IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Reji Varghese (Complainant) is the Interim Executive Director of the Medical Board of California (Board). He brought this action solely in his official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, and by Joseph F. McKenna III, Deputy Attorney General.

2. Respondent Andrei Nikolai Dokukin, M.D. (Respondent) is represented in this proceeding by attorney Raymond J. McMahon, Esq., whose address is: 5440 Trabuco Road, Irvine, California, 92620.

3. On or about January 6, 2010, the Board issued Physician's and Surgeon's Certificate No. A 110631 to Respondent. The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2020-072082, and will expire on September 30, 2023, unless renewed.

JURISDICTION

4. On January 25, 2023, Accusation No. 800-2020-072082 was filed before the Board and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on January 25, 2023. Respondent timely filed his Notice of Defense contesting the Accusation. A true and correct copy of the Accusation is attached hereto as Exhibit A and hereby incorporated by reference as if fully set forth herein.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, discussed with counsel, and fully understands the charges and allegations contained in Accusation No. 800-2020-072082. Respondent has also carefully read, discussed with his counsel, and fully understands the effects of this Stipulated Settlement and Disciplinary Order.

6. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations contained in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws, having been fully advised of same by his counsel.

7. Having the benefit of counsel, Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

8. Respondent understands and agrees that the charges and allegations contained in Accusation No. 800-2020-072082, if proven at a hearing, constitute cause for imposing discipline upon his Physician's and Surgeon's Certificate No. A 110631.

9. Respondent stipulates that, at a hearing, Complainant could establish a *prima facie* case or factual basis for the charges and allegations contained in the Accusation; that he gives up his right to contest those charges and allegations contained in the Accusation; and that he has thereby subjected his Physician's and Surgeon's Certificate to disciplinary action.

CONTINGENCY

10. This stipulation shall be subject to approval by the Board. Respondent understands and agrees that counsel for Complainant and the staff of the Board may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

11. Respondent agrees that if he ever petitions for early termination or modification of probation, or if an accusation and/or petition to revoke probation is filed against him before the Board, all of the charges and allegations contained in Accusation No. 800-2020-072082 shall be deemed true, correct and fully admitted by Respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

Respondent shall pay the cost of the medical evaluation(s) and treatment.

7. CLINICAL DIAGNOSTIC EVALUATIONS AND REPORTS.

Within 30 calendar days of the effective date of this Decision, and on whatever periodic basis thereafter as may be required by the Board or its designee, Respondent shall undergo and complete a clinical diagnostic evaluation, including any and all testing deemed necessary, by a Board-appointed board certified physician and surgeon. The examiner shall consider any information provided by the Board or its designee and any other information he or she deems relevant, and shall furnish a written evaluation report to the Board or its designee.

The clinical diagnostic evaluation shall be conducted by a licensed physician and surgeon who holds a valid, unrestricted license, has 3 years' experience in providing evaluations of physicians and surgeons with substance abuse disorders, and is approved by the Board or its designee. The clinical diagnostic evaluation shall be conducted in accordance with acceptable professional standards for conducting substance abuse clinical diagnostic evaluations. The evaluator shall not have a current or former financial, personal, or business relationship with Respondent within the last 5 years. The evaluator shall provide an objective, unbiased, and

independent evaluation. The clinical diagnostic evaluation report shall set forth, in the evaluator's opinion, whether Respondent has a substance abuse problem, whether Respondent is a threat to himself or others, and recommendations for substance abuse treatment, practice restrictions, or other recommendations related to Respondent's rehabilitation and ability to practice safely. If the evaluator determines during the evaluation process that Respondent is a threat to himself or others, the evaluator shall notify the Board within 24 hours of such a determination.

In formulating his or her opinion as to whether Respondent is safe to return to either part-time or full-time practice and what restrictions or recommendations should be imposed, including participation in an inpatient or outpatient treatment program, the evaluator shall consider the following factors: Respondent's license type; Respondent's history; Respondent's documented length of sobriety (i.e., length of time that has elapsed since Respondent's last substance use); Respondent's scope and pattern of substance abuse; Respondent's treatment history, medical history and current medical condition; the nature, duration and severity of Respondent's substance abuse problem or problems; and whether Respondent is a threat to himself or the public.

