to Respondent Carrie Wynn Bacon, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for five (5) years on the following terms and conditions:

1. CONTROLLED SUBSTANCES - ABSTAIN FROM USE. Respondent shall abstain completely from the personal use or possession of controlled substances as defined in the California Uniform Controlled Substances Act, dangerous drugs as defined by Business and Professions Code section 4022, and any drugs requiring a prescription. This prohibition does not apply to medications lawfully prescribed to Respondent by another practitioner for a bona fide illness or condition.

Within 15 calendar days of receiving any lawfully prescribed medications, Respondent shall notify the Board or its designee of the: issuing practitioner's name, address, and telephone number; medication name, strength, and quantity; and issuing pharmacy name, address, and telephone number.

2. ALCOHOL - ABSTAIN FROM USE. Respondent shall abstain completely from the use of products or beverages containing alcohol.

3. PROFESSIONALISM PROGRAM (ETHICS COURSE). Within 60 calendar days of the effective date of this Decision, Respondent shall enroll in a professionalism program, that meets the requirements of Title 16, California Code of Regulations (CCR) section 1358.1. Respondent shall participate in and successfully complete that program. Respondent shall provide any information and documents that the program may deem pertinent. Respondent shall successfully complete the classroom component of the program not later than six (6) months after Respondent's initial enrollment, and the longitudinal component of the program not later than the time specified by the program, but no later than one (1) year after attending the classroom component. The professionalism program shall be at Respondent's expense and shall be in

addition to the Continuing Medical Education (CME) requirements for renewal of licensure.

A professionalism program taken after the acts that gave rise to the charges in the Accusation, but prior to the effective date of the Decision may, in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the program would have been approved by the Board or its designee had the program been taken after the effective date of this Decision.

Respondent shall submit a certification of successful completion to the Board or its designee not later than 15 calendar days after successfully completing the program or not later than 15 calendar days after the effective date of the Decision, whichever is later.

4. NOTICE OF EMPLOYER OR SUPERVISOR INFORMATION. Within seven (7) days of the effective date of this Decision, Respondent shall provide to the Board the names, physical addresses, mailing addresses, and telephone numbers of any and all employers and supervisors. Respondent shall also provide specific, written consent for the Board, Respondent's worksite monitor, and Respondent's employers and supervisors to communicate regarding Respondent's work status, performance, and monitoring.

For purposes of this section, "supervisors" shall include the Chief of Staff and Health or Well Being Committee Chair, or equivalent, if applicable, when the Respondent has medical staff privileges.

5. BIOLOGICAL FLUID TESTING. Respondent shall immediately submit to biological fluid testing, at Respondent's expense, upon request of the Board or its designee. "Biological fluid testing" may include, but is not limited to, urine, blood, breathalyzer, hair follicle testing, or similar drug screening approved by the Board or its designee. Respondent shall make daily contact with the Board or its designee to determine whether biological fluid testing is required. Respondent shall be tested on the date of the notification as directed by the Board or its designee. The Board may order a Respondent to undergo a biological fluid test on any day, at any time, including weekends and holidays. Except when testing on a specific date as ordered by the Board or its designee, the scheduling of biological fluid testing shall be done on a random basis. The cost of biological fluid testing shall be borne by the Respondent.

During the first year of probation, Respondent shall be subject to 52 to 104 random tests. During the second year of probation and for the duration of the probationary term, up to five (5) years, Respondent shall be subject to 36 to 104 random tests per year. Only if there has been no positive biological fluid tests in the previous five (5) consecutive years of probation, may testing be reduced to one (1) time per month. Nothing precludes the Board from increasing the number of random tests to the first-year level of frequency for any reason.

Prior to practicing medicine, Respondent shall contract with a laboratory or service, approved in advance by the Board or its designee, that will conduct random, unannounced, observed, biological fluid testing and meets all of the following standards:

(a) Its specimen collectors are either certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the United States Department of Transportation.

