18

Case No. 800-2018-044890

OAH No. 2021080082

**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

19 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
20 entitled proceedings that the following matters are true:

21 **PARTIES**

22 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
23 California (Board). He brought this action solely in his official capacity and is represented in this
24 matter by Rob Bonta, Attorney General of the State of California, by Christine R. Friar, Deputy
25 Attorney General.

26 2. Respondent Dawit Mamo, M.D. (Respondent) is represented in this proceeding by
27 attorney Raymond J. McMahon, Esq. of Doyle Schafer McMahon, LLP, located at 5440 Trabuco
28 Road, Irvine, California 92620.

3. On or about August 9, 1995, the Board issued Physician's and Surgeon's Certificate No. A 54482 to Respondent. The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in First Amended Accusation No. 800-2018-044890, and will expire on February 28, 2023, unless renewed.

JURISDICTION

4. Accusation No. 800-2018-044890 was filed before the Board on April 27, 2021, and was properly served on Respondent along with all other statutorily required documents. Respondent timely filed his Notice of Defense contesting the Accusation.

5. On March 4, 2022, First Amended Accusation No. 800-2018-044890 was filed before the Board, and is currently pending against Respondent. The First Amended Accusation and all other statutorily required documents were properly served on Respondent on March 4, 2022.

6. A copy of First Amended Accusation No. 800-2018-044890 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

7. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in First Amended Accusation No. 800-2018-044890. Respondent has also carefully read, fully discussed with his counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

8. Respondent is fully aware of his legal rights in this matter, including the right to a hearing on the charges and allegations in the First Amended Accusation; the right to confront and cross-examine the witnesses against him; the right to present evidence and to testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

9. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

///

1 **CULPABILITY**

2 10. Respondent does not contest that, at an administrative hearing, Complainant could
3 establish a *prima facie* case with respect to the charges and allegations contained in First
4 Amended Accusation No. 800-2018-044890 and that he has thereby subjected his license to
5 disciplinary action.

6 11. Respondent agrees that if he ever petitions for early termination or modification of
7 probation, or if the Board ever petitions for revocation of probation, all of the charges and
8 allegations contained in First Amended Accusation No. 800-2018-044890 shall be deemed true,
9 correct and fully admitted by Respondent for purposes of that proceeding or any other licensing
10 proceeding involving Respondent in the State of California.

11 12. Respondent agrees that his Physician's and Surgeon's Certificate is subject to
12 discipline and he agrees to be bound by the Board's probationary terms as set forth in the
13 Disciplinary Order below.

14 **CONTINGENCY**

15 13. This stipulation shall be subject to approval by the Medical Board of California.
16 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
17 Board of California may communicate directly with the Board regarding this stipulation and
18 settlement, without notice to or participation by Respondent or his counsel. By signing the
19 stipulation, Respondent understands and agrees that he may not withdraw his agreement or seek
20 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
21 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
22 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
23 action between the parties, and the Board shall not be disqualified from further action by having
24 considered this matter.

25 14. Respondent agrees that if he ever petitions for early termination or modification of
26 probation, or if an accusation and/or petition to revoke probation is filed against him before the
27 Board, all of the charges and allegations contained in First Amended Accusation No. 800-2018-
28 044890 shall be deemed true, correct and fully admitted by Respondent for purposes of any such

proceeding or any other licensing proceeding involving Respondent in the State of California.

15. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

16. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 54482 issued to Respondent Dawit Mamo, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for two (2) years on the following terms and conditions:

1. **CONTROLLED SUBSTANCES - MAINTAIN RECORDS AND ACCESS TO RECORDS AND INVENTORIES.** Respondent shall maintain a record of all controlled substances ordered, prescribed, dispensed, administered, or possessed by Respondent, and any recommendation or approval which enables a patient or patient's primary caregiver to possess or cultivate marijuana for the personal medical purposes of the patient within the meaning of Health and Safety Code section 11362.5, during probation, showing all of the following: 1) the name and address of the patient; 2) the date; 3) the character and quantity of controlled substances involved; and 4) the indications and diagnosis for which the controlled substances were furnished.

Respondent shall keep these records in a separate file or ledger, in chronological order. All records and any inventories of controlled substances shall be available for immediate inspection and copying on the premises by the Board or its designee at all times during business hours and shall be retained for the entire term of probation.