For all clinical diagnostic evaluations, a final written report shall be provided to the Board no later than 10 days from the date the evaluator is assigned the matter. If the evaluator requests additional information or time to complete the evaluation and report, an extension may be granted, but shall not exceed 30 days from the date the evaluator was originally assigned the matter.

The Board shall review the clinical diagnostic evaluation report within 5 business days of receipt to determine whether Respondent is safe to return to either part-time or full-time practice and what restrictions or recommendations shall be imposed on Respondent based on the recommendations made by the evaluator. Respondent shall not be returned to practice until he has at least 30 days of negative biological fluid tests or biological fluid tests indicating that he has not used, consumed, ingested, or administered to himself a prohibited substance, as defined in section 1361.51, subdivision (e), of Title 16 of the California Code of Regulations.

////

Clinical diagnostic evaluations conducted prior to the effective date of this Decision shall not be accepted towards the fulfillment of this requirement. The cost of the clinical diagnostic evaluation, including any and all testing deemed necessary by the examiner, the Board or its designee, shall be borne by the licensee.

Respondent shall not engage in the practice of medicine until notified by the Board or its designee that he is fit to practice medicine safely. The period of time that Respondent is not practicing medicine shall not be counted toward completion of the term of probation. Respondent shall undergo biological fluid testing as required in this Decision at least 2 times per week while awaiting the notification from the Board if he is fit to practice medicine safely.

Respondent shall comply with all restrictions or conditions recommended by the examiner conducting the clinical diagnostic evaluation within 15 calendar days after being notified by the Board or its designee.

8. NOTICE OF EMPLOYER OR SUPERVISOR INFORMATION.

Within 7 days of the effective date of this Decision, Respondent shall provide to the Board the names, physical addresses, mailing addresses, and telephone numbers of any and all employers and supervisors. Respondent shall also provide specific, written consent for the Board, Respondent's worksite monitor, and Respondent's employers and supervisors to communicate regarding Respondent's work status, performance, and monitoring.

For purposes of this section, "supervisors" shall include the Chief of Staff and Health or Well Being Committee Chair, or equivalent, if applicable, when the Respondent has medical staff privileges.

9. BIOLOGICAL FLUID TESTING.

Respondent shall immediately submit to biological fluid testing, at Respondent's expense, upon request of the Board or its designee. "Biological fluid testing" may include, but is not limited to, urine, blood, breathalyzer, hair follicle testing, or similar drug screening approved by the Board or its designee. Respondent shall make daily contact with the Board or its designee to determine whether biological fluid testing is required. Respondent shall be tested on the date of the notification as directed by the Board or its designee. The Board may order a Respondent to

undergo a biological fluid test on any day, at any time, including weekends and holidays. Except when testing on a specific date as ordered by the Board or its designee, the scheduling of biological fluid testing shall be done on a random basis. The cost of biological fluid testing shall be borne by the Respondent.

During the first year of probation, Respondent shall be subject to 52 to 104 random tests. During the second year of probation and for the duration of the probationary term, up to 5 years, Respondent shall be subject to 36 to 104 random tests per year. Only if there has been no positive biological fluid tests in the previous 5 consecutive years of probation, may testing be reduced to 1 time per month. Nothing precludes the Board from increasing the number of random tests to the first-year level of frequency for any reason.

Prior to practicing medicine, Respondent shall contract with a laboratory or service, approved in advance by the Board or its designee, that will conduct random, unannounced, observed, biological fluid testing and meets all of the following standards:

(a) Its specimen collectors are either certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the United States Department of Transportation.

(b) Its specimen collectors conform to the current United States Department of Transportation Specimen Collection Guidelines.

(c) Its testing locations comply with the Urine Specimen Collection Guidelines published by the United States Department of Transportation without regard to the type of test administered.

(d) Its specimen collectors observe the collection of testing specimens.

(e) Its laboratories are certified and accredited by the United States Department of Health and Human Services.

(f) Its testing locations shall submit a specimen to a laboratory within 1 business day of receipt and all specimens collected shall be handled pursuant to chain of custody procedures. The laboratory shall process and analyze the specimens and provide legally defensible test results to the Board within 7 business days of receipt of the specimen. The

Board will be notified of non-negative results within 1 business day and will be notified of negative test results within 7 business days.

(g) Its testing locations possess all the materials, equipment, and technical expertise necessary in order to test Respondent on any day of the week.

