27 Henry R. Fenton of the Fenton Law Group, 1990 South Bundy Drive, Suite 777
28 Los Angeles, California 90025.

3. On June 29, 1965, the Board issued Physician's and Surgeon's Certificate No. C 27180 to John Joe Estrada, M.D. (Respondent). That license was in full force and effect at all times relevant to the charges brought in Second Amended Accusation No. 800-2017-030875 and will expire on December 31, 2020, unless renewed.

JURISDICTION

4. The Second Amended Accusation No. 800-2017-030875 is currently pending against Respondent. Respondent hereby gives up his right to contest that cause for discipline exists based on those charges.

10. Respondent agrees that if he ever petitions for reinstatement, all of the charges and allegations contained in the Second Amended Accusation No. 800-2017-030875 shall be deemed true, correct and fully admitted by Respondent for purposes of that proceeding.

19 Complainant alleges:

20 PARTIES

21 1. Christine J. Lally (Complainant) brings this Second Amended Accusation solely in
22 her official capacity as the Interim Executive Director of the Medical Board of California
23 (Board).

24 2. On June 29, 1965, the Board issued Physician's and Surgeon's Certificate Number C
25 27180 to John Joe Estrada, M.D. (Respondent). That license was in full force and effect at all

28

JURISDICTION

3. This Accusation is brought before the Board under the authority of the following laws. All section references are to the Business and Professions Code (Code) unless otherwise indicated.

4. Section 2227 of the Code states:

"(a) A licensee whose matter has been heard by an administrative law judge of the Medical Quality Hearing Panel as designated in Section 11371 of the Government Code, or whose default has been entered, and who is found guilty, or who has entered into a stipulation for disciplinary action with the board, may, in accordance with the provisions of this chapter:

"(1) Have his or her license revoked upon order of the board.

"(2) Have his or her right to practice suspended for a period not to exceed one year upon order of the board.

"(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

"(4) Be publicly reprimanded by the board. The public reprimand may include a requirement that the licensee complete relevant educational courses approved by the board.

"(5) Have any other action taken in relation to discipline as part of an order of probation, as the board or an administrative law judge may deem proper.

"(b) Any matter heard pursuant to subdivision (a), except for warning letters, medical review or advisory conferences, professional competency examinations, continuing education activities, and cost reimbursement associated therewith that are agreed to with the board and successfully completed by the licensee, or other matters made confidential or privileged by existing law, is deemed public, and shall be made available to the public by the board pursuant to Section 803.1."

5. Section 2234 of the Code, states:

"The board shall take action against any licensee who is charged with unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

1 “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
2 violation of, or conspiring to violate any provision of this chapter.

3 “(b) Gross negligence.

4 “(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or
5 omissions. An initial negligent act or omission followed by a separate and distinct departure from
6 the applicable standard of care shall constitute repeated negligent acts.

7 “(1) An initial negligent diagnosis followed by an act or omission medically appropriate for
8 that negligent diagnosis of the patient shall constitute a single negligent act.

9 “(2) When the standard of care requires a change in the diagnosis, act, or omission that
10 constitutes the negligent act described in paragraph (1), including, but not limited to, a
11 reevaluation of the diagnosis or a change in treatment, and the licensee’s conduct departs from the
12 applicable standard of care, each departure constitutes a separate and distinct breach of the
13 standard of care.

14 “(d) Incompetence.

15 “(e) The commission of any act involving dishonesty or corruption which is substantially
16 related to the qualifications, functions, or duties of a physician and surgeon.

17 “(f) Any action or conduct which would have warranted the denial of a certificate.

18 “(g) The practice of medicine from this state into another state or country without meeting
19 the legal requirements of that state or country for the practice of medicine. Section 2314 shall not
20 apply to this subdivision. This subdivision shall become operative upon the implementation of the
21 proposed registration program described in Section 2052.5.

22 “(h) The repeated failure by a certificate holder, in the absence of good cause, to attend and
23 participate in an interview by the board. This subdivision shall only apply to a certificate holder
24 who is the subject of an investigation by the board.”

25 6. Section 2261 of the Code states:

26 “Knowingly making or signing any certificate or other document directly or indirectly
27 related to the practice of medicine or podiatry which falsely represents the existence or
28 nonexistence of a state of facts, constitutes unprofessional conduct.”

1 7. Section 2266 of the Code states:

2 "The failure of a physician and surgeon to maintain adequate and accurate records relating
3 to the provision of services to their patients constitutes unprofessional conduct."

4 **FIRST CAUSE FOR DISCIPLINE**

5 (Repeated Negligent Acts)

6 8. Respondent John Joe Estrada, M.D. is subject to disciplinary action under section
7 2234, subdivision (c), in that he committed repeated negligent acts in the care and treatment of a
8 single patient. The circumstances are as follows:

9 9. Respondent is a dermatologist, with an office in Los Angeles. After a change in his
10 health insurance coverage, the Patient¹ first visited Respondent on March 3, 2017. Patient, a male
11 who was 48 years old at the time, sought treatment with Respondent for Tinea Versicolor, a
12 condition for which he was treated previously by another provider, prior to the change in the
13 Patient's insurance coverage.

