STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER

14 **Physician's and Surgeon's Certificate No.**
15 **G51947**

16 Respondent.

17
18 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
19 entitled proceedings that the following matters are true:

20 **PARTIES**

21 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
22 California (Board). He brought this action solely in his official capacity and is represented in this
23 matter by Rob Bonta, Attorney General of the State of California, by Jane Zack Simon,
24 Supervising Deputy Attorney General.

25 2. Respondent Robin David Serrahn, M.D. (Respondent) is represented in this
26 proceeding by attorney Shannon V. Baker of Rothschild Wishek & Sands, LLP, 765 University
27 Avenue, Sacramento, CA 95825.
28

3. On June 11, 1985, the Board issued Physician's and Surgeon's Certificate No. G51947 to Robin David Serrahn, M.D. The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in Accusation No. 800-2018-048496, and will expire on August 31, 2022, unless renewed.

JURISDICTION

4. Accusation No. 800-2018-048496 was filed before the Board, and is currently pending against Respondent. The Accusation and all other statutorily required documents were properly served on Respondent, who timely filed his Notice of Defense contesting the Accusation. A copy of Accusation No. 800-2018-048496 is attached as Exhibit A.

ADVISEMENT AND WAIVERS

5. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in Accusation No. 800-2018-048496. Respondent has also carefully read, fully discussed with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

6. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

7. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

CULPABILITY

8. Respondent understands and agrees that the charges and allegations in Accusation No. 800-2018-048496, if proven at a hearing, constitute cause for imposing discipline upon his Physician's and Surgeon's Certificate.

9. Respondent does not contest that, at an administrative hearing, complainant could establish a prima facie case with respect to the charges and allegations in Accusation No. 800-

1 2018-048496 and that he has thereby subjected his Physician's and Surgeon's Certificate, No.
2 G51947 to disciplinary action.

3 10. Respondent agrees that his Physician's and Surgeon's Certificate is subject to
4 discipline and he agrees to be bound by the Board's imposition of discipline as set forth in the
5 Disciplinary Order below.

6 **CONTINGENCY**

7 11. This stipulation shall be subject to approval by the Medical Board of California.
8 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
9 Board of California may communicate directly with the Board regarding this stipulation and
10 settlement, without notice to or participation by Respondent or his counsel. By signing the
11 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek
12 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
13 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
14 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
15 action between the parties, and the Board shall not be disqualified from further action by having
16 considered this matter.

17 12. The parties understand and agree that Portable Document Format (PDF) and facsimile
18 copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile
19 signatures thereto, shall have the same force and effect as the originals.

20 13. In consideration of the foregoing admissions and stipulations, the parties agree that
21 the Board may, without further notice or opportunity to be heard by the Respondent, issue and
22 enter the following Disciplinary Order:

1 **JURISDICTION**

2 3. This Accusation is brought before the Board, under the authority of the following
3 laws. All section references are to the Business and Professions Code (Code) unless otherwise
4 indicated.

5 4. Section 2227 of the Code provides that a licensee who is found guilty under the
6 Medical Practice Act may have his or her license revoked, suspended for a period not to exceed
7 one year, placed on probation and required to pay the costs of probation monitoring, or such other
8 action taken in relation to discipline as the Board deems proper.

9 5. Section 2234 of the Code states, in pertinent part:

10 The board shall take action against any licensee who is charged with unprofessional
11 conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not
12 limited to, the following:

13 (a) Violating or attempting to violate, directly or indirectly, assisting in or abetting the
14 violation of, or conspiring to violate any provision of this chapter.

15 (b) Gross negligence.

16 (c) Repeated negligent acts.

17 (d) Incompetence.

18 6. Section 2266 of the Code provides that the failure of a physician and surgeon to
19 maintain adequate and accurate records relating to the provision of services to their patients
20 constitutes unprofessional conduct.

21 **FIRST CAUSE FOR DISCIPLINE**

22 **(Gross Negligence/Repeated Negligent Acts/Incompetence)**

23 7. Respondent is subject to disciplinary action under sections 2234 and/or 2234(b)
24 and/or 2234(c) and/or 2234(d) of the Code, in that Respondent engaged in unprofessional conduct
25 and/or was grossly negligent and/or committed repeated acts of negligence and/or demonstrated
26 incompetence in his care and treatment of Patient 1¹.

27
28 ¹ The patient is not named to protect privacy.

1 8. Patient 1 presented to what was then known as the Mendocino Coast District Hospital
2 Emergency Department on September 16, 2018, following a head-on automobile accident. Patient
3 I was a passenger in a vehicle going approximately 60 miles per hour when the accident
4 occurred, he was wearing a seat belt, but the airbags did not deploy. He was noted to have altered
5 mental status, a right hand injury, and low back pain.

