In the Matter of the Accusation Against: Juewon William Khwarg, M.D. Physician's and Surgeon's Certificate No. A 140183 Respondent.	Case No.: 800-2023-097903

DECISION

The attached Stipulated Settlement and Disciplinary Order is hereby adopted as the Decision and Order of the Medical Board of California, Department of Consumer Affairs, State of California.

This Decision shall become effective at 5:00 p.m. on June 23, 2025.

IT IS SO ORDERED: May 23, 2025.

Attorneys for Complainant

BEFORE THE
MEDICAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **Juewon William Khwarg, M.D.** **125 West 4th Street, #710** **Los Angeles, CA 90013** **Physician's and Surgeon's Certificate No. A 140183,** Respondent.	Case No. 800-2023-097903 OAH No. 2024100454 **STIPULATED SETTLEMENT AND DISCIPLINARY ORDER**

IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-entitled proceedings that the following matters are true:

PARTIES

1. Reji Varghese (Complainant) is the Executive Director of the Medical Board of California (Board). He brought this action solely in his official capacity and is represented in this matter by Rob Bonta, Attorney General of the State of California, by Melissa M. Marquez, Deputy Attorney General.

2. Respondent Juewon William Khwarg, M.D. (Respondent) is represented in this proceeding by attorney Benjamin J. Fenton, whose address is: 1990 S. Bundy Drive, Suite 777, Los Angeles, CA 90025

3. On or about January 8, 2016, the Board issued Physician's and Surgeon's Certificate No. A 140183 to Respondent. The Physician's and Surgeon's Certificate was in full force and

effect at all times relevant to the charges brought in Accusation No. 800-2023-097903 and will expire on September 30, 2025, unless renewed.

JURISDICTION

4. Accusation No. 800-2023-097903 was filed before the Board and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent on September 12, 2024. Respondent timely filed his Notice of Defense contesting the Accusation.

5. A copy of Accusation No. 800-2023-097903 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2023-097903. Respondent has also carefully read, fully discussed with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

9. Respondent understands and agrees that the charges and allegations in Accusation No. 800-2023-097903, if proven at a hearing, constitute cause for imposing discipline upon his Physician's and Surgeon's Certificate No. A 140183.

10. Respondent does not contest that, at an administrative hearing, complainant could establish a prima facie case with respect to the charges and allegations in Accusation No. 800-

2023-097903, a true and correct copy of which is attached hereto as Exhibit A, and that he has thereby subjected his Physician's and Surgeon's Certificate, No. A 140183 to disciplinary action.

11. Respondent agrees that his Physician's and Surgeon's Certificate is subject to discipline and agrees to be bound by the Board's probationary terms as set forth in the Disciplinary Order below.

CONTINGENCY

12. This stipulation shall be subject to approval by the Medical Board of California. Respondent understands and agrees that counsel for Complainant and the staff of the Medical Board of California may communicate directly with the Board regarding this stipulation and settlement, without notice to or participation by Respondent or his counsel. By signing the stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

13. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to be an integrated writing representing the complete, final and exclusive embodiment of the agreement of the parties in this above-entitled matter.

14. Respondent agrees that if he ever petitions for early termination or modification of probation, or if an accusation and/or petition to revoke probation is filed against him before the Board, all of the charges and allegations contained in Accusation No. 800-2023-097903 shall be deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

15. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

16. In consideration of the foregoing admissions and stipulations, the parties agree that

the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 140183 issued to Respondent JUEWON WILLIAM KHWARG, M.D. (Respondent) is revoked. However, the revocation is stayed, and Respondent is placed on probation for three (3) years on the following terms and conditions:

1. CONTROLLED SUBSTANCES - ABSTAIN FROM USE. Respondent shall abstain completely from the personal use or possession of controlled substances as defined in the California Uniform Controlled Substances Act, dangerous drugs as defined by Business and Professions Code section 4022, and any drugs requiring a prescription. This prohibition does not apply to medications lawfully prescribed to Respondent by another practitioner for a bona fide illness or condition.

Within 15 calendar days of receiving any lawfully prescribed medications, Respondent shall notify the Board or its designee of the: issuing practitioner's name, address, and telephone number; medication name, strength, and quantity; and issuing pharmacy name, address, and telephone number.

2. ALCOHOL - ABSTAIN FROM USE. Respondent shall abstain completely from the use of products or beverages containing alcohol.

3. BIOLOGICAL FLUID TESTING. Respondent shall immediately submit to biological fluid testing, at Respondent's expense, upon request of the Board or its designee. "Biological fluid testing" may include, but is not limited to, urine, blood, breathalyzer, hair follicle testing, or similar drug screening approved by the Board or its designee. Respondent shall make daily contact with the Board or its designee to determine whether biological fluid testing is required. Respondent shall be tested on the date of the notification as directed by the Board or its designee. The Board may order a Respondent to undergo a biological fluid test on any day, at any time, including weekends and holidays. Except when testing on a specific date as ordered by the Board or its designee, the scheduling of biological fluid testing shall be done on a random

basis. The cost of biological fluid testing shall be borne by the Respondent.

During the first year of probation, Respondent shall be subject to 52 to 104 random tests. During the second year of probation and for the duration of the probationary term, up to five (5) years, Respondent shall be subject to 36 to 104 random tests per year. Only if there has been no positive biological fluid tests in the previous five (5) consecutive years of probation, may testing be reduced to one (1) time per month. Nothing precludes the Board from increasing the number of random tests to the first-year level of frequency for any reason.