2. **EDUCATION COURSE.** Within 60 calendar days of the effective date of this Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee for its prior approval educational program(s) or course(s) which shall not be less than 40 hours per year, for each year of probation. The educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge and shall be Category I certified. The

1 educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to
2 the Continuing Medical Education (CME) requirements for renewal of licensure. Following the
3 completion of each course, the Board or its designee may administer an examination to test
4 Respondent's knowledge of the course. Respondent shall provide proof of attendance for 65
5 hours of CME of which 40 hours were in satisfaction of this condition.

6 3. PRESCRIBING PRACTICES COURSE. Within 60 calendar days of the effective
7 date of this Decision, Respondent shall enroll in a course in prescribing practices approved in
8 advance by the Board or its designee. Respondent shall provide the approved course provider
9 with any information and documents that the approved course provider may deem pertinent.
10 Respondent shall participate in and successfully complete the classroom component of the course
11 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully
12 complete any other component of the course within one (1) year of enrollment. The prescribing
13 practices course shall be at Respondent's expense and shall be in addition to the Continuing
14 Medical Education (CME) requirements for renewal of licensure.

15 A prescribing practices course taken after the acts that gave rise to the charges in the First
16 Amended Accusation, but prior to the effective date of the Decision may, in the sole discretion of
17 the Board or its designee, be accepted towards the fulfillment of this condition if the course would
18 have been approved by the Board or its designee had the course been taken after the effective date
19 of this Decision.

20 Respondent shall submit a certification of successful completion to the Board or its
21 designee not later than 15 calendar days after successfully completing the course, or not later than
22 15 calendar days after the effective date of the Decision, whichever is later.

23 4. MEDICAL RECORD KEEPING COURSE. Within 60 calendar days of the effective
24 date of this Decision, Respondent shall enroll in a course in medical record keeping approved in
25 advance by the Board or its designee. Respondent shall provide the approved course provider
26 with any information and documents that the approved course provider may deem pertinent.
27 Respondent shall participate in and successfully complete the classroom component of the course
28 not later than six (6) months after Respondent's initial enrollment. Respondent shall successfully

1 complete any other component of the course within one (1) year of enrollment. The medical
2 record keeping course shall be at Respondent's expense and shall be in addition to the Continuing
3 Medical Education (CME) requirements for renewal of licensure.

4 A medical record keeping course taken after the acts that gave rise to the charges in the
5 First Amended Accusation, but prior to the effective date of the Decision may, in the sole
6 discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the
7 course would have been approved by the Board or its designee had the course been taken after the
8 effective date of this Decision.

9 Respondent shall submit a certification of successful completion to the Board or its
10 designee not later than 15 calendar days after successfully completing the course, or not later than
11 15 calendar days after the effective date of the Decision, whichever is later.

12 5. MONITORING - PRACTICE. Within 30 calendar days of the effective date of this
13 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
14 monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose
15 licenses are valid and in good standing, and who are preferably American Board of Medical
16 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal
17 relationship with Respondent, or other relationship that could reasonably be expected to
18 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
19 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
20 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

21 The Board or its designee shall provide the approved monitor with copies of the Decision(s)
22 and First Amended Accusation(s), and a proposed monitoring plan. Within 15 calendar days of
23 receipt of the Decision(s), First Amended Accusation(s), and proposed monitoring plan, the
24 monitor shall submit a signed statement that the monitor has read the Decision(s) and First
25 Amended Accusation(s), fully understands the role of a monitor, and agrees or disagrees with the
26 proposed monitoring plan. If the monitor disagrees with the proposed monitoring plan, the
27 monitor shall submit a revised monitoring plan with the signed statement for approval by the
28 Board or its designee.

1 Within 60 calendar days of the effective date of this Decision, and continuing throughout
2 probation, Respondent's practice shall be monitored by the approved monitor. Respondent shall
3 make all records available for immediate inspection and copying on the premises by the monitor
4 at all times during business hours and shall retain the records for the entire term of probation.

5 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
6 date of this Decision, Respondent shall receive a notification from the Board or its designee to
7 cease the practice of medicine within three (3) calendar days after being so notified. Respondent
8 shall cease the practice of medicine until a monitor is approved to provide monitoring
9 responsibility.

10 The monitor(s) shall submit a quarterly written report to the Board or its designee which
11 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
12 are within the standards of practice of medicine, and whether Respondent is practicing medicine
13 safely, billing appropriately or both. It shall be the sole responsibility of Respondent to ensure
14 that the monitor submits the quarterly written reports to the Board or its designee within 10
15 calendar days after the end of the preceding quarter.

