Case No. 800-2018-048044

OAH No. 2021030576

**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

18
19 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
20 entitled proceedings that the following matters are true:

21 **PARTIES**

22 1. William Prasifka (Complainant) is the Executive Director of the Medical Board of
23 California (Board). He brought this action solely in his official capacity and is represented in this
24 matter by Rob Bonta, Attorney General of the State of California, by Rebecca L. Smith, Deputy
25 Attorney General.

26 2. Susan Jane Perry Hall, M.D. (Respondent) is represented in this proceeding by
27 attorney Dennis R. Thelen, whose address is 5001 East Commerce Center Drive, Suite 300
28 Bakersfield, CA 93309-1687.

3. On or about October 12, 2001, the Board issued Physician's and Surgeon's Certificate No. A 76766 to Respondent. The Physician's and Surgeon's Certificate was in full force and effect at all times relevant to the charges brought in First Amended Accusation No. 800-2018-048044, and will expire on April 30, 2023, unless renewed.

JURISDICTION

4. First Amended Accusation No. 800-2018-048044 was filed before the Board, and is currently pending against Respondent. The First Amended Accusation and all other statutorily required documents were properly served on Respondent on January 26, 2022. Respondent timely filed her Notice of Defense contesting the First Amended Accusation.

5. A copy of First Amended Accusation No. 800-2018-048044 is attached as Exhibit A and incorporated herein by reference.

ADVISEMENT AND WAIVERS

6. Respondent has carefully read, fully discussed with counsel, and understands the charges and allegations in First Amended Accusation No. 800-2018-048044. Respondent has also carefully read, fully discussed with her counsel, and understands the effects of this Stipulated Settlement and Disciplinary Order.

7. Respondent is fully aware of her legal rights in this matter, including the right to a hearing on the charges and allegations in the First Amended Accusation; the right to confront and cross-examine the witnesses against her; the right to present evidence and to testify on her own behalf; the right to the issuance of subpoenas to compel the attendance of witnesses and the production of documents; the right to reconsideration and court review of an adverse decision; and all other rights accorded by the California Administrative Procedure Act and other applicable laws.

8. Respondent voluntarily, knowingly, and intelligently waives and gives up each and every right set forth above.

///

1 **CULPABILITY**

2 9. Respondent understands and agrees that the charges and allegations in First Amended
3 Accusation No. 800-2018-048044, if proven at a hearing, constitute cause for imposing discipline
4 upon her Physician's and Surgeon's Certificate.

5 10. Respondent agrees that, at a hearing, Complainant could establish a prima facie case
6 or factual basis for the charges in the First Amended Accusation, and that Respondent hereby
7 gives up her right to contest those charges.

8 11. Respondent does not contest that, at an administrative hearing, complainant could
9 establish a prima facie case with respect to the charges and allegations in First Amended
10 Accusation No. 800-2018-048044, a true and correct copy of which is attached hereto as Exhibit
11 A, and that he has thereby subjected her Physician's and Surgeon's Certificate, No. A 76766 to
12 disciplinary action.

13 12. Respondent agrees that her Physician's and Surgeon's Certificate is subject to
14 discipline and she agrees to be bound by the Board's probationary terms as set forth in the
15 Disciplinary Order below.

16 **CONTINGENCY**

17 13. This stipulation shall be subject to approval by the Medical Board of California.
18 Respondent understands and agrees that counsel for Complainant and the staff of the Medical
19 Board of California may communicate directly with the Board regarding this stipulation and
20 settlement, without notice to or participation by Respondent or her counsel. By signing the
21 stipulation, Respondent understands and agrees that she may not withdraw her agreement or seek
22 to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails
23 to adopt this stipulation as its Decision and Order, the Stipulated Settlement and Disciplinary
24 Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal
25 action between the parties, and the Board shall not be disqualified from further action by having
26 considered this matter.

27 14. Respondent agrees that if she ever petitions for early termination or modification of
28 probation, or if an accusation and/or petition to revoke probation is filed against her before the

Board, all of the charges and allegations contained in First Amended Accusation No. 800-2018-048044 shall be deemed true, correct and fully admitted by respondent for purposes of any such proceeding or any other licensing proceeding involving Respondent in the State of California.