Prior to practicing medicine, Respondent shall contract with a laboratory or service, approved in advance by the Board or its designee, that will conduct random, unannounced, observed, biological fluid testing and meets all of the following standards:

(a) Its specimen collectors are either certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the United States Department of Transportation.

(b) Its specimen collectors conform to the current United States Department of Transportation Specimen Collection Guidelines.

(c) Its testing locations comply with the Urine Specimen Collection Guidelines published by the United States Department of Transportation without regard to the type of test administered.

(d) Its specimen collectors observe the collection of testing specimens.

(e) Its laboratories are certified and accredited by the United States Department of Health and Human Services.

(f) Its testing locations shall submit a specimen to a laboratory within one (1) business day of receipt and all specimens collected shall be handled pursuant to chain of custody procedures. The laboratory shall process and analyze the specimens and provide legally defensible test results to the Board within seven (7) business days of receipt of the specimen. The Board will be notified of non-negative results within one (1) business day and will be notified of negative test results within seven (7) business days.

(g) Its testing locations possess all the materials, equipment, and technical expertise

necessary in order to test Respondent on any day of the week.

(h) Its testing locations are able to scientifically test for urine, blood, and hair specimens for the detection of alcohol and illegal and controlled substances.

(i) It maintains testing sites located throughout California.

(j) It maintains an automated 24-hour toll-free telephone system and/or a secure on-line computer database that allows the Respondent to check in daily for testing.

(k) It maintains a secure, HIPAA-compliant website or computer system that allows staff access to drug test results and compliance reporting information that is available 24 hours a day.

(l) It employs or contracts with toxicologists that are licensed physicians and have knowledge of substance abuse disorders and the appropriate medical training to interpret and evaluate laboratory biological fluid test results, medical histories, and any other information relevant to biomedical information.

(m) It will not consider a toxicology screen to be negative if a positive result is obtained while practicing, even if the Respondent holds a valid prescription for the substance.

Prior to changing testing locations for any reason, including during vacation or other travel, alternative testing locations must be approved by the Board and meet the requirements above.

The contract shall require that the laboratory directly notify the Board or its designee of non-negative results within one (1) business day and negative test results within seven (7) business days of the results becoming available. Respondent shall maintain this laboratory or service contract during the period of probation.

A certified copy of any laboratory test result may be received in evidence in any proceedings between the Board and Respondent.

If a biological fluid test result indicates Respondent has used, consumed, ingested, or administered to himself or herself a prohibited substance, the Board shall order Respondent to cease practice and instruct Respondent to leave any place of work where Respondent is practicing medicine or providing medical services. The Board shall immediately notify all of Respondent's employers, supervisors and work monitors, if any, that Respondent may not practice medicine or

provide medical services while the cease-practice order is in effect.

A biological fluid test will not be considered negative if a positive result is obtained while practicing, even if the practitioner holds a valid prescription for the substance. If no prohibited substance use exists, the Board shall lift the cease-practice order within one (1) business day.

After the issuance of a cease-practice order, the Board shall determine whether the positive biological fluid test is in fact evidence of prohibited substance use by consulting with the specimen collector and the laboratory, communicating with the licensee, his or her treating physician(s), other health care provider, or group facilitator, as applicable.

For purposes of this condition, the terms "biological fluid testing" and "testing" mean the acquisition and chemical analysis of a Respondent's urine, blood, breath, or hair.

For purposes of this condition, the term "prohibited substance" means an illegal drug, a lawful drug not prescribed or ordered by an appropriately licensed health care provider for use by Respondent and approved by the Board, alcohol, or any other substance the Respondent has been instructed by the Board not to use, consume, ingest, or administer to himself or herself.

If the Board confirms that a positive biological fluid test is evidence of use of a prohibited substance, Respondent has committed a major violation, as defined in section 1361.52(a), and the Board shall impose any or all of the consequences set forth in section 1361.52(b), in addition to any other terms or conditions the Board determines are necessary for public protection or to enhance Respondent's rehabilitation.

A certified copy of any laboratory test result may be received in evidence in any proceedings between the Board and Respondent.

If Respondent fails to cooperate in a random biological fluid testing program within the specified time frame, Respondent shall receive a notification from the Board or its designee to immediately cease the practice of medicine. The Respondent shall not resume the practice of medicine until the final decision on an accusation and/or a petition to revoke probation is effective. An accusation and/or petition to revoke probation shall be filed by the Board within 30 days of the notification to cease practice. If the Respondent requests a hearing on the accusation and/or petition to revoke probation, the Board shall provide the Respondent with a hearing within

30 days of the request, unless the Respondent stipulates to a later hearing. If the case is heard by an Administrative Law Judge alone, he or she shall forward a Proposed Decision to the Board within 15 days of submission of the matter. Within 15 days of receipt by the Board of the Administrative Law Judge's proposed decision, the Board shall issue its Decision, unless good cause can be shown for the delay. If the case is heard by the Board, the Board shall issue its decision within 15 days of submission of the case, unless good cause can be shown for the delay. Good cause includes, but is not limited to, non-adoption of the proposed decision, requests for reconsideration, remands, and other interlocutory orders issued by the Board. The cessation of practice shall not apply to the reduction of the probationary time period.

If the Board does not file an accusation or petition to revoke probation within 30 days of the issuance of the notification to cease practice or does not provide Respondent with a hearing within 30 days of such a request, the notification of cease practice shall be dissolved.

4. EDUCATION COURSE. Within 60 calendar days of the effective date of this Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee for its prior approval educational program(s) or course(s), which shall not be less than 40 hours per year, for each year of probation. The educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge and shall be Category I certified. The educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure. Following the completion of each course, the Board or its designee may administer an examination to test Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65 hours of CME of which 40 hours were in satisfaction of this condition.