16 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of
17 such resignation or unavailability, submit to the Board or its designee, for prior approval, the
18 name and qualifications of a replacement monitor who will be assuming that responsibility within
19 15 calendar days. If Respondent fails to obtain approval of a replacement monitor within 60
20 calendar days of the resignation or unavailability of the monitor, Respondent shall receive a
21 notification from the Board or its designee to cease the practice of medicine within three (3)
22 calendar days after being so notified. Respondent shall cease the practice of medicine until a
23 replacement monitor is approved and assumes monitoring responsibility.

24 In lieu of a monitor, Respondent may participate in a professional enhancement program
25 approved in advance by the Board or its designee that includes, at minimum, quarterly chart
26 review, semi-annual practice assessment, and semi-annual review of professional growth and
27 education. Respondent shall participate in the professional enhancement program at Respondent's
28 expense during the term of probation.

1 6. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
2 Respondent shall provide a true copy of this Decision and First Amended Accusation to the Chief
3 of Staff or the Chief Executive Officer at every hospital where privileges or membership are
4 extended to Respondent, at any other facility where Respondent engages in the practice of
5 medicine, including all physician and locum tenens registries or other similar agencies, and to the
6 Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage
7 to Respondent. Respondent shall submit proof of compliance to the Board or its designee within
8 15 calendar days.

9 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

10 7. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
11 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
12 advanced practice nurses.

13 8. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
14 governing the practice of medicine in California and remain in full compliance with any court
15 ordered criminal probation, payments, and other orders.

16 9. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby
17 ordered to reimburse the Board its costs of investigation and enforcement, including, but not
18 limited to, expert review, amended accusations, legal reviews, joint investigations, and subpoena
19 enforcement, as applicable, in the amount of \$10,475.00. Costs shall be payable to the Medical
20 Board of California. Failure to pay such costs shall be considered a violation of probation.

21 Any and all requests for a payment plan shall be submitted in writing by Respondent to the
22 Board.

23 The filing of bankruptcy by Respondent shall not relieve Respondent of the responsibility
24 to repay investigation and enforcement costs, including expert review costs (if applicable).

25 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
26 under penalty of perjury on forms provided by the Board, stating whether there has been
27 compliance with all the conditions of probation.

28 Respondent shall submit quarterly declarations not later than 10 calendar days after the end

1 of the preceding quarter.

2 11. GENERAL PROBATION REQUIREMENTS.

3 Compliance with Probation Unit

4 Respondent shall comply with the Board's probation unit.

5 Address Changes

6 Respondent shall, at all times, keep the Board informed of Respondent's business and
7 residence addresses, email address (if available), and telephone number. Changes of such
8 addresses shall be immediately communicated in writing to the Board or its designee. Under no
9 circumstances shall a post office box serve as an address of record, except as allowed by Business
10 and Professions Code section 2021, subdivision (b).

11 Place of Practice

12 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
13 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
14 facility.

15 License Renewal

16 Respondent shall maintain a current and renewed California physician's and surgeon's
17 license.

18 Travel or Residence Outside California

19 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
20 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
21 (30) calendar days.

22 In the event Respondent should leave the State of California to reside or to practice
23 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
24 departure and return.

25 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
26 available in person upon request for interviews either at Respondent's place of business or at the
27 probation unit office, with or without prior notice throughout the term of probation.

28 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or

1 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
2 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
3 defined as any period of time Respondent is not practicing medicine as defined in Business and
4 Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month in direct
5 patient care, clinical activity or teaching, or other activity as approved by the Board. If
6 Respondent resides in California and is considered to be in non-practice, Respondent shall
7 comply with all terms and conditions of probation. All time spent in an intensive training
8 program which has been approved by the Board or its designee shall not be considered non-
9 practice and does not relieve Respondent from complying with all the terms and conditions of
10 probation. Practicing medicine in another state of the United States or Federal jurisdiction while
11 on probation with the medical licensing authority of that state or jurisdiction shall not be
12 considered non-practice. A Board-ordered suspension of practice shall not be considered as a
13 period of non-practice.

14 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
15 months, Respondent shall successfully complete the Federation of State Medical Boards's Special
16 Purpose Examination, or, at the Board's discretion, a clinical competence assessment program
17 that meets the criteria of Condition 18 of the current version of the Board's "Manual of Model
18 Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of medicine.