(h) Its testing locations are able to scientifically test for urine, blood, and hair specimens for the detection of alcohol and illegal and controlled substances.

(i) It maintains testing sites located throughout California.

(j) It maintains an automated 24-hour toll-free telephone system and/or a secure on-line computer database that allows the Respondent to check in daily for testing.

(k) It maintains a secure, HIPAA-compliant website or computer system that allows staff access to drug test results and compliance reporting information that is available 24 hours a day.

(l) It employs or contracts with toxicologists that are licensed physicians and have knowledge of substance abuse disorders and the appropriate medical training to interpret and evaluate laboratory biological fluid test results, medical histories, and any other information relevant to biomedical information.

(m) It will not consider a toxicology screen to be negative if a positive result is obtained while practicing, even if the Respondent holds a valid prescription for the substance.

Prior to changing testing locations for any reason, including during vacation or other travel, alternative testing locations must be approved by the Board and meet the requirements above.

The contract shall require that the laboratory directly notify the Board or its designee of non-negative results within 1 business day and negative test results within 7 business days of the results becoming available. Respondent shall maintain this laboratory or service contract during the period of probation.

A certified copy of any laboratory test result may be received in evidence in any proceedings between the Board and Respondent.

If a biological fluid test result indicates Respondent has used, consumed, ingested, or administered to himself a prohibited substance, the Board shall order Respondent to cease

practice and instruct Respondent to leave any place of work where Respondent is practicing medicine or providing medical services. The Board shall immediately notify all of Respondent's employers, supervisors and work monitors, if any, that Respondent may not practice medicine or provide medical services while the cease-practice order is in effect.

A biological fluid test will not be considered negative if a positive result is obtained while practicing, even if the practitioner holds a valid prescription for the substance. If no prohibited substance use exists, the Board shall lift the cease-practice order within 1 business day.

After the issuance of a cease-practice order, the Board shall determine whether the positive biological fluid test is in fact evidence of prohibited substance use by consulting with the specimen collector and the laboratory, communicating with the licensee, his or her treating physician(s), other health care provider, or group facilitator, as applicable.

For purposes of this condition, the terms "biological fluid testing" and "testing" mean the acquisition and chemical analysis of a Respondent's urine, blood, breath, or hair.

For purposes of this condition, the term "prohibited substance" means an illegal drug, a lawful drug not prescribed or ordered by an appropriately licensed health care provider for use by Respondent and approved by the Board, alcohol, or any other substance the Respondent has been instructed by the Board not to use, consume, ingest, or administer to himself.

If the Board confirms that a positive biological fluid test is evidence of use of a prohibited substance, Respondent has committed a major violation, as defined in section 1361.52(a), and the Board shall impose any or all of the consequences set forth in section 1361.52(b), in addition to any other terms or conditions the Board determines are necessary for public protection or to enhance Respondent's rehabilitation.

10. SUBSTANCE ABUSE SUPPORT GROUP MEETINGS.

Within 30 days of the effective date of this Decision, Respondent shall submit to the Board or its designee, for its prior approval, the name of a substance abuse support group which he shall attend for the duration of probation. Respondent shall attend substance abuse support group meetings at least once per week, or as ordered by the Board or its designee. Respondent shall pay all substance abuse support group meeting costs.

The facilitator of the substance abuse support group meeting shall have a minimum of 3 years' experience in the treatment and rehabilitation of substance abuse, and shall be licensed or certified by the state or nationally certified organizations. The facilitator shall not have a current or former financial, personal, or business relationship with Respondent within the last 5 years. Respondent's previous participation in a substance abuse group support meeting led by the same facilitator does not constitute a prohibited current or former financial, personal, or business relationship.

The facilitator shall provide a signed document to the Board or its designee showing Respondent's name, the group name, the date and location of the meeting, Respondent's attendance, and Respondent's level of participation and progress. The facilitator shall report any unexcused absence by Respondent from any substance abuse support group meeting to the Board, or its designee, within 24 hours of the unexcused absence.

11. WORKSITE MONITOR FOR SUBSTANCE-ABUSING LICENSEE.

Within 30 calendar days of the effective date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a worksite monitor, the name and qualifications of one or more licensed physicians and surgeons, other licensed health care professional if no physician and surgeon is available, or, as approved by the Board or its designee, a person in a position of authority who is capable of monitoring the Respondent at work.

