14 JURISDICTION

15 7. This Accusation is brought before the Board, under the authority of the following
16 laws. All section references are to the Business and Professions Code (Code) unless otherwise
17 indicated.

18 8. Section 820 of the Code states:

19 Whenever it appears that any person holding a license, certificate or permit
20 under this division or under any initiative act referred to in this division may be
21 unable to practice his or her profession safely because the licentiate's ability to
22 practice is impaired due to mental illness, or physical illness affecting competency,
23 the licensing agency may order the licentiate to be examined by one or more
24 physicians and surgeons or psychologists designated by the agency. The report of the
25 examiners shall be made available to the licentiate and may be received as direct
26 evidence in proceedings conducted pursuant to Section 822.

27 9. Section 822 of the Code states:

28 If a licensing agency determines that its licentiate's ability to practice his or her
profession safely is impaired because the licentiate is mentally ill, or physically ill
affecting competency, the licensing agency may take action by any one of the
following methods:

(a) Revoking the licentiate's certificate or license.

(b) Suspending the licentiate's right to practice.

1 (c) Placing the licentiate on probation.

2 (d) Taking such other action in relation to the licentiate as the licensing agency
3 in its discretion deems proper.

4 The licensing section shall not reinstate a revoked or suspended certificate or
5 license until it has received competent evidence of the absence or control of the
6 condition which caused its action and until it is satisfied that with due regard for the
7 public health and safety the person's right to practice his or her profession may be
8 safely reinstated.

9 10. Section 2227 of the Code provides that a licensee who is found guilty under the
10 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
11 one year, placed on probation and required to pay the costs of probation monitoring, or such other
12 action taken in relation to discipline as the Board deems proper.

13 11. Section 2228 of the Code states:

14 The authority of the board . . . to discipline a licensee by placing him or her on
15 probation includes, but is not limited to, the following:

16 (a) Requiring the licensee to obtain additional professional training and to pass
17 an examination upon the completion of the training. The examination may be written
18 or oral, or both, and may be a practical or clinical examination, or both, at the option
19 of the board or the administrative law judge.

20 (b) Requiring the licensee to submit to a complete diagnostic examination by
21 one or more physicians and surgeons appointed by the board. If an examination is
22 ordered, the board shall receive and consider any other report of a complete
23 diagnostic examination given by one or more physicians and surgeons of the
24 licensee's choice.

25 (c) Restricting or limiting the extent, scope, or type of practice of the licensee,
26 including requiring notice to applicable patients that the licensee is unable to perform
27 the indicated treatment, where appropriate.

28 (d) Providing the option of alternative community service in cases other than
violations relating to quality of care.

12. Section 2234 of the Code, states:

The board shall take action against any licensee who is charged with
unprofessional conduct. In addition to other provisions of this article, unprofessional
conduct includes, but is not limited to, the following:

(a) Violating or attempting to violate, directly or indirectly, assisting in or
abetting the violation of, or conspiring to violate any provision of this chapter.

(b) Gross negligence.

1 (c) Repeated negligent acts. To be repeated, there must be two or more
2 negligent acts or omissions. An initial negligent act or omission followed by a
3 separate and distinct departure from the applicable standard of care shall constitute
4 repeated negligent acts.

5 (1) An initial negligent diagnosis followed by an act or omission medically
6 appropriate for that negligent diagnosis of the patient shall constitute a single
7 negligent act.

8 (2) When the standard of care requires a change in the diagnosis, act, or
9 omission that constitutes the negligent act described in paragraph (1), including, but
10 not limited to, a reevaluation of the diagnosis or a change in treatment, and the
11 licensee's conduct departs from the applicable standard of care, each departure
12 constitutes a separate and distinct breach of the standard of care.

13 (d) Incompetence.

14 (e) The commission of any act involving dishonesty or corruption that is
15 substantially related to the qualifications, functions, or duties of a physician and
16 surgeon.

17 (f) Any action or conduct that would have warranted the denial of a certificate.

18 (g) The failure by a certificate holder, in the absence of good cause, to attend
19 and participate in an interview by the board. This subdivision shall only apply to a
20 certificate holder who is the subject of an investigation by the board.