19 Respondent's period of non-practice while on probation shall not exceed two (2) years.

20 Periods of non-practice will not apply to the reduction of the probationary term.

21 Periods of non-practice for a Respondent residing outside of California will relieve
22 Respondent of the responsibility to comply with the probationary terms and conditions with the
23 exception of this condition and the following terms and conditions of probation: Obey All Laws;
24 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
25 Controlled Substances; and Biological Fluid Testing..

26 14. COMPLETION OF PROBATION. Respondent shall comply with all financial
27 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
28 completion of probation. Upon successful completion of probation, Respondent's certificate shall

1 be fully restored.

2 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
3 of probation is a violation of probation. If Respondent violates probation in any respect, the
4 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
5 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke
6 Probation, or an Interim Suspension Order is filed against Respondent during probation, the
7 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall
8 be extended until the matter is final.

9 16. LICENSE SURRENDER. Following the effective date of this Decision, if
10 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
11 the terms and conditions of probation, Respondent may request to surrender his or her license.
12 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
13 determining whether or not to grant the request, or to take any other action deemed appropriate
14 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
15 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its
16 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
17 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
18 application shall be treated as a petition for reinstatement of a revoked certificate.

19 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
20 with probation monitoring each and every year of probation, as designated by the Board, which
21 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
22 California and delivered to the Board or its designee no later than January 31 of each calendar
23 year.

24 18. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
25 a new license or certification, or petition for reinstatement of a license, by any other health care
26 licensing action agency in the State of California, all of the charges and allegations contained in
27 First Amended Accusation No. 800-2018-044890 shall be deemed to be true, correct, and
28 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding

1 seeking to deny or restrict license.

2 **ACCEPTANCE**

3 I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully
4 discussed it with my attorney, Raymond J. McMahon, Esq. I understand the stipulation and the
5 effect it will have on my Physician's and Surgeon's Certificate. I enter into this Stipulated
6 Settlement and Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be
7 bound by the Decision and Order of the Medical Board of California.

8
9 DATED: 4/1/2022 
10 DAWIT MAMO, M.D.
Respondent

11 I have read and fully discussed with Respondent Dawit Mamo, M.D. the terms and
12 conditions and other matters contained in the above Stipulated Settlement and Disciplinary Order.
13 I approve its form and content.

14 DATED: April 1, 2022 
15 RAYMOND J. MCMAHON, ESQ.
Attorney for Respondent

16
17 **ENDORSEMENT**

18 The foregoing Stipulated Settlement and Disciplinary Order is hereby respectfully
19 submitted for consideration by the Medical Board of California.

COST RECOVERY

7. Section 125.3 of the Code states:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licensee that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not made as directed in the board's decision, the board may enforce the order for repayment in any appropriate court. This right of enforcement shall be in addition to any other rights the board may have as to any licensee to pay costs.

(f) In any action for recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(g) (1) Except as provided in paragraph (2), the board shall not renew or reinstate the license of any licensee who has failed to pay all of the costs ordered under this section.

(2) Notwithstanding paragraph (1), the board may, in its discretion, conditionally renew or reinstate for a maximum of one year the license of any licensee who demonstrates financial hardship and who enters into a formal agreement with the board to reimburse the board within that one-year period for the unpaid costs.

(h) All costs recovered under this section shall be considered a reimbursement for costs incurred and shall be deposited in the fund of the board recovering the costs to be available upon appropriation by the Legislature.

(i) Nothing in this section shall preclude a board from including the recovery of the costs of investigation and enforcement of a case in any stipulated settlement.

(j) This section does not apply to any board if a specific statutory provision in

1 that board's licensing act provides for recovery of costs in an administrative
2 disciplinary proceeding.

3 **FIRST CAUSE FOR DISCIPLINE**

4 **(Gross Negligence)**

5 8. Respondent Dawit Mamo, M.D. is subject to disciplinary action under section 2234,
6 subdivision (b), of the Code, in that he committed gross negligence in his care and treatment of
7 Patient 1.¹ The circumstances are as follows:

8 9. Since 1998 and during all times relevant herein, Respondent operated a solo private
9 practice, located in Apple Valley, California. Respondent specializes in internal medicine.