5. PSYCHIATRIC EVALUATION. Within 30 calendar days of the effective date of this Decision, and on whatever periodic basis thereafter may be required by the Board or its designee, Respondent shall undergo and complete a psychiatric evaluation (and psychological testing, if deemed necessary) by a Board-appointed board certified psychiatrist, who shall consider any information provided by the Board or designee and any other information the psychiatrist deems relevant, and shall furnish a written evaluation report to the Board or its

designee. Psychiatric evaluations conducted prior to the effective date of the Decision shall not be accepted towards the fulfillment of this requirement. Respondent shall pay the cost of all psychiatric evaluations and psychological testing.

Respondent shall comply with all restrictions or conditions recommended by the evaluating psychiatrist within 15 calendar days after being notified by the Board or its designee.

6. MEDICAL EVALUATION AND TREATMENT. Within 30 calendar days of the effective date of this Decision, and on a periodic basis thereafter as may be required by the Board or its designee, Respondent shall undergo a medical evaluation by a Board-appointed physician who shall consider any information provided by the Board or designee and any other information the evaluating physician deems relevant and shall furnish a medical report to the Board or its designee. Respondent shall provide the evaluating physician with any information and documentation that the evaluating physician may deem pertinent.

Following the evaluation, Respondent shall comply with all restrictions or conditions recommended by the evaluating physician within 15 calendar days after being notified by the Board or its designee. If Respondent is required by the Board or its designee to undergo medical treatment, Respondent shall, within 30 calendar days of the requirement notice, submit to the Board or its designee for prior approval the name and qualifications of a California licensed treating physician of Respondent's choice. Upon approval of the treating physician, Respondent shall within 15 calendar days undertake medical treatment and shall continue such treatment until further notice from the Board or its designee.

The treating physician shall consider any information provided by the Board or its designee or any other information the treating physician may deem pertinent prior to commencement of treatment. Respondent shall have the treating physician submit quarterly reports to the Board or its designee indicating whether or not the Respondent is capable of practicing medicine safely. Respondent shall provide the Board or its designee with any and all medical records pertaining to treatment that the Board or its designee deems necessary.

If, prior to the completion of probation, Respondent is found to be physically incapable of resuming the practice of medicine without restrictions, the Board shall retain continuing

jurisdiction over Respondent's license and the period of probation shall be extended until the Board determines that Respondent is physically capable of resuming the practice of medicine without restrictions. Respondent shall pay the cost of the medical evaluation(s) and treatment.

7. CLINICAL DIAGNOSTIC EVALUATIONS AND REPORTS: Within thirty (30) calendar days of the effective date of this Decision, and on whatever periodic basis thereafter as may be required by the Board or its designee, Respondent shall undergo and complete a clinical diagnostic evaluation, including any and all testing deemed necessary, by a Board-appointed board certified physician and surgeon. The examiner shall consider any information provided by the Board or its designee and any other information he or she deems relevant, and shall furnish a written evaluation report to the Board or its designee.

The clinical diagnostic evaluation shall be conducted by a licensed physician and surgeon who holds a valid, unrestricted license, has three (3) years' experience in providing evaluations of physicians and surgeons with substance abuse disorders, and is approved by the Board or its designee. The clinical diagnostic evaluation shall be conducted in accordance with acceptable professional standards for conducting substance abuse clinical diagnostic evaluations. The evaluator shall not have a current or former financial, personal, or business relationship with Respondent within the last five (5) years. The evaluator shall provide an objective, unbiased, and independent evaluation. The clinical diagnostic evaluation report shall set forth, in the evaluator's opinion, whether Respondent has a substance abuse problem, whether Respondent is a threat to himself or herself or others, and recommendations for substance abuse treatment, practice restrictions, or other recommendations related to Respondent's rehabilitation and ability to practice safely. If the evaluator determines during the evaluation process that Respondent is a threat to himself or herself or others, the evaluator shall notify the Board within twenty-four (24) hours of such a determination.

In formulating his or her opinion as to whether Respondent is safe to return to either part-time or full-time practice and what restrictions or recommendations should be imposed, including participation in an inpatient or outpatient treatment program, the evaluator shall consider the following factors: Respondent's license type; Respondent's history; Respondent's documented

length of sobriety (i.e., length of time that has elapsed since Respondent's last substance use); Respondent's scope and pattern of substance abuse; Respondent's treatment history, medical history and current medical condition; the nature, duration and severity of Respondent's substance abuse problem or problems; and whether Respondent is a threat to himself or herself or the public.

For all clinical diagnostic evaluations, a final written report shall be provided to the Board no later than ten (10) days from the date the evaluator is assigned the matter. If the evaluator requests additional information or time to complete the evaluation and report, an extension may be granted but shall not exceed thirty (30) days from the date the evaluator was originally assigned the matter.

The Board shall review the clinical diagnostic evaluation report within five (5) business days of receipt to determine whether Respondent is safe to return to either part-time or full-time practice and what restrictions or recommendations shall be imposed on Respondent based on the recommendations made by the evaluator. Respondent shall not be returned to practice until he or she has at least thirty (30) days of negative biological fluid tests or biological fluid tests indicating that he or she has not used, consumed, ingested, or administered to himself or herself a prohibited substance, as defined in section 1361.51, subdivision (e), of Title 16 of the California Code of Regulations.