(b) Its specimen collectors conform to the current United States Department of Transportation Specimen Collection Guidelines.

(c) Its testing locations comply with the Urine Specimen Collection Guidelines published by the United States Department of Transportation without regard to the type of test administered.

(d) Its specimen collectors observe the collection of testing specimens.

(e) Its laboratories are certified and accredited by the United States Department of Health and Human Services.

(f) Its testing locations shall submit a specimen to a laboratory within one (1) business day of receipt and all specimens collected shall be handled pursuant to chain of custody procedures. The laboratory shall process and analyze the specimens and provide legally defensible test results to the Board within seven (7) business days of receipt of the specimen. The Board will be notified of non-negative results within one (1) business day and will be notified of negative test results within seven (7) business days.

(g) Its testing locations possess all the materials, equipment, and technical expertise necessary in order to test Respondent on any day of the week.

(h) Its testing locations are able to scientifically test for urine, blood, and hair specimens for the detection of alcohol and illegal and controlled substances.

(i) It maintains testing sites located throughout California.

(j) It maintains an automated 24-hour toll-free telephone system and/or a secure on-line computer database that allows the Respondent to check in daily for testing.

(k) It maintains a secure, HIPAA-compliant website or computer system that allows staff access to drug test results and compliance reporting information that is available 24 hours a day.

(l) It employs or contracts with toxicologists that are licensed physicians and have knowledge of substance abuse disorders and the appropriate medical training to interpret and evaluate laboratory biological fluid test results, medical histories, and any other information relevant to biomedical information.

(m) It will not consider a toxicology screen to be negative if a positive result is obtained while practicing, even if the Respondent holds a valid prescription for the substance.

Prior to changing testing locations for any reason, including during vacation or other travel, alternative testing locations must be approved by the Board and meet the requirements above.

The contract shall require that the laboratory directly notify the Board or its designee of non-negative results within one (1) business day and negative test results within seven (7) business days of the results becoming available. Respondent shall maintain this laboratory or service contract during the period of probation.

A certified copy of any laboratory test result may be received in evidence in any proceedings between the Board and Respondent.

If a biological fluid test result indicates Respondent has used, consumed, ingested, or administered to herself a prohibited substance, the Board shall order Respondent to cease practice and instruct Respondent to leave any place of work where Respondent is practicing medicine or providing medical services. The Board shall immediately notify all of Respondent's employers, supervisors and work monitors, if any, that Respondent may not practice medicine or provide medical services while the cease-practice order is in effect.

A biological fluid test will not be considered negative if a positive result is obtained while practicing, even if the practitioner holds a valid prescription for the substance. If no prohibited substance use exists, the Board shall lift the cease-practice order within one (1) business day.

After the issuance of a cease-practice order, the Board shall determine whether the positive biological fluid test is in fact evidence of prohibited substance use by consulting with the specimen collector and the laboratory, communicating with the licensee, his or her treating physician(s), other health care provider, or group facilitator, as applicable.

For purposes of this condition, the terms "biological fluid testing" and "testing" mean the acquisition and chemical analysis of a Respondent's urine, blood, breath, or hair.

For purposes of this condition, the term "prohibited substance" means an illegal drug, a lawful drug not prescribed or ordered by an appropriately licensed health care provider for use by Respondent and approved by the Board, alcohol, or any other substance the Respondent has been instructed by the Board not to use, consume, ingest, or administer to himself or herself.

If the Board confirms that a positive biological fluid test is evidence of use of a prohibited substance, Respondent has committed a major violation, as defined in section 1361.52(a), and the Board shall impose any or all of the consequences set forth in section 1361.52(b), in addition to any other terms or conditions the Board determines are necessary for public protection or to enhance Respondent's rehabilitation.

6. SUBSTANCE ABUSE SUPPORT GROUP MEETINGS. Within thirty (30) days of the effective date of this Decision, Respondent shall submit to the Board or its designee, for its prior approval, the name of a substance abuse support group which she shall attend for the duration of probation. Respondent shall attend substance abuse support group meetings at least once per week, or as ordered by the Board or its designee. Respondent shall pay all substance abuse support group meeting costs.