10 10. On or about January 10, 2014, Patient 1 presented to Respondent for an annual
11 physical examination. Patient 1, an established patient of Respondent's, was a 77 year old female
12 with a history of hypothyroidism, hypertension, hyperlipidemia, chronic kidney disease (CKD),
13 stage III, and low back pain, swelling of legs due to degenerative joint disease (DJD). Patient 1's
14 medication list included Xanax, brand name for alprazolam, a Schedule II benzodiazepine, and
15 indomethacin, a non-steroidal anti-inflammatory (NSAID). Patient 1 was also on an opioid and
16 gabapentin (generic for Neurontin, a Schedule V controlled substance) for her back pain and
17 associated radiculopathy. Respondent ordered a chemistry panel, complete blood count, thyroid
18 function, urine studies, fecal occult blood and a lipid panel. Respondent's assessment included
19 hypothyroidism, hyperlipidemia, hypertension, sciatica, opioid dependence, unspecified abuse,
20 CKD stage III, and DJD of the lumbar spine. Respondent's plan included continuing treatment
21 and monitoring.²

22 11. On or about June 2, 2014, Patient 1 presented for numbness and tingling sensation to
23 bilateral legs. Patient 1 reported a lack of feeling in her feet. Respondent's assessment and plan
24 included her previous diagnoses and increasing her dose of gabapentin and Norco (brand name
25 for hydrocodone, a Schedule II opiate). Mobic, ibuprofen (a NSAID), and Xanax were also

26 ¹ The patient whose care and treatment is at-issue in this charging document is designated
27 by number to address privacy concerns. The patient's identity is known to Respondent and will
28 be further disclosed during discovery.

² The care and treatment Respondent rendered to Patient 1 on January 10, 2014, falls
outside the applicable statute of limitations in this case. The details are alleged here to provide
relevant background information only.

1 documented as active medications. Respondent had prescribed Patient 1 Xanax, 1 mg, 30 count,
2 on May 23, 2014. Patient 1 was advised to follow up with her pain management specialist.

3 12. On or about June 23, 2014, Patient 1 called Respondent's office complaining that
4 indomethacin was causing numbness in her extremities and requesting a change in medication.
5 Patient 1 was prescribed Naprosyn (brand name for naproxen, a NSAID).

6 13. On or about August 5, 2014, Patient 1 presented for arm pain and numbness. She
7 also complained of frequent urination, difficulty urinating, back pain, and flank pain. It was
8 documented that, "when gets up to urinate has bulge to right side." Patient 1's active medication
9 list included ibuprofen, Norco and Xanax. Patient 1 was assessed with an overactive bladder and
10 was to start oxybutynin, a bladder relaxant.

11 14. On or about September 23, 2014, Respondent documented that Patient 1 was started
12 on Norco and prescribed Patient 1 Norco 10/325, 90 count.

13 15. On or about October 9, 2014, Respondent prescribed Patient 1 Xanax, 1 mg, 30
14 count.

15 16. On or about October 23, 2014, Respondent documented that Patient 1 was restarted
16 on Norco and prescribed Patient 1 Norco 10/325, 90 count.

17 17. Respondent refilled Patient 1's Norco prescription on November 20, 2014, December
18 19, 2014 and January 19, 2015.

19 18. On or about January 19, 2015, Patient 1 presented to Respondent for her annual
20 physical examination. Patient 1's active medication list included gabapentin, ibuprofen, Mobic,
21 Naprosyn/naproxen, oxybutynin, Norco and Xanax. Respondent's plan was to continue treatment
22 and monitoring.

23 19. On or about February 6, 2015, Patient 1 complained that her sciatica was worsening
24 despite Norco. Baclofen, a muscle relaxant, was prescribed.

25 20. On or about February 27, 2015, Patient 1 presented to Respondent for follow up after
26 an emergency room visit. Patient 1 had been suffering from twitching and spasms. Patient 1's
27 medication list included gabapentin, Mobic, naproxen, oxybutynin, Norco, Baclofen, and Xanax.
28 Respondent's plan included a prescription for Xanax.

1 21. On or about June 16, 2015, Patient 1 presented to Respondent post-hospitalization.
2 She had seizures and back surgery. Patient 1 complained of foot pain and swelling post-surgery
3 and reported a right foot drop and a referral was made. Patient 1's active medication list included
4 gabapentin, Mobic, naproxen, oxybutynin, Norco, Baclofen, and Xanax. Respondent's plan
5 included a prescription for Xanax.

6 22. On or about June 30, 2015, Patient 1 was prescribed Bactrim, an antibiotic.

7 23. On or about February 26, 2016, Patient 1 presented to Respondent for her annual
8 physical examination. Patient 1's active medication list included gabapentin, Mobic, ibuprofen,
9 naproxen, oxybutynin, Norco, Baclofen and Xanax. Respondent's plan was to continue the same
10 course of treatment.