Clinical diagnostic evaluations conducted prior to the effective date of this Decision shall not be accepted towards the fulfillment of this requirement. The cost of the clinical diagnostic evaluation, including any and all testing deemed necessary by the examiner, the Board or its designee, shall be borne by the licensee.

Respondent shall not engage in the practice of medicine until notified by the Board or its designee that he or she is fit to practice medicine safely. The period of time that Respondent is not practicing medicine shall not be counted toward completion of the term of probation. Respondent shall undergo biological fluid testing as required in this Decision at least two (2) times per week while awaiting the notification from the Board if he or she is fit to practice medicine safely.

Respondent shall comply with all restrictions or conditions recommended by the examiner conducting the clinical diagnostic evaluation within fifteen (15) calendar days after being notified by the Board or its designee.

8. NOTICE OF EMPLOYER OR SUPERVISOR INFORMATION. Within seven (7) days of the effective date of this Decision, Respondent shall provide to the Board the names, physical addresses, mailing addresses, and telephone numbers of any and all employers and supervisors. Respondent shall also provide specific, written consent for the Board, Respondent's worksite monitor, and Respondent's employers and supervisors to communicate regarding Respondent's work status, performance, and monitoring.

For purposes of this section, "supervisors" shall include the Chief of Staff and Health or Well Being Committee Chair, or equivalent, if applicable, when the Respondent has medical staff privileges.

9. SUBSTANCE ABUSE SUPPORT GROUP MEETINGS. Within thirty (30) days of the effective date of this Decision, Respondent shall submit to the Board or its designee, for its prior approval, the name of a substance abuse support group which he or she shall attend for the duration of probation. Respondent shall attend substance abuse support group meetings at least once per week, or as ordered by the Board or its designee. Respondent shall pay all substance abuse support group meeting costs.

The facilitator of the substance abuse support group meeting shall have a minimum of three (3) years experience in the treatment and rehabilitation of substance abuse and shall be licensed or certified by the state or nationally certified organizations. The facilitator shall not have a current or former financial, personal, or business relationship with Respondent within the last five (5) years. Respondent's previous participation in a substance abuse group support meeting led by the same facilitator does not constitute a prohibited current or former financial, personal, or business relationship.

The facilitator shall provide a signed document to the Board or its designee showing Respondent's name, the group name, the date and location of the meeting, Respondent's attendance, and Respondent's level of participation and progress. The facilitator shall report any

unexcused absence by Respondent from any substance abuse support group meeting to the Board, or its designee, within twenty-four (24) hours of the unexcused absence.

10. WORKSITE MONITOR FOR SUBSTANCE-ABUSING LICENSEE. Within thirty (30) calendar days of the effective date of this Decision, Respondent shall submit to the Board or its designee for prior approval as a worksite monitor, the name and qualifications of one or more licensed physician and surgeon, other licensed health care professional if no physician and surgeon is available, or, as approved by the Board or its designee, a person in a position of authority who is capable of monitoring the Respondent at work.

The worksite monitor shall not have a current or former financial, personal, or familial relationship with Respondent, or any other relationship that could reasonably be expected to compromise the ability of the monitor to render impartial and unbiased reports to the Board or its designee. If it is impractical for anyone but Respondent's employer to serve as the worksite monitor, this requirement may be waived by the Board or its designee, however, under no circumstances shall Respondent's worksite monitor be an employee or supervisee of the licensee.

The worksite monitor shall have an active unrestricted license with no disciplinary action within the last five (5) years and shall sign an affirmation that he or she has reviewed the terms and conditions of Respondent's disciplinary order and agrees to monitor Respondent as set forth by the Board or its designee.

Respondent shall pay all worksite monitoring costs.

The worksite monitor shall have face-to-face contact with Respondent in the work environment on as frequent a basis as determined by the Board or its designee, but not less than once per week; interview other staff in the office regarding Respondent's behavior, if requested by the Board or its designee; and review Respondent's work attendance.

The worksite monitor shall verbally report any suspected substance abuse to the Board and Respondent's employer or supervisor within one (1) business day of occurrence. If the suspected substance abuse does not occur during the Board's normal business hours, the verbal report shall be made to the Board or its designee within one (1) hour of the next business day. A written report that includes the date, time, and location of the suspected abuse; Respondent's actions; and

any other information deemed important by the worksite monitor shall be submitted to the Board or its designee within 48 hours of the occurrence.

The worksite monitor shall complete and submit a written report monthly or as directed by the Board or its designee which shall include the following: (1) Respondent's name and Physician's and Surgeon's Certificate number; (2) the worksite monitor's name and signature; (3) the worksite monitor's license number, if applicable; (4) the location or location(s) of the worksite; (5) the dates Respondent had face-to-face contact with the worksite monitor; (6) the names of worksite staff interviewed, if applicable; (7) a report of Respondent's work attendance; (8) any change in Respondent's behavior and/or personal habits; and (9) any indicators that can lead to suspected substance abuse by Respondent. Respondent shall complete any required consent forms and execute agreements with the approved worksite monitor and the Board, or its designee, authorizing the Board, or its designee, and worksite monitor to exchange information.

If the worksite monitor resigns or is no longer available, Respondent shall, within five (5) calendar days of such resignation or unavailability, submit to the Board or its designee, for prior approval, the name and qualifications of a replacement monitor who will be assuming that responsibility within fifteen (15) calendar days. If Respondent fails to obtain approval of a replacement monitor within sixty (60) calendar days of the resignation or unavailability of the monitor, Respondent shall receive a notification from the Board or its designee to cease the practice of medicine within three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a replacement monitor is approved and assumes monitoring responsibility.