The facilitator of the substance abuse support group meeting shall have a minimum of three (3) years' experience in the treatment and rehabilitation of substance abuse, and shall be licensed or certified by the state or nationally certified organizations. The facilitator shall not have a current or former financial, personal, or business relationship with Respondent within the last five

(5) years. Respondent's previous participation in a substance abuse group support meeting led by the same facilitator does not constitute a prohibited current or former financial, personal, or business relationship.

The facilitator shall provide a signed document to the Board or its designee showing Respondent's name, the group name, the date and location of the meeting, Respondent's attendance, and Respondent's level of participation and progress. The facilitator shall report any unexcused absence by Respondent from any substance abuse support group meeting to the Board, or its designee, within twenty-four (24) hours of the unexcused absence.

7. VIOLATION OF PROBATION CONDITION FOR SUBSTANCE ABUSING LICENSEES. Failure to fully comply with any term or condition of probation is a violation of probation.

A. If Respondent commits a major violation of probation as defined by section 1361.52, subdivision (a), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:

(1) Issue an immediate cease-practice order and order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense. The cease-practice order issued by the Board or its designee shall state that Respondent must test negative for at least a month of continuous biological fluid testing before being allowed to resume practice. For purposes of determining the length of time a Respondent must test negative while undergoing continuous biological fluid testing following issuance of a cease-practice order, a month is defined as thirty calendar (30) days. Respondent may not resume the practice of medicine until notified in writing by the Board or its designee that he or she may do so.

(2) Increase the frequency of biological fluid testing.

(3) Refer Respondent for further disciplinary action, such as suspension, revocation, or other action as determined by the Board or its designee.

B. If Respondent commits a minor violation of probation as defined by section 1361.52, subdivision (c), of Title 16 of the California Code of Regulations, the Board shall take

one or more of the following actions:

(1) Issue a cease-practice order;

(2) Order practice limitations;

(3) Order or increase supervision of Respondent;

(4) Order increased documentation;

(5) Issue a citation and fine, or a warning letter;

(6) Order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense;

(7) Take any other action as determined by the Board or its designee.

C. Nothing in this Decision shall be considered a limitation on the Board's authority to revoke Respondent's probation if he or she has violated any term or condition of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

8. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

9. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court

ordered criminal probation, payments, and other orders.

10. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby ordered to reimburse the Board its costs of investigation and enforcement in the amount of $7,680 (seven thousand six hundred and eighty dollars). Costs shall be payable to the Medical Board of California. Failure to pay such costs shall be considered a violation of probation.

Payment must be made in full within 30 calendar days of the effective date of the Order, or by a payment plan approved by the Medical Board of California. Any and all requests for a payment plan shall be submitted in writing by respondent to the Board. Failure to comply with the payment plan shall be considered a violation of probation.

The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to repay investigation and enforcement costs.

11. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

Respondent shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

12. GENERAL PROBATION REQUIREMENTS.

Compliance with Probation Unit

Respondent shall comply with the Board's probation unit.

Address Changes

Respondent shall, at all times, keep the Board informed of Respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021, subdivision (b).

Place of Practice

Respondent shall not engage in the practice of medicine in Respondent's or patient's place of residence, unless the patient resides in a skilled nursing facility or other similar licensed

facility.

License Renewal

Respondent shall maintain a current and renewed California physician's and surgeon's license.

Travel or Residence Outside California

Respondent shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event Respondent should leave the State of California to reside or to practice Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of departure and return.

13. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be available in person upon request for interviews either at Respondent's place of business or at the probation unit office, with or without prior notice throughout the term of probation.

14. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards' Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

15. COMPLETION OF PROBATION. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. This term does not include cost recovery, which is due within 30 calendar days of the effective date of the Order, or by a payment plan approved by the Medical Board and timely satisfied. Upon successful completion of probation, Respondent's certificate shall be fully restored.

