28 3. On or about October 5, 1981, the Board issued Physician's and Surgeon's Certificate

1 No. C 40079 to Respondent. The Physician's and Surgeon's Certificate was in full force and
2 effect at all times relevant to the charges brought in Accusation No. 800-2017-034090 and will
3 expire on October 31, 2020, unless renewed.

4 JURISDICTION

5 4. Accusation No. 800-2017-034090 was filed before the Board, and is currently
6 pending against Respondent. The Accusation and all other statutorily required documents were

8 Defense contesting the Accusation. A copy of Accusation No. 800-2017-034090 is attached as
9 Exhibit A and incorporated by reference.

27 9. For the purpose of resolving the Accusation without the expense and uncertainty of
28 further proceedings, Respondent agrees that, at a hearing, Complainant could establish a prima

2 charges and allegations constitute cause for discipline. Respondent hereby gives up her right to
3 contest those charges and allegations.

4 10. Respondent understands that by signing this stipulation she enables the Board to issue
5 an order accepting the surrender of her Physician's and Surgeon's Certificate without further

16 Respondent or her counsel. By signing the stipulation, Respondent understands and agrees that
17 she may not withdraw her agreement or seek to rescind the stipulation prior to the time the Board
18 considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order,
19 the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this

“(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice Act.

“(a) The enforcement of the disciplinary and criminal provisions of the Medical Practice Act.

“(c) Carrying out disciplinary actions appropriate to findings made by a panel or an administrative law judge.

“(e) Reviewing the quality of medical practice carried out by physician and surgeon certificate holders under the jurisdiction of the board.

5. Section 2227 of the Code states:

“(1) Have his or her license revoked upon order of the board.

“(3) Be placed on probation and be required to pay the costs of probation monitoring upon order of the board.

2

1 “(5) Have any other action taken in relation to discipline as part of an order of probation, as

6 successfully completed by the licensee, or other matters made confidential or privileged by
7 existing law, is deemed public, and shall be made available to the public by the board pursuant to
8 Section 803.1.”

9 6. Section 2234 of the Code, states:

10 “The board shall take action against any licensee who is charged with unprofessional
11 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not
12 limited to, the following:

13 “(a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
14 violation of, or conspiring to violate any provision of this chapter.

15 “(b) Gross negligence.

16 “(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or

21 “(2) When the standard of care requires a change in the diagnosis, act, or omission that
22 constitutes the negligent act described in paragraph (1), including, but not limited to, a
23 reevaluation of the diagnosis or a change in treatment, and the licensee’s conduct departs from the
24 applicable standard of care, each departure constitutes a separate and distinct breach of the
25 standard of care.

26 “...”

27 7. Section 2266 of the Code states:
28

1 "The failure of a physician and surgeon to maintain adequate and accurate records relating
2 to the provision of services to their patients constitutes unprofessional conduct."

3 **FACTUAL ALLEGATIONS**

4 8. Patient 1,¹ then a 56-year-old female patient, presented to Respondent at Farid Medical
5 Group with complaints of post menopausal vaginal bleeding. Patient 1 reported that her menses
6 had ceased three years ago, but she was experiencing spotty brown vaginal bleeding accompanied
7 by mucous, for about one year. The bleeding increased with exercise. Patient 1 also complained
8 of urinary incontinence. Her past history was significant for diabetes and hypertension. Her
9 physical exam revealed morbid obesity and atrophic pelvic changes involving the vagina and
10 cervix. Respondent listed post-menopausal bleeding, incontinence, and obesity as her diagnoses.
11 The plan was for a pap smear, testing for follicle-stimulating hormone (FSH) and estradiol levels,
12 a pelvic ultrasound, and urinalysis.

13 9. On or about August 14, 2013, Respondent saw Patient 1 and ordered an ultrasound and
14 lab work.

15 10. The ultrasound was completed on August 26, 2013. Evidence of bloodwork was not
16 found in the clinical patient records.

17 11. The patient failed to show up for her scheduled September 9, 2013 visit with another
18 doctor in the office. Office policy states that the chart of patients who missed their appointments
19 are to be placed on the physician's desk.

20 12. The clinic had a practice of staff sorting all labs that come in, with normal tests being
21 filed and abnormal tests being placed on the physician's desk to be reviewed by the physician.
22 Once reviewed, the physician would initial and date the report to be filed or write further
23 instructions.

24 13. The ultrasound was dated September 9, 2013 with a signature that looked like the
25 signature of the Respondent. Per the clinic assistant, Respondent reviewed the chart with no
26 further recommendations.

27
28 ¹ For privacy purposes, the patient in this Accusation is referred to as Patient 1, with the identity of
the patient disclosed to Respondent in discovery.

