[1] The patient is identified by number to protect his privacy.

[2] These are approximate dates. Before April 2015, Patient 1 was receiving primary medical care from Respondent's wife. Also, Patient 1 had been receiving prescriptions for controlled substances from his ex-wife since at least 2011.

chronic pain.[3] Per the records, from approximately April 2015 to March 2018, Respondent prescribed various controlled substances to Patient 1, including a dangerous opiate (Oxycodone in the form of Percocet, and a sedative/benzodiazepine (Lorazepam (Ativan)).[4]

13. Respondent exhibited a lack of knowledge in failing to adequately monitor Patient 1's medication use/compliance by not registering in the CURES database.[5] Respondent also demonstrated a continued lack of knowledge by stating that he was only required to document prescriptions for Schedule II controlled substances, whereas no documentation is necessary for Schedule III, IV, or V medications.

14. Taken all together, the compliance monitoring and medical-record keeping of the treatment provided by Respondent to Patient 1, as outlined above, represent a lack of knowledge by the Respondent and constitutes an extreme departure from the standard of care.

SECOND CAUSE FOR DISCIPLINE

(Repeated Negligent Acts)

15. Respondent is subject to disciplinary action under section 2234, subdivision (c), of the Code in that he committed repeated negligent acts in his care of Patient 1, above. The circumstances are as follows:

16. The facts and circumstances in paragraphs 12 through 14, above, are incorporated by reference as if set forth in full herein.

17. Respondent also committed repeated negligent acts in his care of Patient 1 above. The circumstances are as follows:

[3] In March 2018, Patient 1 had also been diagnosed by another physician with Severe Opioid Use Disorder, Severe Benzodiazepine Use Disorder, and Depression.

[4] Per CURES, Respondent was prescribing 240 pills of Percocet per month to Patient 1 for approximately 3 years (2015-2018). Interestingly, Respondent discontinued prescribing Percocet and Ativan to Patient 1, and replaced Percocet with Tramadol, shortly after Patient 1 had been diagnosed with a drug use disorder in March 2018.

[5] CURES allows healthcare prescribers, pharmacists, law enforcement, and regulatory boards to access patients' and providers' controlled substance prescription histories. CURES is intended to assist in the reduction of prescription drug abuse in California. Respondent stated to Board representatives on May 10, 2018, that he had no intention of registering for CURES because only pharmacists have to be registered. As of July 1, 2016, all physicians in California were required to register with CURES.

18. Respondent departed from the standard of care by failing to appropriately risk stratify Patient 1 for opioid therapy, failing to adequately formulate and document a treatment plan for Patient 1, failing to obtain informed consent for Patient 1, and failing to have Patient 1 enter into a pain management agreement. These acts and omissions in the treatment of Patient 1 constitute simple departures from the standard of care.

THIRD CAUSE FOR DISCIPLINE

(Excessive Prescribing)

19. By reason of the facts and allegations set forth in the First and Second Causes for Discipline above, Respondent is subject to disciplinary action under section 725 of the Code, in that Respondent excessively prescribed dangerous drugs to Patient 1.

FOURTH CAUSE FOR DISCIPLINE

(Inadequate Records)

20. By reason of the facts and allegations set forth in the First and Second Causes for Discipline above, Respondent is subject to disciplinary action under section 2266 of the Code, in that Respondent failed to maintain adequate and accurate records of his care and treatment of Patient 1.

FIFTH CAUSE FOR DISCIPLINE

(Incompetence)

21. By reason of the facts and allegations set forth in the First and Second Causes for Discipline above, namely paragraphs 12-14 above, Respondent is subject to disciplinary action under 2234, subdivision (d), of the Code, in that he exhibited a lack of knowledge in his treatment of Patient 1.

SIXTH CAUSE FOR DISCIPLINE

(Prescribing to an Addict)

22. By reason of the facts and allegations set forth in the First and Second Causes for Discipline above, namely paragraphs 12-14 above, Respondent is subject to disciplinary action under section 2241 of the Code in that Respondent prescribed controlled substances to Patient 1, who had signs of addiction.