11. VIOLATION OF PROBATION CONDITION FOR SUBSTANCE ABUSING LICENSEES. Failure to fully comply with any term or condition of probation is a violation of probation.

A. If Respondent commits a major violation of probation as defined by section 1361.52, subdivision (a), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:

(1) Issue an immediate cease-practice order and order Respondent to undergo a clinical

diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense. The cease-practice order issued by the Board, or its designee shall state that Respondent must test negative for at least a month of continuous biological fluid testing before being allowed to resume practice. For purposes of determining the length of time a Respondent must test negative while undergoing continuous biological fluid testing following issuance of a cease-practice order, a month is defined as thirty calendar (30) days. Respondent may not resume the practice of medicine until notified in writing by the Board or its designee that he or she may do so.

(2) Increase the frequency of biological fluid testing.

(3) Refer Respondent for further disciplinary action, such as suspension, revocation, or other action as determined by the Board or its designee.

B. If Respondent commits a minor violation of probation as defined by section 1361.52, subdivision (c), of Title 16 of the California Code of Regulations, the Board shall take one or more of the following actions:

(1) Issue a cease-practice order;

(2) Order practice limitations;

(3) Order or increase supervision of Respondent;

(4) Order increased documentation;

(5) Issue a citation and fine, or a warning letter;

(6) Order Respondent to undergo a clinical diagnostic evaluation to be conducted in accordance with section 1361.5, subdivision (c)(1), of Title 16 of the California Code of Regulations, at Respondent's expense;

(7) Take any other action as determined by the Board or its designee.

C. Nothing in this Decision shall be considered a limitation on the Board's authority to revoke Respondent's probation if he or she has violated any term or condition of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed

against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

12. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and Accusation to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to the Board or its designee within 15 calendar days.

This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

13. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE NURSES. During probation, Respondent is prohibited from supervising physician assistants and advanced practice nurses.

14. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules governing the practice of medicine in California and remain in full compliance with any court ordered criminal probation, payments, and other orders.

15. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby ordered to reimburse the Board its costs of investigation and enforcement, including, but not limited to, legal reviews and investigation(s), as applicable, in the amount of $17,513.00 (seventeen thousand five hundred thirteen dollars and zero cents). Costs shall be payable to the Medical Board of California. Failure to pay such costs shall be considered a violation of probation.

Payment must be made in full within 30 calendar days of the effective date of the Order, or by a payment plan approved by the Medical Board of California. Any and all requests for a payment plan shall be submitted in writing by respondent to the Board. Failure to comply with the payment plan shall be considered a violation of probation.

The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to

repay investigation and enforcement costs.

16. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board, stating whether there has been compliance with all the conditions of probation.

Respondent shall submit quarterly declarations not later than 10 calendar days after the end of the preceding quarter.

17. GENERAL PROBATION REQUIREMENTS.

Compliance with Probation Unit

Respondent shall comply with the Board's probation unit.

Address Changes

Respondent shall, at all times, keep the Board informed of Respondent's business and residence addresses, email address (if available), and telephone number. Changes of such addresses shall be immediately communicated in writing to the Board or its designee. Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021, subdivision (b).

Place of Practice

Respondent shall not engage in the practice of medicine in Respondent's or patient's place of residence, unless the patient resides in a skilled nursing facility or other similar licensed facility.

License Renewal

Respondent shall maintain a current and renewed California physician's and surgeon's license.

Travel or Residence Outside California

Respondent shall immediately inform the Board or its designee, in writing, of travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

In the event Respondent should leave the State of California to reside or to practice Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of

departure and return.

18. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be available in person upon request for interviews either at Respondent's place of business or at the probation unit office, with or without prior notice throughout the term of probation.

19. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or its designee in writing within 15 calendar days of any periods of non-practice lasting more than 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is defined as any period of time Respondent is not practicing medicine as defined in Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct patient care, clinical activity or teaching, or other activity as approved by the Board. If Respondent resides in California and is considered to be in non-practice, Respondent shall comply with all terms and conditions of probation. All time spent in an intensive training program which has been approved by the Board or its designee shall not be considered non-practice and does not relieve Respondent from complying with all the terms and conditions of probation. Practicing medicine in another state of the United States or Federal jurisdiction while on probation with the medical licensing authority of that state or jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall not be considered as a period of non-practice.

In the event Respondent's period of non-practice while on probation exceeds 18 calendar months, Respondent shall successfully complete the Federation of State Medical Boards's Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment program that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

Respondent's period of non-practice while on probation shall not exceed two (2) years.

Periods of non-practice will not apply to the reduction of the probationary term.

Periods of non-practice for a Respondent residing outside of California will relieve Respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Laws;

General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing..

20. COMPLETION OF PROBATION. Respondent shall comply with all financial obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the completion of probation. This term does not include cost recovery, which is due within 30 calendar days of the effective date of the Order, or by a payment plan approved by the Medical Board and timely satisfied. Upon successful completion of probation, Respondent's certificate shall be fully restored.

21. VIOLATION OF PROBATION. Failure to fully comply with any term or condition of probation is a violation of probation. If Respondent violates probation in any respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

22. LICENSE SURRENDER. Following the effective date of this Decision, if Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy the terms and conditions of probation, Respondent may request to surrender his or her license. The Board reserves the right to evaluate Respondent's request and to exercise its discretion in determining whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its designee and Respondent shall no longer practice medicine. Respondent will no longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

23. PROBATION MONITORING COSTS. Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Board, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of

California and delivered to the Board or its designee no later than January 31 of each calendar year.

24. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for a new license or certification, or petition for reinstatement of a license, by any other health care licensing action agency in the State of California, all of the charges and allegations contained in Accusation No. 800-2023-097903 shall be deemed to be true, correct, and admitted by Respondent for the purpose of any Statement of Issues or any other proceeding seeking to deny or restrict license.

ACCEPTANCE

I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully discussed it with my attorney, Benjamin J. Fenton. I understand the stipulation and the effect it will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the Decision and Order of the Medical Board of California.

DATED: April 18, 2025

JUEWON WILLIAM KHWARG, M.D.
Respondent

I have read and fully discussed with Respondent Juewon William Khwarg, M.D. the terms and conditions and other matters contained in the above Stipulated Settlement and Disciplinary Order. I approve its form and content.

DATED: April 18, 2025

BENJAMIN J. FENTON
Attorney for Respondent

BEFORE THE
MEDICAL BOARD OF CALIFORNIA
DEPARTMENT OF CONSUMER AFFAIRS
STATE OF CALIFORNIA

In the Matter of the Accusation Against: **Juewon William Khwarg, M.D.** **125 West 4th Street, #710** **Los Angeles, CA 90013** **Physician's and Surgeon's Certificate No. A 140183,** Respondent.	Case No. 800-2023-097903 **ACCUSATION**

PARTIES

1. Reji Varghese (Complainant) brings this Accusation solely in his official capacity as the Executive Director of the Medical Board of California, Department of Consumer Affairs (Board).

2. On or about January 8, 2016, the Board issued Physician's and Surgeon's Certificate Number A 140183 to Juewon William Khwarg, M.D. (Respondent). The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought herein and will expire on September 30, 2025, unless renewed.

JURISDICTION

3. This Accusation is brought before the Board, under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 2004 of the Code states:

The board shall have the responsibility for the following:

(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice Act.

(b) The administration and hearing of disciplinary actions.

(c) Carrying out disciplinary actions appropriate to findings made by a panel or an administrative law judge.

(d) Suspending, revoking, or otherwise limiting certificates after the conclusion of disciplinary actions.

(e) Reviewing the quality of medical practice carried out by physician and surgeon certificate holders under the jurisdiction of the board.

(f) Approving undergraduate and graduate medical education programs.

(g) Approving clinical clerkship and special programs and hospitals for the programs in subdivision (f).

(h) Issuing licenses and certificates under the board's jurisdiction.

(i) Administering the board's continuing medical education program.

5. Section 2220 of the Code states:

Except as otherwise provided by law, the board may take action against all persons guilty of violating this chapter. The board shall enforce and administer this article as to physician and surgeon certificate holders, including those who hold certificates that do not permit them to practice medicine, such as, but not limited to, retired, inactive, or disabled status certificate holders, and the board shall have all the powers granted in this chapter for these purposes including, but not limited to:

(a) Investigating complaints from the public, from other licensees, from health care facilities, or from the board that a physician and surgeon may be guilty of unprofessional conduct. The board shall investigate the circumstances underlying a report received pursuant to Section 805 or 805.01 within 30 days to determine if an interim suspension order or temporary restraining order should be issued. The board shall otherwise provide timely disposition of the reports received pursuant to Section 805 and Section 805.01.

(b) Investigating the circumstances of practice of any physician and surgeon where there have been any judgments, settlements, or arbitration awards requiring the physician and surgeon or his or her professional liability insurer to pay an amount in damages in excess of a cumulative total of thirty thousand dollars ($30,000) with respect to any claim that injury or damage was proximately caused by the physician's and surgeon's error, negligence, or omission.

(c) Investigating the nature and causes of injuries from cases which shall be reported of a high number of judgments, settlements, or arbitration awards against a physician and surgeon.

6. Section 2227 of the Code states:

(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

(1) Have his or her license revoked upon order of the board.

(2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.

(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

(4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.

(5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical review or advisory conferences, professional competency examinations, continuing education activities, and cost reimbursement associated therewith that are agreed to with the board and successfully completed by the licensee, or other matters made confidential or privileged by existing law, is deemed public, and shall be made available to the public by the board pursuant to Section 803.1.

STATUTORY PROVISIONS

7. Section 2234 of the Code states:

The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the violation of, or conspiring to violate any provision of this chapter.

(b) Gross negligence.

(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions. An initial negligent act or omission followed by a separate and distinct departure from the applicable standard of care shall constitute repeated negligent acts.

(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the

licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

(d) Incompetence.

(e) The commission of any act involving dishonesty or corruption that is substantially related to the qualifications, functions, or duties of a physician and surgeon.

(f) Any action or conduct that would have warranted the denial of a certificate.

(g) The failure by a certificate holder, in the absence of good cause, to attend and participate in an interview by the board no later than 30 calendar days after being notified by the board. This subdivision shall only apply to a certificate holder who is the subject of an investigation by the board.

(h) Any action of the licensee, or another person acting on behalf of the licensee, intended to cause their patient or their patient's authorized representative to rescind consent to release the patient's medical records to the board or the Department of Consumer Affairs, Health Quality Investigation Unit.

(i) Dissuading, intimidating, or tampering with a patient, witness, or any person in an attempt to prevent them from reporting or testifying about a licensee.

8. Section 2236 of the Code states:

(a) The conviction of any offense substantially related to the qualifications, functions, or duties of a physician and surgeon constitutes unprofessional conduct within the meaning of this chapter [Chapter 5, the Medical Practice Act]. The record of conviction shall be conclusive evidence only of the fact that the conviction occurred.