1 14. However, the ultrasound was grossly abnormal with uterine enlargement, including a
2 7cm heterogeneous mass. The endometrium was thickened at 27.6mm. The radiologist noted
3 that the patient should be further evaluated with an MRI.

4 15. Respondent took no action to notify Patient 1 of her test results, directly or indirectly,
5 or to refer her for a biopsy.

6 16. Patient 1 was not informed of the abnormal findings until she was seen by another
7 physician the next year. She was eventually diagnosed with endometrial cancer.

8 **FIRST CAUSE FOR DISCIPLINE**

9 **(Gross Negligence – Failure to Follow-up on Diagnostic Testing for Cancer)**

10 17. Respondent is subject to disciplinary action under section 2234, subdivision (b), of the
11 Code, in that she engaged in gross negligence by failing to follow-up with the patient or with the
12 clinical staff regarding the patient's ultrasound test results after referral for a possible diagnosis of
13 endometrial cancer.

14 18. The standard of medical practice for a physician in the clinical setting includes
15 ordering of laboratory tests with an obligation for follow-up. Physicians have a responsibility to
16 monitor if the tests are completed by the patient and the laboratory. They then have an obligation
17 to review the results, interpret the findings, notify the patient, and plan further treatment.

18 19. Respondent's acts and/or omissions, as set forth in Paragraphs 8 through 16 above,
19 constitute an extreme departure from the standard of care.

20 20. Respondent's acts and/or omissions, as set forth in Paragraphs 8 through 16, whether
21 proven individually, jointly, or in any combination thereof, constitute gross negligence pursuant
22 to section 2234, subdivision (b), of the Code. Therefore, cause for discipline exists.

23 **SECOND CAUSE FOR DISCIPLINE**

24 **(Repeated Negligent Acts)**

25 21. Respondent is subject to disciplinary action under section 2234, subdivision (c), of the
26 Code, in that she engaged in repeated acts of negligence in the care and treatment of Patient 1.
27 Specifically, she was negligent in managing the patient's post-menopausal bleeding and in
28 obtaining informed consent as to the diagnosis plan.

1 22. The allegations of the first cause for discipline are incorporated by reference as if fully
2 set forth herein.

3 23. The standard of care when it comes to management of post-menopausal bleeding is
4 that vaginal bleeding arising after menopause must be considered due to cancer, until proven
5 otherwise. Although confirmatory testing may be warranted and initiated, a biopsy of the
6 endometrium is required for diagnosis.

7 24. The standard of care in obtaining informed consent is to ensure that the patient is
8 properly informed that vaginal bleeding is the only reliable warning sign of endometrial cancer.
9 The patient should understand that accurate diagnosis requires tissue sampling via office
10 endometrial biopsy or curettage under anesthesia. Ultrasound may be indicative of the diagnosis
11 but is not always conclusive. Furthermore, the etiology of the bleeding requires treatment via
12 hormonal therapy or surgical intervention, after the diagnosis has been made. A patient who is
13 aware of the risk of cancer and the need for a biopsy and further treatment would be more likely
14 to return for proper follow-up.

15 25. A physician's options in evaluating a patient for cancer include ultrasound
16 examination with an endometrial biopsy, hysteroscopy, or dilation and curettage.

17 26. A normal ultrasound findings would still have required additional evaluation of the
18 endometrial cavity to ascertain the origin of the uterine bleeding.

19 27. Respondent failed to initiate a diagnosis plan that involved acquiring a tissue sample
20 using any procedures. Respondent did not attempt to obtain insurance authorization for the
21 critical biopsy at the first visit, along with authorization for the ultrasound, to ensure timeliness
22 and completeness of diagnosis.

23 28. Respondent also failed to properly communicate a diagnosis, treatment plan, and
24 obtain consent from the patient. The critical need for follow-up on the ultrasound and tissue
25 sample was not conveyed to the patient, along with stressing the importance of ruling out cancer.
26 Making sure the patient understood that cancer was a possibility would have ensured compliance
27 with the diagnosis plan. The brief chart note, documenting that patient was instructed to return
28

1 after her ultrasound, did not indicate that the urgency of follow up was properly communicated to
2 Patient 1.

3 29. Respondent's acts and/or omissions as set forth in paragraphs 8 through 28 above,
4 whether proven individually, jointly, or in any combination thereof, constitute repeated acts of
5 negligence pursuant to section 2234, subdivision (c), of the Code. Therefore, cause for discipline
6 exists.

7 **THIRD CAUSE FOR DISCIPLINE**

8 **(Failure to Maintain Adequate and Accurate Medical Records)**

9 30. Respondent is subject to disciplinary action under section 2266 of the Code for failing
10 to maintain adequate and accurate records relating to her care and treatment of Patient 1.

11 Complainant refers to and, by this reference, incorporates herein, paragraphs 8 through 29, above,
12 as though fully set forth herein.