21 13. Section 2239 of the Code states:

22 (a) The use or prescribing for or administering to himself or herself, of any
23 controlled substance; or the use of any of the dangerous drugs specified in Section
24 4022, or of alcoholic beverages, to the extent, or in such a manner as to be dangerous
25 or injurious to the licensee, or to any other person or to the public, or to the extent that
26 such use impairs the ability of the licensee to practice medicine safely or more than
one misdemeanor or any felony involving the use, consumption, or
self-administration of any of the substances referred to in this section, or any
combination thereof, constitutes unprofessional conduct. The record of the
conviction is conclusive evidence of such unprofessional conduct.

27 (b) A plea or verdict of guilty or a conviction following a plea of nolo
28 contendere is deemed to be a conviction within the meaning of this section. The
Medical Board may order discipline of the licensee in accordance with Section 2227
or the Medical Board may order the denial of the license when the time for appeal has
elapsed or the judgment of conviction has been affirmed on appeal or when an order
granting probation is made suspending imposition of sentence, irrespective of a
subsequent order under the provisions of Section 1203.4 of the Penal Code allowing
such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or
setting aside the verdict of guilty, or dismissing the accusation, complaint,
information, or indictment.

1 14. Health and Safety Code section 11157 states: "No person shall issue a prescription
2 that is false or fictitious in any respect."

3 15. Health and Safety Code section 11170 prohibits prescribing, administering or
4 furnishing a controlled substance for self-use.

5 16. Health and Safety Code section 11173 states, in pertinent part:

6 "(a) No person shall obtain or attempt to obtain controlled substances, or procure or attempt
7 to procure the administration of or prescription for controlled substances, (1) by fraud,
8 deceit, misrepresentation, or subterfuge; or (2) by the concealment of a material fact.

9 (b) No person shall make a false statement in any prescription, order, report, or record
required by this division"

10 FIRST CAUSE FOR DISCIPLINE

11 (Section 822: Impairment)

12 17. Respondent Jessica Fogler Waldura, M.D. is subject to disciplinary action under
13 section 822 in that Respondent is unable to practice her profession safely, without certain
14 restrictions and monitoring, due to multiple substance use disorders, particularly a severe
15 Ketamine¹ Use Disorder, in combination with a Bipolar II Disorder², as described more fully
16 herein.

17 18. Starting in or about July 2020, Respondent practiced medicine as the Medical
18 Director of the Alameda County Jail in Dublin, California. Respondent was employed by
19 Wellpath, a company that provides medical and behavioral health professionals' services to local
20 and state government facilities. Respondent began working at the Alameda County Jail in or
21 about May 2015 as an HIV specialist.

22 ///

23
24 ¹ Ketamine is a medication primarily used for starting and maintaining anesthesia. It
25 induces dissociative anesthesia, a trance-like state providing pain relief, sedation, and amnesia. It
26 is a Schedule III controlled substance per the DEA. Recently, ketamine has been used to treat
27 severe depression that has been resistant to other treatments. For clinical use, it is available in a
28 clear liquid form for injection, as a nasal spray, and as sublingual lozenges. It is abused for its
hallucinogenic properties and produces effects that are similar to PCP (phencyclidine). Illicit
ketamine is available in liquid and powder forms.

² Bipolar II Disorder is characterized by cycles of depressive episodes followed by hypo-
manic periods.

1 19. On or about August 7, 2020, the Medical Board received an email complaint from a
2 physician employer of Respondent. The complaint reported that, while Respondent was
3 practicing medicine at the Alameda County Jail, she wrote multiple prescriptions for Norco³ to
4 her mother, using a company's prescription pad which was in violation of company policy. It
5 was also reported that Respondent had a history of substance abuse and that there was concern
6 that she was practicing medicine while impaired. Respondent's boss expressed concerns about
7 her acting differently, that she was found taking naps at a desk, and she was leaving work early.

8 20. Respondent's employment at the Alameda County Jail was terminated on or about
9 August 5, 2020.

10 21. On or about August 10, 2020, Respondent entered Kaiser's Intensive Outpatient
11 Program (IOP) for rehabilitation and had 58 days of abstinence before she relapsed.