The worksite monitor shall not have a current or former financial, personal, or familial relationship with Respondent, or any other relationship that could reasonably be expected to compromise the ability of the monitor to render impartial and unbiased reports to the Board or its designee. If it is impractical for anyone but Respondent's employer to serve as the worksite monitor, this requirement may be waived by the Board or its designee, however, under no circumstances shall Respondent's worksite monitor be an employee or supervisee of the licensee.

The worksite monitor shall have an active unrestricted license with no disciplinary action within the last 5 years, and shall sign an affirmation that he or she has reviewed the terms and conditions of Respondent's disciplinary order and agrees to monitor Respondent as set forth by the Board or its designee.

Respondent shall pay all worksite monitoring costs.

The worksite monitor shall have face-to-face contact with Respondent in the work environment on as frequent a basis as determined by the Board or its designee, but not less than once per week; interview other staff in the office regarding Respondent's behavior, if requested by the Board or its designee; and review Respondent's work attendance.

The worksite monitor shall verbally report any suspected substance abuse to the Board and Respondent's employer or supervisor within 1 business day of occurrence. If the suspected substance abuse does not occur during the Board's normal business hours, the verbal report shall be made to the Board or its designee within 1 hour of the next business day. A written report that includes the date, time, and location of the suspected abuse; Respondent's actions; and any other information deemed important by the worksite monitor shall be submitted to the Board or its designee within 48 hours of the occurrence.

The worksite monitor shall complete and submit a written report monthly or as directed by the Board or its designee which shall include the following: (1) Respondent's name and Physician's and Surgeon's Certificate number; (2) the worksite monitor's name and signature; (3) the worksite monitor's license number, if applicable; (4) the location or location(s) of the worksite; (5) the dates Respondent had face-to-face contact with the worksite monitor; (6) the names of worksite staff interviewed, if applicable; (7) a report of Respondent's work attendance; (8) any change in Respondent's behavior and/or personal habits; and (9) any indicators that can lead to suspected substance abuse by Respondent. Respondent shall complete any required consent forms and execute agreements with the approved worksite monitor and the Board, or its designee, authorizing the Board, or its designee, and worksite monitor to exchange information.

If the worksite monitor resigns or is no longer available, Respondent shall, within 5 calendar days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the name and qualifications of a replacement monitor who will be assuming that responsibility within 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine within

3 calendar days after being so notified. Respondent shall cease the practice of medicine until a replacement monitor is approved and assumes monitoring responsibility.

12. VIOLATION OF PROBATION CONDITION FOR SUBSTANCE ABUSING LICENSEES.

Failure to fully comply with any term or condition of probation is a violation of probation.

A. If Respondent commits a major violation of probation as defined by section 1361.52, subdivision (a), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:

(1) Issue an immediate cease-practice order and order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense. The cease-practice order issued by the Board or its designee shall state that Respondent must test negative for at least a month of continuous biological fluid testing before being allowed to resume practice. For purposes of determining the length of time a Respondent must test negative while undergoing continuous biological fluid testing following issuance of a cease-practice order, a month is defined as 30 calendar days. Respondent may not resume the practice of medicine until notified in writing by the Board or its designee that he may do so.

(2) Increase the frequency of biological fluid testing.

(3) Refer Respondent for further disciplinary action, such as suspension, revocation, or other action as determined by the Board or its designee.

B. If Respondent commits a minor violation of probation as defined by section 1361.52, subdivision (c), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:

(1) Issue a cease-practice order;

(2) Order practice limitations;

(3) Order or increase supervision of Respondent;

(4) Order increased documentation;

(5) Issue a citation and fine, or a warning letter;

(6) Order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense;

(7) Take any other action as determined by the Board or its designee.

C. Nothing in this Decision shall be considered a limitation on the Board's authority to revoke Respondent's probation if he has violated any term or condition of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

13. NOTIFICATION.

Within 7 days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and Accusation No. 800-2020-072082 to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

14. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE NURSES.

During probation, Respondent is prohibited from supervising physician assistants and advanced practice nurses.

15. OBEY ALL LAWS.

Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

16. INVESTIGATION/ENFORCEMENT COST RECOVERY.

Respondent is hereby ordered to reimburse the Board its costs of investigation and enforcement, including, but not limited to, investigation, expert review, legal review, amended accusations, and subpoena enforcement, as applicable, in the amount of $13,000.00 (thirteen thousand dollars.). Costs shall be payable to the Medical Board of California. Failure to pay such costs shall be considered a violation of probation.