15. The parties understand and agree that Portable Document Format (PDF) and facsimile copies of this Stipulated Settlement and Disciplinary Order, including PDF and facsimile signatures thereto, shall have the same force and effect as the originals.

16. In consideration of the foregoing admissions and stipulations, the parties agree that the Board may, without further notice or opportunity to be heard by the Respondent, issue and enter the following Disciplinary Order:

DISCIPLINARY ORDER

IT IS HEREBY ORDERED that Physician's and Surgeon's Certificate No. A 76766 issued to Respondent SUSAN JANE PERRY HALL, M.D. is revoked. However, the revocation is stayed and Respondent is placed on probation for four (4) years on the following terms and conditions:

1. **EDUCATION COURSE.** Within sixty (60) calendar days of the effective date of this Decision, and on an annual basis thereafter, Respondent shall submit to the Board or its designee for its prior approval educational program(s) or course(s) which shall not be less than forty (40) hours per year, for each year of probation. The educational program(s) or course(s) shall be aimed at correcting any areas of deficient practice or knowledge and shall be Category I certified. The educational program(s) or course(s) shall be at Respondent's expense and shall be in addition to the Continuing Medical Education (CME) requirements for renewal of licensure. Following the completion of each course, the Board or its designee may administer an examination to test Respondent's knowledge of the course. Respondent shall provide proof of attendance for sixty-five (65) hours of CME of which forty (40) hours were in satisfaction of this condition.

2. **MEDICAL RECORD KEEPING COURSE.** Within sixty (60) calendar days of the effective date of this Decision, Respondent shall enroll in a course in medical record keeping approved in advance by the Board or its designee. Respondent shall provide the approved course provider with any information and documents that the approved course provider may deem

1 pertinent. Respondent shall participate in and successfully complete the classroom component of
2 the course not later than six (6) months after Respondent's initial enrollment. Respondent shall
3 successfully complete any other component of the course within one (1) year of enrollment. The
4 medical record keeping course shall be at Respondent's expense and shall be in addition to the
5 Continuing Medical Education (CME) requirements for renewal of licensure.

6 A medical record keeping course taken after the acts that gave rise to the charges in the
7 First Amended Accusation, but prior to the effective date of the Decision may, in the sole
8 discretion of the Board or its designee, be accepted towards the fulfillment of this condition if the
9 course would have been approved by the Board or its designee had the course been taken after the
10 effective date of this Decision.

11 Respondent shall submit a certification of successful completion to the Board or its
12 designee not later than fifteen (15) calendar days after successfully completing the course, or not
13 later than fifteen (15) calendar days after the effective date of the Decision, whichever is later.

14 3. CLINICAL COMPETENCE ASSESSMENT PROGRAM. Within sixty (60)
15 calendar days of the effective date of this Decision, Respondent shall enroll in a clinical
16 competence assessment program approved in advance by the Board or its designee. Respondent
17 shall successfully complete the program not later than six (6) months after Respondent's initial
18 enrollment unless the Board or its designee agrees in writing to an extension of that time.

19 The program shall consist of a comprehensive assessment of Respondent's physical and
20 mental health and the six general domains of clinical competence as defined by the Accreditation
21 Council on Graduate Medical Education and American Board of Medical Specialties pertaining to
22 Respondent's current or intended area of practice. The program shall take into account data
23 obtained from the pre-assessment, self-report forms and interview, and the Decision(s),
24 Accusation(s), and any other information that the Board or its designee deems relevant. The
25 program shall require Respondent's on-site participation for a minimum of three (3) and no more
26 than five (5) days as determined by the program for the assessment and clinical education
27 evaluation. Respondent shall pay all expenses associated with the clinical competence
28 assessment program.

1 At the end of the evaluation, the program will submit a report to the Board or its designee
2 which unequivocally states whether the Respondent has demonstrated the ability to practice
3 safely and independently. Based on Respondent's performance on the clinical competence
4 assessment, the program will advise the Board or its designee of its recommendation(s) for the
5 scope and length of any additional educational or clinical training, evaluation or treatment for any
6 medical condition or psychological condition, or anything else affecting Respondent's practice of
7 medicine. Respondent shall comply with the program's recommendations.

8 Determination as to whether Respondent successfully completed the clinical competence
9 assessment program is solely within the program's jurisdiction.