11 24. On or about February 7, 2017, Patient 1 presented to Respondent for her annual
12 physical examination, including urinalysis. Patient 1's active medication list included
13 gabapentin, ibuprofen, oxybutynin, and Xanax. Respondent's plan included monitoring renal
14 function, labs and a mammogram.

15 25. On or about February 9, 2017, Patient 1's urinalysis revealed pH of 8.5, 2+ leukocyte
16 esterase, 2+ protein, 2+ occult blood, and positive nitrite. According to Respondent, she did not
17 have symptoms of a urinary tract infection (UTI) at her annual examination. Patient 1 also had a
18 creatinine (Cr) level of 1.34, corresponding to a eGFR (estimated glomerular filtration rate) of 37.

19 26. On or about February 28, 2017, Patient 1 was prescribed phenazopyridine, for urinary
20 pain relief.

21 27. On or about March 6, 2017, Patient 1 was prescribed Augmentin 500/125, a penicillin
22 antibiotic.

23 28. On or about April 19, 2017, Patient 1's urinalysis results showed 2+ leukocyte
24 esterase, 1+ protein, 2+ occult blood, and positive nitrite. The results also showed 11-30 white
25 blood cell (WBC) count and greater than 30 red blood cell (RBC) count. The urine culture
26 resulted in a greater than 1,000 colony forming units (cfu) *Escherichia coli* on April 22, 2017.

27 29. On or about April 24, 2017, Respondent again prescribed Patient 1 Augmentin.
28 Patient 1 did not report any symptoms of a UTI.

1 30. On or about May 2, 2017, it was documented that Patient 1 complained of blood
2 when urinating. Respondent's plan included a urinalysis, culture, KUB and renal ultrasound.

3 31. The renal ultrasound was negative for hydronephrosis, calculi and mass. There was
4 significant postvoid residual.

5 32. The May 2, 2017, urinalysis showed 11-30 RBC and normal WBC. The culture
6 resulted in 25,000-50,000 cfu *Escherichia coli*.

7 33. On or about May 8, 2017, Patient 1 was prescribed doxycycline, an antibiotic.

8 34. On or about May 16, 2017, Patient 1 presented to Respondent to discuss her lab and
9 ultrasound results. Her active medications included gabapentin, ibuprofen, oxybutynin and
10 Xanax. Patient 1 was diagnosed with a urinary tract infection (UTI). The plan was to complete
11 the doxycycline course and to conduct a follow up urinalysis. Respondent did not document
12 making a referral to a urologist.

13 35. On or about June 6, 2017, a urinalysis was conducted of Patient 1. The culture grew
14 more than 100,000 cfu of *Escherichia coli*. The results further showed a pH of 8.5, 2+ protein,
15 and 3+ occult blood. WBC was normal and RBC was greater than 30. The urinalysis was
16 otherwise not interpretable due to interference.

17 36. On or about June 29, 2017, a urinalysis of Patient 1 showed a pH of 8.5, 3+ leukocyte
18 esterase, 2+ protein, 3+ occult blood, positive nitrite, over 30 WBC and over 30 RBC. The
19 culture grew more than 100,000 cfu of *Escherichia coli*. According to Respondent, Patient 1 was
20 otherwise asymptomatic for UTI. It was documented that a urology referral was made.

21 Nitrofurantoin, an antibiotic, was prescribed.

22 37. On or about July 10, 2017, Patient 1 presented for bilateral leg swelling. She had a
23 red rash on her left leg. Patient 1's active medication list included gabapentin, ibuprofen,
24 oxybutynin, Xanax and nitrofurantoin. Patient 1 was noted to have ankle edema and the
25 treatment plan included a low salt diet, continue diuretics and elevate the legs.

26 38. On July 26, 2017, another urinalysis was conducted. The results showed a pH of 8,
27 3+ leukocyte esterase, 2+ protein, 3+ occult blood, positive nitrite, 6-10 WBC and 11-30 RBC.
28 The culture grew more than 100,000 cfu of *Escherichia coli*.

1 39. On or about August 9, 2017, Patient 1 had her first consultation with a urologist. On
2 August 14, 2017, Patient 1 had a cystoscopy which revealed a tumor/mass in her bladder covered
3 with necrotic tissue.

4 40. On or about August 24, 2017, Patient 1 had a pre-operative visit with Respondent.
5 Her medication list included gabapentin, ibuprofen, oxybutynin, and Xanax. No assessment and
6 plan were documented.