Payment must be made in full within 30 calendar days of the effective date of the Order, or by a payment plan approved by the Medical Board of California. Any and all requests for a payment plan shall be submitted in writing by Respondent to the Board. Failure to comply with the payment plan shall be considered a violation of probation.

The filing of bankruptcy by Respondent shall not relieve him of the responsibility to repay investigation and enforcement costs, including expert review costs (if applicable).

17. QUARTERLY DECLARATIONS.

Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

Respondent shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

18. GENERAL PROBATION REQUIREMENTS.

Respondent shall comply with the Board's probation unit.

Address Changes

Respondent shall, at all times, keep the Board informed of Respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021, subdivision (b).

19. INTERVIEW WITH THE BOARD OR ITS DESIGNEE.

Respondent shall be available in person upon request for interviews either at his place of business or at the probation unit office, with or without prior notice during the term of probation.

20. NON-PRACTICE WHILE ON PROBATION.

Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards' Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed 2 years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

21. COMPLETION OF PROBATION.

Respondent shall comply with all financial obligations (e.g., cost recovery and probation costs) not later than 120 calendar days prior to the completion of probation. This term does not include cost recovery, which is due within 30 calendar days of the effective date of the Order, or by a payment plan approved by the Medical Board and timely satisfied. Upon successful completion of probation, Respondent's certificate shall be fully restored.

22. VIOLATION OF PROBATION.

Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

23. LICENSE SURRENDER.

Following the effective date of this Decision, if Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of

probation, Respondent may request to surrender his or her license. The Board reserves the right to evaluate Respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its designee and Respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

24. PROBATION MONITORING COSTS.

Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Board or its designee no later than January 31 of each calendar year.

25. FUTURE ADMISSIONS CLAUSE.

If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing action agency in the State of California, all of the charges and allegations contained in Accusation No. 800-2020-072082 shall be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict license.

In the Matter of the Accusation Against: **ANDREI NIKOLAI DOKUKIN, M.D.** **1439 W. Chapman Avenue, Suite 46** **Orange, California 92868-2738** **Physician's and Surgeon's Certificate No. A 110631,** Respondent.	Case No. 800-2020-072082 **A C C U S A T I O N**

PARTIES

1. Reji Varghese (Complainant) brings this Accusation solely in his official capacity as the Deputy Director of the Medical Board of California (Board), Department of Consumer Affairs.

2. On or about January 6, 2010, the Board issued Physician's and Surgeon's Certificate No. A 110631 to Andrei Nikolai Dokukin, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought herein and will expire on September 30, 2023, unless renewed.

JURISDICTION

3. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

STATUTORY PROVISIONS

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, be publicly reprimanded which may include a requirement that the licensee complete relevant educational courses, or have such other action taken in relation to discipline as the Board deems proper.

5. Section 2234 of the Code states, in relevant part:

> The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:
>
> (a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.
>
> ...

6. Unprofessional conduct under Business and Professions Code section 2234 is conduct which breaches the rules or ethical code of the medical profession, or conduct which is unbecoming to a member in good standing of the medical profession, and which demonstrates an unfitness to practice medicine. (*Shea v. Board of Medical Examiners* (1978) 81 Cal.App.3d 564, 575.)

7. Section 2236 of the Code states:

> (a) The conviction of any offense substantially related to the qualifications, functions, or duties of a physician and surgeon constitutes unprofessional conduct within the meaning of this chapter [Chapter 5, the Medical Practice Act]. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred.
>
> (b) The district attorney, city attorney, or other prosecuting agency shall notify the Medical Board of the pendency of an action against a licensee charging a felony or misdemeanor immediately upon obtaining information that the defendant is a licensee. The notice shall identify the licensee and describe the crimes charged and the facts alleged. The prosecuting agency shall also notify the clerk of the court in which the action is pending that the defendant is a licensee, and the clerk shall record prominently in the file that the defendant holds a license as a physician and surgeon.

(c) The clerk of the court in which a licensee is convicted of a crime shall, within 48 hours after the conviction, transmit a certified copy of the record of conviction to the board. The division may inquire into the circumstances surrounding the commission of a crime in order to fix the degree of discipline or to determine if the conviction is of an offense substantially related to the qualifications, functions, or duties of a physician and surgeon.