(b) The district attorney, city attorney, or other prosecuting agency shall notify the Medical Board of the pendency of an action against a licensee charging a felony or misdemeanor immediately upon obtaining information that the defendant is a licensee. The notice shall identify the licensee and describe the crimes charged and the facts alleged. The prosecuting agency shall also notify the clerk of the court in which the action is pending that the defendant is a licensee, and the clerk shall record prominently in the file that the defendant holds a license as a physician and surgeon.

(c) The clerk of the court in which a licensee is convicted of a crime shall, within 48 hours after the conviction, transmit a certified copy of the record of conviction to the board. The division may inquire into the circumstances surrounding the commission of a crime in order to fix the degree of discipline or to determine if the conviction is of an offense substantially related to the qualifications, functions, or duties of a physician and surgeon.

(d) A plea or verdict of guilty or a conviction after a plea of nolo contendere is deemed to be a conviction within the meaning of this section and Section 2236.1. The record of conviction shall be conclusive evidence of the fact that the conviction occurred.

9. Section 2236.1 of the Code states:

(a) A physician and surgeon's certificate shall be suspended automatically

during any time that the holder of the certificate is incarcerated after conviction of a felony, regardless of whether the conviction has been appealed. The Division of Medical Quality shall, immediately upon receipt of the certified copy of the record of conviction, determine whether the certificate of the physician and surgeon has been automatically suspended by virtue of the physician and surgeon's incarceration, and if so, the duration of that suspension. The division shall notify the physician and surgeon of the license suspension and of the right to elect to have the issue of penalty heard as provided in this section.

(b) Upon receipt of the certified copy of the record of conviction, if after a hearing it is determined therefrom that the felony of which the licensee was convicted was substantially related to the qualifications, functions, or duties of a physician and surgeon, the Division of Medical Quality shall suspend the license until the time for appeal has elapsed, if an appeal has not been taken, or until the judgment of conviction has been affirmed on appeal or has otherwise become final, and until further order of the division. The issue of substantial relationship shall be heard by an administrative law judge from the Medical Quality Hearing Panel sitting alone or with a panel of the division, in the discretion of the division.

(c) Notwithstanding subdivision (b), a conviction of any crime referred to in Section 2237, or a conviction of Section 187, 261, 288, or former Section 262, of the Penal Code, shall be conclusively presumed to be substantially related to the qualifications, functions, or duties of a physician and surgeon and a hearing shall not be held on this issue. Upon its own motion or for good cause shown, the division may decline to impose or may set aside the suspension when it appears to be in the interest of justice to do so, with due regard to maintaining the integrity of and confidence in the medical profession.

(d) (1) Discipline may be ordered in accordance with Section 2227, or the Division of Licensing may order the denial of the license when the time for appeal has elapsed, the judgment of conviction has been affirmed on appeal, or an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw the plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

(2) The issue of penalty shall be heard by an administrative law judge from the Medical Quality Hearing Panel sitting alone or with a panel of the division, in the discretion of the division. The hearing shall not be had until the judgment of conviction has become final or, irrespective of a subsequent order under Section 1203.4 of the Penal Code, an order granting probation has been made suspending the imposition of sentence; except that a licensee may, at the licensee's option, elect to have the issue of penalty decided before those time periods have elapsed. Where the licensee so elects, the issue of penalty shall be heard in the manner described in this section at the hearing to determine whether the conviction was substantially related to the qualifications, functions, or duties of a physician and surgeon. If the conviction of a licensee who has made this election is overturned on appeal, any discipline ordered pursuant to this section shall automatically cease. This subdivision does not prohibit the division from pursuing disciplinary action based on any cause other than the overturned conviction.

(e) The record of the proceedings resulting in the conviction, including a transcript of the testimony therein, may be received in evidence.

(f) The other provisions of this article setting forth a procedure for the suspension or revocation of a physician and surgeon's certificate shall not apply to

proceedings conducted pursuant to this section.

10. Section 2239 of the Code states:

(a) The use or prescribing for or administering to himself or herself, of any controlled substance; or the use of any of the dangerous drugs specified in Section 4022, or of alcoholic beverages, to the extent, or in such a manner as to be dangerous or injurious to the licensee, or to any other person or to the public, or to the extent that such use impairs the ability of the licensee to practice medicine safely or more than one misdemeanor or any felony involving the use, consumption, or self-administration of any of the substances referred to in this section, or any combination thereof, constitutes unprofessional conduct. The record of the conviction is conclusive evidence of such unprofessional conduct.

(b) A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The Medical Board may order discipline of the licensee in accordance with Section 2227 or the Medical Board may order the denial of the license when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

11. Unprofessional conduct is conduct which breaches rules or ethical codes of a profession or conduct which is unbecoming a member in good standing of a profession. (*Shea v. Board of Medical Examiners* (1978) 81 Cal.App.3rd 564, 575.).

REGULATORY PROVISIONS

12. California Code of Regulations, title 16, section 1360, states:

(a) For the purposes of denial, suspension or revocation of a license pursuant to Section 141 or Division 1.5 (commencing with Section 475) of the code, a crime, professional misconduct, or act shall be considered to be substantially related to the qualifications, functions or duties of a person holding a license if to a substantial degree it evidences present or potential unfitness of a person holding a license to perform the functions authorized by the license in a manner consistent with the public health, safety or welfare. Such crimes, professional misconduct, or acts shall include but not be limited to the following: Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate any provision of state or federal law governing the applicant's or licensee's professional practice.

(b) In making the substantial relationship determination required under subdivision (a) for a crime, the board shall consider the following criteria:

(1) The nature and gravity of the crime;

(2) The number of years elapsed since the date of the crime; and

(3) The nature and duties of the profession.