12 22. On or about October 12, 2020, Respondent entered an in-patient residential treatment
13 center in Napa, California. The intake assessment reports that Respondent stated that she was
14 using three to four grams of illicit ketamine daily. She was discharged from the residential
15 treatment program on or about November 25, 2020.

16 23. On March 22, 2021, Respondent signed a Voluntary Agreement for Mental
17 Examination, at the Board's request, in which she agreed to undergo a mental examination,
18 conducted by a board certified psychiatrist, in order to determine whether her ability to practice
19 medicine safely is impaired due to a mental illness.

20 24. On or about April 16, 2021, Respondent met with a board certified psychiatrist who
21 conducted a mental examination ("physician examiner"). During the mental examination,
22 Respondent admitted to a history of multiple substance use disorders, with periods of abstinence
23 and then relapses. According to the physician examiner, Respondent acknowledged that she is an
24 "addict" and that she did not stop practicing medicine even after she realized her illicit ketamine
25

26 ³ Norco is a trade name for hydrocodone bitartrate with acetaminophen, which belongs to
27 the class of medications called analgesics, opioid combos. It is used to treat symptoms of
28 moderate to severe pain. It is a Schedule II controlled substance as defined by section 11055,
subdivision (e) of the Health and Safety Code and is a dangerous drug as defined in Business and
Professions Code section 4022.

1 use was out of control. She also admitted that, in the past, she was not honest about her substance
2 use with her rehabilitation treatment providers and her workplace supervisors.

3 25. On April 21, 2021, Respondent, with her attorney present, was interviewed by a
4 Medical Board Investigator and by a Medical Board District Medical Consultant. During the
5 interview, Respondent provided the following information, among other things:

6 (a) She had a history of substance abuse (drugs and alcohol) which began when she was a
7 teenager. She had a period of sobriety of about 32 years before suffering a major depression and
8 a relapse that included her self-medicating and use of illicit (not prescribed) ketamine; and,

9 (b) The five prescriptions for Norco that she issued to her mother in March through July
10 2020, on a Santa Rita Jail prescription pad, were for her own use. Respondent took the Norco to
11 relieve the great pain in her nose from snorting the ketamine and to soothe the withdrawal
12 cravings.

13 26. The Board's physician examiner issued a report dated May 7, 2021 that contained his
14 findings, diagnoses, and conclusions after meeting with Respondent and reviewing all records and
15 materials provided by the Board. The physician examiner diagnosed Respondent with a Bipolar
16 II Disorder and with multiple substance use disorders: Ketamine Use Disorder, Severe; Cannabis
17 Use Disorder, Severe – in early remission; Alcohol Use Disorder, Severe – in early remission;
18 Tobacco Use Disorder, Moderate – in early remission; and, an Unspecified Eating Disorder.

19 27. In determining that Respondent had a severe Ketamine Use Disorder, the physician
20 examiner noted Respondent's history of using illicit ketamine, which started in about
21 October/November 2018 through at least October 11, 2020. The Ketamine Use Disorder was
22 designated to be "severe" because Respondent's history indicated that she used amounts larger
23 than anticipated and that she was unable to control the use. Respondent also continued to use
24 ketamine despite physical and psychological problems, withdrawal, and problems at her job.
25 According to the physician examiner, Respondent's Ketamine Use Disorder is considered to be in
26 early remission because Respondent reported that she has abstained from using illicit ketamine
27 for less than one year and that it has been less than one year since she experienced cravings for
28

ketamine. Respondent, however, is not being monitored with random and regular laboratory testing at this time to confirm her self-reported abstinence.

28. As stated in his report dated May 7, 2021, the physician examiner finds that Respondent's risk of relapse in substance use is magnified by her co-morbid Bipolar II Disorder, which has been associated with severe anxiety and severely depressed mood states with thoughts of suicide and feelings of hopelessness. These anxious and depressive symptoms, when present, may cause her to overlook the risk of relapse and the consequences of her substance use.

29. Respondent reported to the physician examiner that she is currently not practicing medicine and that she is enrolled in the Kaiser Addiction Medicine Rehabilitation Service (AMRS).