6 9. Respondent was the emergency physician who saw Patient 1 on September 16, 2018.
7 Respondent performed an evaluation and noted a right hand laceration, slow but normal speech
8 and stable vital signs. The patient had experienced a loss of consciousness and was somewhat
9 confused and sleepy, and asked repetitive questions. A CT scan ordered by Respondent was
10 negative for a central nervous system bleed. Although the patient complained of low back pain,
11 Respondent's initial assessment did not include a back examination, and his neurological
12 examination did not document an assessment of motor strength in the lower extremities or
13 specific testing of the lumbar levels. Respondent sutured and splinted the hand laceration.

14 10. Patient 1 then complained of low back pain when he attempted to stand. At that point,
15 Respondent documented a back examination consisting of the notation that thoracic and lumbar
16 spine (including L5) were non-tender. He did not include an assessment of motor strength in the
17 lower extremities, sensation, or reflexes.² Respondent ordered lumbar spine x-rays, which he
18 interpreted as showing an L5 lumbar spine fracture,³ when in fact, the x-ray showed a burst
19 fracture.⁴ Respondent noted L5 was non-tender to palpation, and therefore, the fracture might be
20 old. Patient 1 reported pain relief with a non-narcotic pain reliever, but requested admission to the
21 hospital as he was visiting from out of town, would be alone in a hotel room, and worried he
22 would not be able to care for himself due to his pain. Respondent discharged Patient 1 with

23 ² Respondent stated during his interview with the Board's investigative staff that he did
24 conduct a thorough neurological and back examination, including testing for focal weakness and
25 sensory function, and that evaluation was evidenced by his notation that there was no focal
26 weakness.

27 ³ Respondent stated during his Board interview that he surmised the L5 fracture might be
28 old, because there was no pain or tenderness on examination.

⁴ A burst fracture means that the vertebra breaks in multiple directions. A burst fracture is
a serious problem, since the vertebra shatters with sufficient force to separate bone fragments and
compromise the vertebra's ability to support the spine. Bone fragments can be displaced into the
spinal canal, leading to pressure on the nerves. The potential for spinal cord injury is high, and
burst fractures require immediate attention and treatment.

1 instructions to follow up with Kaiser's orthopedic clinic in a week. Respondent personally drove
2 Patient 1 to his hotel and left him there. Respondent's discharge assessment did not list the L5
3 lumbar spine fracture as a diagnosis.

4 11. On the morning of September 17, 2021, Patient 1 called 911 from his hotel room
5 because he was in significant pain and unable to get out of the bed. He was transported back to
6 the emergency department. The on-duty physician ordered a CT scan, which confirmed an acute
7 burst fracture of the L5 vertebral body, with protrusion into the spinal canal. In addition, it was
8 discovered that Patient 1 also sustained a fracture of the left transverse processes of L1/L2, and a
9 rib fracture.

10 12. Respondent is guilty of unprofessional conduct based on the following acts or
11 omissions:

- 12 A. Respondent failed to perform and/or document a complete history and systemic
13 examination of blunt trauma after Patient 1 was injured in a high speed, head-on
14 collision, in that he tested for mental status but failed to specifically examine and
15 document motor strength in the lower extremities, sensation, reflexes, and specific
16 testing of lumbar levels. Respondent further failed to perform and/or document a
17 systematic and full examination of the patient, which would have disclosed multiple
18 fractures of the lumbar spine and a fractured rib;
- 19 B. Respondent misread the September 16, 2018 lumbar spine x-rays and did not appreciate
20 the findings of a burst fracture, and failed to list the fracture in his diagnosis;
- 21 C. Respondent failed to order necessary CT scans, obtain neurosurgical or orthopedic
22 consultation, or admit the patient for observation;
- 23 D. Respondent failed to conduct an evaluation and assessment sufficient to reveal the many
24 injuries Patient 1 sustained in the accident, failed to appreciate the significance of the
25 initial spinal x-ray, did not understand the need for orthopedic or neurosurgical
26 consultation, and did not admit the patient to the hospital for observation, trending
27 laboratory analysis and pain control, or transfer Patient 1 to a trauma center; and,
28

1 E. Respondent lacked sufficient knowledge of lumbar spine fractures and the presentation
2 and diagnosis of those injuries to adequately assess and address Patient 1's injuries.

3 13. Respondent is guilty of unprofessional conduct and subject to disciplinary action
4 under sections 2234 and/or 2266 of the Code in that he failed to document Patient 1's spinal
5 fracture as a diagnosis, did not document a complete examination and assessment of the patient's
6 neurological and spinal injuries, and did not document an examination and evaluation sufficient
7 to ascertain the full extent of the patient's injuries.

8 **PRAYER**

9 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
10 and that following the hearing, the Medical Board of California issue a decision:

- 11 1. Revoking or suspending Physician's and Surgeon's Certificate Number G54947,
12 issued to Robin David Serrahn, M.D.;
- 13 2. Revoking, suspending or denying approval of Robin David Serrahn, M.D.'s authority
14 to supervise physician assistants and advanced practice nurses;
- 15 3. Ordering Robin David Serrahn, M.D., if placed on probation, to pay the Board the
16 costs of probation monitoring; and
- 17 4. Taking such other and further action as deemed necessary and proper.