COST RECOVERY

13. Section 125.3 of the Code provides, in pertinent part, that the Board may request the administrative law judge to direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case, with failure of the licensee to comply subjecting the license to not being renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be included in a stipulated settlement.

FIRST CAUSE FOR DISCIPLINE

(Dangerous Use of Alcohol and Controlled Substances)

14. Respondent Juewon William Khwarg, M.D. is subject to disciplinary action under section 2239 of the Code, in that he consumed alcohol in a manner that was dangerous or injurious to himself, to others, or to the public. The circumstances are as follows:

(A) On or about May 6, 2023, at approximately 7:54 p.m., officers with the Palm Springs Police Department (PSPD) were dispatched to 1030 East Palm Canyon Drive, regarding a vehicle collision. Upon arrival, an officer observed a silver Lexus SUV located on top of a curb on East Palm Canyon Drive. There was also damage to the right side of the vehicle's tire and rear mirror.

(B) When an officer made contact with Respondent, the officer smelled an odor of alcoholic beverage emanating from Respondent's breath and his speech was slurred. Respondent told the officer that he was the driver of the vehicle and stated that he did not know what happened during the collision and that he lost control of his vehicle as he was traveling on East Palm Canyon Drive.

(C) Respondent also told the officer that he was in Palm Springs for a friend's birthday party and that he had been celebrating most of the day at his friend's hotel. Respondent stated that he was heading to his hotel to change clothes because he had fallen into the pool with his clothes on. Respondent admitted to drinking Mai Tais and smoking cannabis while at his

friend's birthday celebration. Respondent also admitted that he was impaired and that it was dangerous to drive in his state.

(D) An officer asked Respondent if he was willing to perform a series of tests to evaluate whether he was too impaired to operate a motor vehicle and Respondent agreed. The police officer then administered Field Sobriety Tests (FST) on Respondent, including the horizontal gaze nystagmus, walk and turn, and lack of convergence. Respondent failed to perform FSTs in a satisfactory manner.

(E) Based on Respondent's impairment demonstrated by colliding with the curb, his performance on the FSTs, and his objective signs and symptoms of alcohol and cannabis-induced impairment, the officer determined that Respondent was driving under the influence and placed Respondent under arrest.

(F) Respondent was given the option of undergoing a blood test because a breathalyzer was not an option due to his polydrug use. Respondent agreed to provide a blood sample. Respondent was transported to PSPD for processing. Thereafter, at or around 9:04 a.m., a nurse arrived at PSPD and drew a vial of blood from Respondent. Respondent was then taken to Indio Jail and booked into custody. Respondent's test results revealed a blood alcohol concentration of 0.223 percent.

(G) On or about July 7, 2023, in a criminal proceeding entitled *The People of the State of California v. Juewon William Khwarg* in Riverside County Superior Court, case number INM2303568, Respondent was charged with (1) willfully and unlawfully driving a vehicle while under the combined influence of an alcoholic beverage and a drug, in violation of Vehicle Code section 23152, subdivision (g), a misdemeanor (Count 1), (2) driving a vehicle while under the influence of alcohol, in violation of Vehicle Code section 23152, subdivision (a), a misdemeanor (Count 2), and (3) driving with a blood alcohol level of 0.08 percent or higher in violation of Vehicle Code section 23152, subdivision (b), a misdemeanor (Count 3). In addition, Respondent was charged with enhancement pursuant to Vehicle Code section 23538, subdivision (b)(2) based on his blood alcohol concentration of 0.20 and more, by weight. Respondent was also charged with an enhancement pursuant to Vehicle Code section 23578 based on his blood alcohol

concentration that was 0.15 percent or more, by weight during his violation of Vehicle Code section 21352.

(H) On or about May 30, 2024, in a criminal proceeding entitled *The People of the State of California v. Juewon William Khwarg* in Riverside County Superior Court, Case number INM2303568, Respondent pleaded guilty to Count 3 and was convicted. The remaining charges, Counts 1 and 2, were dismissed. Respondent was placed on probation for three years with terms and conditions, including being ordered to pay a fine and victim restitution and to attend and complete a first-offender DUI program for 9 months.

SECOND CAUSE FOR DISCIPLINE

(Conviction of a Substantially Related Crime)

15. Respondent Juewon William Khwarg, M.D. is subject to disciplinary action under section 2236 of the Code, in that he was convicted of a substantially related crime. The circumstances are as follows:

16. The allegations of the First Cause for Discipline are incorporated herein by reference as if fully set forth.

THIRD CAUSE FOR DISCIPLINE

(Unprofessional Conduct)

17. Respondent Juewon William Khwarg, M.D. is subject to disciplinary action under section 2234 of the Code, generally, in that he engaged in conduct that breached the rules or ethical code of the medical profession and/or which was unbecoming of a member in good standing of the medical profession, and which demonstrates an unfitness to practice medicine. The circumstances are as follows:

18. The allegations of the First and Second Causes for Discipline are incorporated herein by reference as if fully set forth.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking or suspending Physician's and Surgeon's Certificate Number A 140183,

issued to Respondent Juewon William Khwarg, M.D.;

2. Revoking, suspending, or denying approval of Respondent Juewon William Khwarg, M.D.'s authority to supervise physician assistants and advanced practice nurses;

3. Ordering Respondent Juewon William Khwarg, M.D., to pay the Board the costs of the investigation and enforcement of this case, and if placed on probation, the costs of probation monitoring; and

4. Taking such other and further action as deemed necessary and proper.