14 10. Tinea versicolor is a common fungal infection of the skin, caused by normal skin
15 flora, that manifests itself in discoloration, and minor itching and scaling. The Patient previously
16 had tinea versicolor discolorations on his arms and torso, and occasionally on the inner thighs
17 near the knees, but never in his genital area.

18 11. When Respondent examined the Patient, they were alone in the examination room.
19 Respondent asked the patient questions regarding his complaints. While discussing the patient's
20 history, Respondent asked the Patient if he was married and the patient replied that he had a
21 husband.

22 12. Respondent asked the Patient to remove his shirt, and after examining the patient's
23 torso, including his back, Respondent told him to remove his pants and underwear. Respondent
24 remained in the room while the Patient complied. The Patient was not offered a gown, and was
25 not otherwise draped in any way. After the patient removed his pants and underwear,
26 Respondent did not move behind the patient to examine the posterior areas that were heretofore

27 _____
28 ¹ The patient whose care and treatment is subject of this Accusation, is designated as "the
Patient" herein to protect his privacy. The identity of the Patient is known to Respondent.

1 covered by the patient's pants and underwear. While standing in front of the Patient, Respondent
2 used the index fingers of both hands to examine the Patient's penis. Respondent held the
3 patient's penis between his fingers and then used one finger to palpate the patient's penis from the
4 shaft to the tip, approximately six times. Respondent then told the patient that he "may just as
5 well go ahead and put some cream here." Respondent prescribed 2% ketoconazole cream and
6 shampoo to the patient, and the patient felt that Respondent had advised him to apply the cream to
7 his penis. Respondent never told the Patient to get dressed or cover up. Respondent advised the
8 patient to return in two weeks to follow up, and left the examination room while the patient was
9 still undressed.

10 13. Respondent documented in the patient's medical record that he observed hyper
11 pigmented patches of skin on various parts of the patient's body, including in his genital area.
12 This portion of the documentation was false, as the Patient never had complaints in his genital
13 area previously and had no symptoms of any kind in his genital area when Respondent examined
14 him. Respondent also documented a plan to "consider oral antifungal meds" for the patient if the
15 cream and shampoo were not effective. In a later interview with the Board's investigators,
16 Respondent explained that the plan was to prescribe oral ketoconazole if the cream and shampoo
17 were not effective.

18 14. During the interview with the Board's investigators, Respondent explained that tinea
19 versicolor could be contracted from a sleeping partner or by sharing clothes, sheets or towels. He
20 explained that "they catch it wrestling and rolling on the yoga mat at the gym." However, Tinea
21 Versicolor symptoms are the result of one's own normal skin flora, rather than "catching" it
22 from someone else.

23 15. The patient felt that Respondent touched him inappropriately in a sexual manner. He
24 complained to the Board.

25 //

26 //

27

28

1 16. By reason of the facts set forth above in paragraphs 11 through 15, Respondent John
2 Joe Estrada, M.D. is subject to disciplinary action under section 2234, subdivision (c), in that he
3 committed repeated negligent acts in the care and treatment of a single patient.

4 17. Each of the following actions by Respondent constituted a departure from the
5 standard of care:

6 a.) The manner of examining the Patient's genital area was a departure from the
7 standard of care.

8 b.) Failure to conduct an appropriate skin examination, including failure to offer the
9 patient a gown or to drape him, was a departure from the standard of care.

10 c.) Considering treatment of tinea versicolor with oral ketoconazole was a departure
11 from the standard of care.

12 d.) Stating that tinea versicolor is contagious and can be transmitted when "wrestling
13 and rolling on the yoga mat at the gym" is a departure from the standard of care.

14 **SECOND CAUSE FOR DISCIPLINE**

15 (False Statement in Medical Records)

16 18. By reason of the facts set forth above in paragraphs 11 through 15, Respondent John
17 Joe Estrada, M.D. is subject to disciplinary action under section 2261 in that he prepared a
18 document related to the practice of medicine which falsely represented the existence of a state of
19 facts. The circumstances are as follows:

20 19. Respondent's documentation in the patient's medical record that he observed hyper
21 pigmented patches of skin on the patient's genital area falsely represented the results of his
22 examination, in violation of section 2261.

23 **THIRD CAUSE FOR DISCIPLINE**

24 (Failure to Maintain Adequate and Accurate Records)

25 20. By reason of the facts set forth above in paragraphs 11 through 15, Respondent John
26 Joe Estrada, M.D. is subject to disciplinary action under section 2266 in that he failed to maintain
27 adequate and accurate records of patient care.

28 //

2. Revoking, suspending or denying approval of his authority to supervise physician assistants and advanced practice nurses;