7 41. On or about October 3, 2017, Patient 1 saw Respondent for a follow up visit. She
8 was awaiting cardiac clearance for bladder cancer surgery. She complained of bloating. She was
9 prescribed simethicone, an anti-gas medication. This was her final visit with Respondent.

10 42. On or about October 10, 2017, Patient 1 requested medication for severe pain in the
11 vaginal area, not alleviated by a NSAID. Respondent prescribed Tramadol, a Schedule IV pain
12 reliever.

13 43. On or about October 11, 2017, Patient 1 had a PET scan which showed intense uptake
14 in the bladder and a right paraspinal mass.

15 44. On or about January 18, 2018, Patient 1 died. The cause of death on her Death
16 Certificate is listed as acute cardiopulmonary arrest and bladder cancer with metastasis.

17 45. The standard of care in the medical community provides that nonsteroidal anti-
18 inflammatory medications (NSAIDs) should be limited in patients with compromised kidney
19 function. More specifically, NSAIDs, a class of medication with analgesic and anti-inflammatory
20 uses, can induce several forms of kidney injury, including hemodynamically mediated acute
21 kidney injury (AKI), acute interstitial nephritis (AIN), nephrotic syndrome, papillary necrosis,
22 electrolyte and acid-based disorders. Accordingly, use of NSAIDs should be limited in patients
23 with reduced eGFR. Chronic use of NSAIDs should be avoided, if possible, in patients with an
24 eGFR of less than 60 and used cautiously even if the reduction is mild (eGFR between 60 and
25 89). If the use of NSAIDs is unavoidable, the patient should be advised on the risk and their renal
26 function should be followed closely.

27 46. Respondent committed an extreme departure from the standard of care when he
28 repeatedly prescribed Patient 1 NSAIDs without consideration of avoiding or minimizing their

1 use in her care given that she had chronic kidney disease (CKD). Despite a known diagnosis of
2 CKD, stage III, and an eGFR baseline around 30 to 40, Respondent's treatment plan consistently
3 included various NSAIDs, including indomethacin, ibuprofen, Mobic, and naxopren. Respondent
4 did not document counseling Patient 1 on the risks of these medications, given her CKD, over the
5 course of numerous clinical visits.

6 47. The standard of care in the medical community discourages the concurrent use of
7 benzodiazepines and opiates. Both classes of medications cause central nervous system
8 depression and can decrease respiratory drive. Concurrent use of benzodiazepines and opiates
9 has been associated with the risks of overdose death almost four fold compared with opiate
10 prescription alone. Physicians should avoid prescribing both narcotics and benzodiazepines
11 whenever possible. When confronted with a patient on both medications already, physicians
12 should attempt to taper the patient off one of the medications first. If the medications must be
13 prescribed concurrently, the risks and benefits should be discussed with the patient and
14 documented, as the risk of accidental drug overdose and respiratory failure becomes significant
15 with concurrent use of benzodiazepines and narcotics. Psychiatry consults for cognitive
16 behavioral therapy and alternative therapy should be utilized when necessary. Patients and
17 caregivers should also be educated and prescribed naloxone antidote therapy. A patient receiving
18 high doses without side effects or with negative urine toxicology should raise concerns for
19 diversion.

20 48. Respondent committed an extreme departure from the standard of care when he
21 concurrently prescribed Patient 1 narcotics and benzodiazepines without discussion of the risks
22 and benefits of the combination therapy or consideration for tapering or antidote therapy.
23 Specifically, Respondent prescribed Patient 1 Norco and Xanax over the course of multiple
24 clinical visits. Anxiety, however, was not one of Patient 1's diagnosis according to Respondent's
25 clinical notes. It was unclear then from the record whether first line and safer therapy for anxiety
26 disorder, such as serotonergic antidepressants or cognitive behavioral therapy, had been tried for
27 the patient prior to initiating or resuming Xanax. Further, there is no record that Respondent
28 counseled Patient 1 on the risks and benefits of concurrent usage.

1 49. The standard of care in the medical community requires adequate evaluation and
2 treatment when presented with a patient with hematuria (blood in the urine). Hematuria may be a
3 symptom of an underlying disease, ranging from easily treatable to life threatening. The standard
4 of care provides that a patient should be evaluated based on presenting symptoms and laboratory
5 results. Acute onset of flank pain should raise concerns for nephrolithiasis (kidney stones).
6 Symptoms of a urinary tract infections (UTI) should prompt urinalysis and urine culture. Patients
7 with dysuria (painful urination) without edema (swelling), worsening blood pressure and elevated
8 creatinine levels should be evaluated by nephrology. Risk factors for malignancy should prompt
9 evaluation with imaging and cystoscopy.