(d) A plea or verdict of guilty or a conviction after a plea of nolo contendere is deemed to be a conviction within the meaning of this section and Section 2236.1. The record of conviction shall be conclusive evidence of the fact that the conviction occurred.

8. Section 2239 of the Code states:

(a) The use or prescribing for or administering to himself or herself, of any controlled substance;[1] or the use of any of the dangerous drugs specified in Section 4022, or of alcoholic beverages,[2] to the extent, or in such a manner as to be dangerous or injurious to the licensee, or to any other person or to the public, or to the extent that such use impairs the ability of the licensee to practice medicine safely or more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this section, or any combination thereof, constitutes unprofessional conduct. The record of the conviction is conclusive evidence of such unprofessional conduct.

(b) A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The Medical Board may order discipline of the licensee in accordance with Section 2227 or the Medical Board may order the denial of the license when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

9. Section 490 of the Code states:

(a) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.

---

[1] There is a nexus between a physician's use of controlled substances and his or her fitness to practice medicine, established by the Legislature in section 2239, that "has determined that conviction of a doctor for a violation of the laws regulating narcotics and dangerous drugs or a doctor's personal non-prescribed use of such substances evidences a sufficient danger to the public that sanctions should be imposed regardless of the availability of evidence that such conduct in fact impaired the doctor's professional skill." (*Weissbuch v. Board of Medical Examiners* (1974) 41 Cal.App.3d 924, 929.)

[2] There is a nexus between a physician's use of alcoholic beverages and his or her fitness to practice medicine, established by the Legislature in section 2239, "in all cases where a licensed physician used alcoholic beverages to the extent or in such a manner as to pose a danger to himself or others." (*Watson v. Superior Court* (Medical Board) (2009) 176 Cal.App.4th 1407, 1411.)

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the licensee's license was issued.

(c) A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(d) The Legislature hereby finds and declares that the application of this section has been made unclear by the holding in *Petropoulos* v. *Department of Real Estate* (2006) 142 Cal.App.4th 554, and that the holding in that case has placed a significant number of statutes and regulations in question, resulting in potential harm to the consumers of California from licensees who have been convicted of crimes. Therefore, the Legislature finds and declares that this section establishes an independent basis for a board to impose discipline upon a licensee, and that the amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change to, but rather are declaratory of, existing law.

REGULATORY PROVISIONS

10. California Code of Regulations, title 16, section 1360, states:

For the purposes of denial, suspension or revocation of a license, certificate or permit pursuant to Division 1.5 (commencing with Section 475) of the code, a crime or act shall be considered to be substantially related to the qualifications, functions or duties of a person holding a license, certificate or permit under the Medical Practice Act if to a substantial degree it evidences present or potential unfitness of a person holding a license, certificate or permit to perform the functions authorized by the license, certificate or permit in a manner consistent with the public health, safety or welfare. Such crimes or acts shall include but not be limited to the following: Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision of the Medical Practice Act.

11. California Code of Regulations, title 16, section 1360.1, states:

(a) When considering the suspension or revocation of a license under Section 490 of the code on the ground that a person holding a license has been convicted of a crime, the board shall consider whether the licensee made a showing of rehabilitation if the licensee completed the criminal sentence at issue without a violation of parole or probation. In making this determination, the board shall consider the following criteria:

(1) The nature and gravity of the crime(s).

(2) The length(s) of the applicable parole or probation period(s).

(3) The extent to which the applicable parole or probation period was shortened or lengthened, and the reason(s) the period was modified.

(4) The terms or conditions of parole or probation and the extent to which they bear on the licensee's rehabilitation.

(5) The extent to which the terms or conditions of parole or probation were modified, and the reason(s) for the modification.

(b) If the licensee has not completed the criminal sentence at issue without a violation of parole or probation, the board determines that the licensee did not make the showing of rehabilitation based on the criteria in subdivision (a), or the suspension or revocation is based on disciplinary action as described in Section 141 of the Code, the board shall apply the following criteria in evaluating the licensee's rehabilitation:

(1) The nature and gravity of the act(s), professional misconduct, or crime(s).

(2) The total criminal record, or record of professional misconduct.

(3) The time that has elapsed since commission of the act(s), professional misconduct, or crime(s).

(4) Whether the licensee has complied with any terms of parole, probation, restitution or any other sanctions lawfully imposed against such person.