SECOND CAUSE FOR DISCIPLINE

(Unprofessional Conduct: Gross Negligence, Dishonest Acts, Self-Use of Controlled Substance in a Dangerous Manner and/or to Extent of Impairment to Practice Medicine Safely, and/or Issuing False Prescriptions for Controlled Substances for Self-Use).

30. Respondent Jessica Fogler Waldura, M.D. is subject to disciplinary action for unprofessional conduct, under section 2234, subsections (b) and/or (e), and/or section 2239, subsection (a), and/or violations of Health and Safety Code sections 11157, 11170, and 11173, through gross negligence and/or dishonest acts and/or self-use of controlled substances to the extent or in such a manner as to be dangerous or injurious to the licensee, or to any other person or to the public, or to the extent that such use impairs the ability of the licensee to practice medicine safely, and/or issuing false prescriptions for self-use and obtaining controlled substances by fraud or deceit.

31. Paragraphs 17 through 29 are incorporated by reference as if fully set forth.

HEARING; and INTERIM ORDER
[Government Code Section 11529]

18
19
20 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
21 entitled proceeding that the following matters are true:

22 1. Petitioner William Prasifka (Petitioner) is the Executive Director of the Medical
23 Board of California, Department of Consumer Affairs, State of California (Board). He brought
24 this action solely in his official capacity and is represented in this matter by his attorney, Rob
25 Bonta, Attorney General of the State of California, by Lynne K. Dombrowski, Deputy Attorney
26 General.

1 2. On or about January 25, 2001, the Medical Board of California issued Physician
2 and Surgeon's Certificate Number A73817 to Jessica Fogler Waldura, M.D. (Respondent). The
3 certificate is current and valid with an expiration date of January 31, 2023.

4 3. On July 6, 2021, Petitioner filed a Notice of Petition Hearing and Petition for
5 Interim Suspension Order against Respondent, along with supporting Memorandum of Points and
6 Authorities, Declaration of Expert Charles Seaman, M.D., and a proposed Interim Order
7 Suspending License Prior to Hearing, pursuant to Government Code Section 11529.

8 4. Respondent is represented in this proceeding by attorney Michael A. Firestone
9 whose address is: Marvin Firestone MD-JD & Associates, 1700 S. El Camino Real, Suite 408,
10 San Mateo, CA 94402.

11 5. This Petition for Interim Suspension Order matter is currently set for a remote
12 hearing before the Medical Quality Hearing Panel of the Office of Administrative Hearings,
13 Oakland, California, at 1:00 p.m. on July 26, 2021.

14 6. The parties have reached an agreement as to the Petition for Interim Suspension
15 Order against Respondent's Physician and Surgeon's Certificate. Respondent willingly enters
16 into this Stipulation with full understanding of its terms and restrictions. In order to avoid the
17 time and expense of a hearing on the Petition for Interim Suspension Order, Respondent stipulates
18 and agrees that, at a hearing on the Petition, Petitioner could establish a factual basis for the
19 issuance of an interim order of suspension. Respondent therefore stipulates and agrees that the
20 Medical Quality Hearing Panel of the Office of Administrative Hearings has jurisdiction and,
21 without further proceedings, may issue the attached interim order which provides that
22 Respondent's Physician's and Surgeon's Certificate No. A73817 shall be immediately suspended,
23 and Respondent shall be restrained and prohibited from practicing as a physician and surgeon.

24 7. Respondent understands that the interim suspension order shall remain in force and
25 effect until such time as the Medical Board of California shall have issued and adopted a final
26 decision on the Accusation to be filed pursuant to the provisions of Government Code sections
27 11503 and 11505.

1 8. Respondent is aware of her rights under California Government Code section 11529
2 to a noticed hearing on a petition for an interim order of suspension, which include the right to be
3 represented by counsel at her own expense, to have a record made of the proceedings, to present
4 affidavits and other documentary evidence, and to present oral argument. Respondent hereby
5 knowingly and voluntarily waives each of these rights set forth above.

6 9. It is agreed that a facsimile, PDF, or other electronic copies of signatures to this
7 stipulation shall be binding as originals, and that this stipulation may be signed in counterpart.

8 IT IS SO STIPULATED.