10 50. Respondent committed an extreme departure from the standard of care when he failed
11 to adequately evaluate and treat Patient 1's hematuria. Specifically, Respondent failed to evaluate
12 Patient 1 for genitourinary malignancy even though Patient 1 presented with persistent
13 microscopic hematuria and asymptomatic bacteria. Instead, Respondent treated her for UTI,
14 prescribing multiple rounds of antibiotics to Patient 1. Patient 1, however, did not present with
15 the classic symptoms of UTI before each round of antibiotics and was at times, asymptomatic.
16 Asymptomatic bacteria and pyuria (pus in the urine) are common symptoms in clinical practice
17 and do not indicate a UTI or warrant treatment. Patient 1, however, had persistent microscopic
18 hematuria and malignancy risk factors (age, history of analgesic use, possible history of recurrent
19 UTIs in the recent past) and should have been evaluated to rule out genitourinary malignancy
20 rather than treated for recurrent UTIs. Given Patient 1's symptoms and laboratory findings,
21 Respondent should have conducted imaging and referred her to nephrology earlier during the
22 course of her care and treatment.

23 51. Respondent's acts and/or omissions as set forth in paragraphs 9 through 50 above,
24 whether proven individually, jointly, or in any combination thereof, constitute gross negligence
25 pursuant to section 2234, subdivision (b), of the Code. As such, cause for discipline exists.

26 ///

27 ///

28 ///

1 **SECOND CAUSE FOR DISCIPLINE**

2 **(Repeated Negligent Acts)**

3 52. Respondent is subject to disciplinary action under Code section 2234, subdivision (c),
4 in that he committed repeated negligent acts in the care and treatment of Patient 1. The
5 circumstances are as follows:

6 53. Paragraphs 9 through 50 above are incorporated by reference and re-alleged as if fully
7 set forth herein.

8 54. Respondent's acts and/or omissions as set forth in paragraph 53 above, whether
9 proven individually, jointly, or in any combination thereof, constitute repeated negligent acts,
10 pursuant to section 2234, subdivision (c), of the Code. As such, cause for discipline exists.

11 **THIRD CAUSE FOR DISCIPLINE**

12 **(Failure to Maintain Adequate Records)**

13 55. Respondent is subject to disciplinary action under section 2266 of the Code, in that he
14 failed to maintain adequate and accurate records relating to the provision of services to Patient 1.
15 The circumstances are as follows:

16 56. Paragraphs 9 through 50 above are incorporated by reference and re-alleged as if fully
17 set forth herein.

18 57. Respondent's acts and/or omissions as set forth in paragraph 56 above, whether
19 proven individually, jointly, or in any combination thereof, represent the failure to maintain
20 adequate and accurate records in violation of Code 2266. As such, cause for discipline exists.

21 **DISCIPLINARY CONSIDERATIONS**

22 58. To determine the degree of discipline, if any, to be imposed on Respondent,
23 Complainant alleges that on or about March 21, 2018, in a prior disciplinary action titled *In the*
24 *Matter of the Accusation Against: Dawit Mamo, M.D.*, before the Medical Board of California, in
25 Case Number 800-2014-006184, Respondent's license was revoked. However, the revocation
26 was stayed and Respondent was placed on probation for thirty-five (35) months. Respondent's
27 probation terms included completion of a Prescribing Practices course and a Medical Record
28 Keeping course. Respondent was charged with gross negligence in his care and treatment of a

1 patient and repeated negligent acts, prescribing without indication and inadequate record keeping
2 in his care and treatment of five (5) patients. That decision is now final and is incorporated by
3 reference as if fully set forth herein.

4 **PRAYER**

5 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
6 and that following the hearing, the Medical Board of California issue a decision:

7 1. Revoking or suspending Physician's and Surgeon's Certificate Number A 54482,
8 issued to Dawit Mamo, M.D.;

9 2. Revoking, suspending or denying approval of Dawit Mamo, M.D.'s authority to
10 supervise physician assistants and advanced practice nurses;

11 3. Ordering Dawit Mamo, M.D., to pay the Board the costs of the investigation and
12 enforcement of this case, and if placed on probation, the costs of probation monitoring; and

13 4. Taking such other and further action as deemed necessary and proper.

14
15 DATED: **MAR 04 2022**

WILLIAM PRASIEKA
Executive Director
Medical Board of California
Department of Consumer Affairs
State of California
Complainant