(5) The criteria in subdivisions (a)(1)-(5), as applicable.

(6) If applicable, evidence of dismissal proceedings pursuant to Section 1203.4 of the Penal Code.

(7) Evidence, if any, of rehabilitation submitted by the licensee.

12. California Code of Regulations, title 16, section 1361 states, in relevant part:

...

(b) Notwithstanding subsection (a), the Board shall use the Uniform Standards for Substance-Abusing Licensees as provided in section 1361.5, without deviation, for each individual determined to be a substance-abusing licensee.

...

13. California Code of Regulations, title 16, section 1361.5 states, in relevant part:

(a) If the licensee is to be disciplined for unprofessional conduct involving the use of illegal drugs, the abuse of drugs and/or alcohol, or the use of another prohibited substance as defined herein, the licensee shall be presumed to be a substance-abusing licensee for purposes of section 315 of the [Business and Professions] Code.

...

COST RECOVERY

14. Section 125.3 of the Code states:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licensee that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licensee who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licensee who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in that board's licensing act provides for recovery of costs in an administrative disciplinary proceeding.

FIRST CAUSE FOR DISCIPLINE

(Conviction of a Crime Substantially Related to the Qualifications, Functions, or Duties of a Physician and Surgeon)

15. Respondent has subjected his Physician's and Surgeon's Certificate No. A 110631 to disciplinary action under sections 2227 and 2234, as defined by section 2236, subdivision (a), of the Code, in that he has been convicted of a crime substantially related to the qualifications, functions, or duties of a physician and surgeon, as more particularly alleged hereinafter:

16. The June 28, 2022 DUI Conviction

(a) On October 24, 2020, at approximately 1341 hours, Huntington Beach Police Officers A.J. and E.E. were on patrol in a marked vehicle and in full uniform, when they responded to a dispatched radio call of a swerving blue Toyota Mirai (Respondent's vehicle) running into a parking gate while entering the driveway of an apartment complex, in the city of Huntington Beach, California.

(b) Shortly thereafter, Officers A.J. and E.E. arrived at the apartment complex and met with the reporting party (L.L.) who had witnessed Respondent's erratic driving. L.L. told officers that he saw Respondent's vehicle swerving and making slow turns while he followed the vehicle on surface streets from Costa Mesa to Huntington Beach. L.L. stated that he saw the vehicle almost hit the curb "multiple times" and that Respondent drove into oncoming traffic "four times." L.L. also stated that Respondent made one stop at a liquor store before hitting the parking gate at the apartment complex.

(c) After speaking with L.L., Officer A.J. observed an adult male in the apartment parking lot (later identified as Respondent) getting out of the driver's seat of a vehicle matching the description and license number previously provided by L.L. Respondent was the sole occupant of the vehicle. Officer A.J. noted that the vehicle had sustained significant front end damage. Officer A.J. observed that Respondent had an unsteady gait and also appeared not to recognize the presence of police officers in the apartment parking lot.

(d) Officer A.J. contacted Respondent and observed several objective symptoms of intoxication, including, but not limited to, strong odor of alcohol on his breath and person, and bloodshot and watery eyes. Officer A.J. noted that Respondent was carrying a grocery bag containing bottles of wine when he contacted Respondent.

(e) Respondent failed to comply with Officer A.J.'s directives to walk in the officer's direction and hand over his car keys. Respondent could not remember how the damage to his vehicle occurred. Respondent was unclear on where he was and where he had been driving when being questioned by Officer A.J. Respondent admitted to buying wine at the liquor store earlier and consuming a bottle in the store parking lot. Respondent stated that he took temazepam (benzodiazepine) the night before and was still feeling the effects of the medication. Respondent admitted he was "probably" too impaired to drive and declined to participate in performing any Field Sobriety Tests (FST).

(f) Based upon the totality of facts and circumstances including, but not limited to, Respondent's admission to recent drinking of wine and driving, his statements demonstrating confusion and impairment, objective signs of impairment, evidence of erratic and dangerous driving, and the front end damage to his vehicle consistent with hitting the parking gate, Officer A.J. arrested Respondent for driving under the influence (DUI) of alcohol, in violation of Vehicle Code section 23152, subdivision (a).