16. VIOLATION OF PROBATION. Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

17. LICENSE SURRENDER. Following the effective date of this Decision, if Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may request to surrender his or her license.

The Board reserves the right to evaluate Respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its designee and Respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

18. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

19. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing action agency in the State of California, all of the charges and allegations contained in Accusation No. 800-2022-092466 shall be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict license.

(g) The failure by a certificate holder, in the absence of good cause, to attend and participate in an interview by the board. This subdivision shall only apply to a certificate holder who is the subject of an investigation by the board.

6. Section 2236 of the Code states:

(a) The conviction of any offense substantially related to the qualifications, functions, or duties of a physician and surgeon constitutes unprofessional conduct within the meaning of this chapter [Chapter 5, the Medical Practice Act]. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred.

(b) The district attorney, city attorney, or other prosecuting agency shall notify the Medical Board of the pendency of an action against a licensee charging a felony or misdemeanor immediately upon obtaining information that the defendant is a licensee. The notice shall identify the licensee and describe the crimes charged and the facts alleged. The prosecuting agency shall also notify the clerk of the court in which the action is pending that the defendant is a licensee, and the clerk shall record prominently in the file that the defendant holds a license as a physician and surgeon.

(c) The clerk of the court in which a licensee is convicted of a crime shall, within 48 hours after the conviction, transmit a certified copy of the record of conviction to the board. The division may inquire into the circumstances surrounding the commission of a crime in order to fix the degree of discipline or to determine if the conviction is of an offense substantially related to the qualifications, functions, or duties of a physician and surgeon.

(d) A plea or verdict of guilty or a conviction after a plea of nolo contendere is deemed to be a conviction within the meaning of this section and Section 2236.1. The record of conviction shall be conclusive evidence of the fact that the conviction occurred.

7. Section 2239 of the Code states:

(a) The use or prescribing for or administering to himself or herself, of any controlled substance; or the use of any of the dangerous drugs specified in Section 4022, or of alcoholic beverages, to the extent, or in such a manner as to be dangerous

or injurious to the licensee, or to any other person or to the public, or to the extent that such use impairs the ability of the licensee to practice medicine safely or more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this section, or any combination thereof, constitutes unprofessional conduct. The record of the conviction is conclusive evidence of such unprofessional conduct.

(b) A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The Medical Board may order discipline of the licensee in accordance with Section 2227 or the Medical Board may order the denial of the license when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

8. Section 490 of the Code states:

(a) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the licensee's license was issued.

(c) A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(d) The Legislature hereby finds and declares that the application of this section has been made unclear by the holding in *Petropoulos* v. *Department of Real Estate* (2006) 142 Cal.App.4th 554, and that the holding in that case has placed a significant number of statutes and regulations in question, resulting in potential harm to the consumers of California from licensees who have been convicted of crimes. Therefore, the Legislature finds and declares that this section establishes an independent basis for a board to impose discipline upon a licensee, and that the amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change to, but rather are declaratory of, existing law.

REGULATORY PROVISIONS

9. California Code of Regulations, title 16, section 1360, states:

For the purposes of denial, suspension or revocation of a license, certificate or

permit pursuant to Division 1.5 (commencing with Section 475) of the code, a crime or act shall be considered to be substantially related to the qualifications, functions or duties of a person holding a license, certificate or permit under the Medical Practice Act if to a substantial degree it evidences present or potential unfitness of a person holding a license, certificate or permit to perform the functions authorized by the license, certificate or permit in a manner consistent with the public health, safety or welfare. Such crimes or acts shall include but not be limited to the following: Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision of the Medical Practice Act.

COST RECOVERY

10. Section 125.3 of the Code states:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licensee that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licensee who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licensee who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid

costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in that board's licensing act provides for recovery of costs in an administrative disciplinary proceeding.