(g) On October 24, 2020, at approximately 1420 hours, a blood sample was taken from Respondent. The blood sample was later tested and measured Respondent's Blood Alcohol Concentration (BAC) level at 0.21 percent. Significantly, a toxicology screen detected multiple controlled substances and metabolites of benzodiazepines in Respondent's blood sample, including, but not limited to, zolpidem, chlordiazepoxide, and nordiazepam.

////

(h) On April 22, 2021, the Orange County District Attorney's Office filed a criminal complaint against Respondent in the matter of *The People of the State of California v. Andrei Nikolai Dokukin*, Superior Court Case No. 21WM05433. The criminal complaint charged Respondent with committing two (2) misdemeanors:

(1) Count 1: Vehicle Code Section 23152, subdivision (a), wherein, Respondent did unlawfully, while under the influence of an alcoholic beverage, drive a vehicle.

(2) Count 2: Vehicle Code Section 23152, subdivision (b), wherein, Respondent did unlawfully, while having 0.08 percent and more, by weight, of alcohol in his blood, drive a vehicle.

(3) Count 1 and Count 2 also contain special allegations which allege that Respondent, within ten (10) years of committing the alleged DUI offenses, had committed a separate DUI offense for which he had been previously convicted, pursuant to Vehicle Code Section 23540.

(4) The criminal complaint also contains a separate allegation which alleges Respondent drove with a BAC of 0.20 percent or more, pursuant to Vehicle Code Section 23538, subdivision (b), subsection (2).

(5) The criminal complaint further alleged that Respondent had a prior conviction for DUI on or about January 30, 2018, in Orange County.

(i) On June 28, 2022, Respondent was convicted of Count 1 and Count 2. The Orange County Superior Court sentenced Respondent to probation for five (5) years, with the following terms and conditions:

(1) Serve ninety (90) days of custody in Orange County Jail;

(2) Complete eighteen (18) month Multiple Offender Alcohol Program;

(3) Restitution; and

(4) Standard fines.

SECOND CAUSE FOR DISCIPLINE

(Use of Controlled Substances and Alcoholic Beverages to the Extent, or in Such a Manner, as to be Dangerous or Injurious to Respondent, Another Person or the Public)

17. Respondent has further subjected his Physician's and Surgeon's Certificate No. A 110631 to disciplinary action under sections 2227 and 2234, as defined by section 2239, subdivision (a), of the Code, in that he used controlled substances and consumed alcoholic beverages, to the extent, or in such a manner as to be dangerous or injurious to Respondent, or to any other person or to the public, as more particularly alleged in paragraph 16, above, which is hereby incorporated by reference and realleged as if fully set forth herein.

THIRD CAUSE FOR DISCIPLINE

(General Unprofessional Conduct)

18. Respondent has further subjected his Physician's and Surgeon's Certificate No. A 110631 to disciplinary action under sections 2227 and 2234, as defined by section 2234, of the Code, in that he has engaged in conduct which breaches the rules or ethical code of the medical profession, or conduct which is unbecoming a member in good standing of the medical profession, and which demonstrates an unfitness to practice medicine, as more particularly alleged in paragraphs 16 and 17, above, which are hereby incorporated by reference and realleged as if fully set forth herein.

DISCIPLINARY CONSIDERATIONS

19. To determine the degree of discipline, if any, to be imposed on Respondent, Complainant alleges that on or about January 30, 2018, in a prior criminal proceeding titled, *The People of the State of California vs. Andrei Nikolai Dokukin*, Superior Court Case No. 17HM10354, Respondent was convicted for violating Vehicle Code section 23152, subsection (a). In Respondent's guilty plea form he wrote, "On July 16, 2017, [in Orange County] I willfully and unlawfully drove a vehicle while under the influence of alcohol and with a blood alcohol concentration of .14." The record of this prior criminal proceeding is incorporated as if fully set forth herein.

////

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking or suspending Physician's and Surgeon's Certificate No. A 110631, issued to Respondent Andrei Nikolai Dokukin, M.D.;

2. Revoking, suspending or denying approval of Respondent Andrei Nikolai Dokukin, M.D.'s authority to supervise physician assistants pursuant to section 3527 of the Business and Professions Code, and advanced practice nurses;

3. Ordering Respondent Andrei Nikolai Dokukin, M.D., to pay the Board the costs of the investigation and enforcement of this case, and if placed on probation, the costs of probation monitoring; and

4. Taking such other and further action as deemed necessary and proper.