10 If Respondent fails to enroll, participate in, or successfully complete the clinical
11 competence assessment program within the designated time period, Respondent shall receive a
12 notification from the Board or its designee to cease the practice of medicine within three (3)
13 calendar days after being so notified. The Respondent shall not resume the practice of medicine
14 until enrollment or participation in the outstanding portions of the clinical competence assessment
15 program have been completed. If the Respondent did not successfully complete the clinical
16 competence assessment program, the Respondent shall not resume the practice of medicine until a
17 final decision has been rendered on the accusation and/or a petition to revoke probation. The
18 cessation of practice shall not apply to the reduction of the probationary time period.

19 4. MONITORING - PRACTICE. Within thirty (30) calendar days of the effective date
20 of this Decision, Respondent shall submit to the Board or its designee for prior approval as a
21 practice monitor, the name and qualifications of one or more licensed physicians and surgeons
22 whose licenses are valid and in good standing, and who are preferably American Board of
23 Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or
24 personal relationship with Respondent, or other relationship that could reasonably be expected to
25 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
26 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
27 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

28 The Board or its designee shall provide the approved monitor with copies of the Decision(s)

1 and Accusation(s), and a proposed monitoring plan. Within fifteen (15) calendar days of receipt
2 of the Decision(s), Accusation(s), and proposed monitoring plan, the monitor shall submit a
3 signed statement that the monitor has read the Decision(s) and Accusation(s), fully understands
4 the role of a monitor, and agrees or disagrees with the proposed monitoring plan. If the monitor
5 disagrees with the proposed monitoring plan, the monitor shall submit a revised monitoring plan
6 with the signed statement for approval by the Board or its designee.

7 Within sixty (60) calendar days of the effective date of this Decision, and continuing
8 throughout probation, Respondent's practice shall be monitored by the approved monitor.
9 Respondent shall make all records available for immediate inspection and copying on the
10 premises by the monitor at all times during business hours and shall retain the records for the
11 entire term of probation.

12 If Respondent fails to obtain approval of a monitor within sixty (60) calendar days of the
13 effective date of this Decision, Respondent shall receive a notification from the Board or its
14 designee to cease the practice of medicine within three (3) calendar days after being so notified.
15 Respondent shall cease the practice of medicine until a monitor is approved to provide monitoring
16 responsibility.

17 The monitor shall submit a quarterly written report to the Board or its designee which
18 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
19 are within the standards of practice of medicine, and whether Respondent is practicing medicine
20 safely. It shall be the sole responsibility of Respondent to ensure that the monitor submits the
21 quarterly written reports to the Board or its designee within ten (10) calendar days after the end of
22 the preceding quarter.

23 If the monitor resigns or is no longer available, Respondent shall, within five (5) calendar
24 days of such resignation or unavailability, submit to the Board or its designee, for prior approval,
25 the name and qualifications of a replacement monitor who will be assuming that responsibility
26 within fifteen (15) calendar days. If Respondent fails to obtain approval of a replacement monitor
27 within sixty (60) calendar days of the resignation or unavailability of the monitor, Respondent
28 shall receive a notification from the Board or its designee to cease the practice of medicine within

three (3) calendar days after being so notified. Respondent shall cease the practice of medicine until a replacement monitor is approved and assumes monitoring responsibility.

In lieu of a monitor, Respondent may participate in a professional enhancement program approved in advance by the Board or its designee that includes, at minimum, quarterly chart review, semi-annual practice assessment, and semi-annual review of professional growth and education. Respondent shall participate in the professional enhancement program at Respondent's expense during the term of probation.

Upon successful completion of the Clinical Competency Assessment Program, with a Category 1 Pass of the Program, the Practice Monitor requirement may be removed as a condition of Probation.

5. PROHIBITED PRACTICE. During probation, Respondent is prohibited from providing care and treatment to patients under sixty (60) days of age. After the effective date of this Decision, all patients being treated by the Respondent shall be notified that the Respondent is prohibited from providing care and treatment to patients under sixty (60) days of age. Any new patients must be provided this notification at the time of their initial appointment.

Respondent shall maintain a log of all patients to whom the required oral notification was made. The log shall contain the: 1) patient's name, address and phone number; 2) patient's medical record number, if available; 3) the full name of the person making the notification; 4) the date the notification was made; and 5) a description of the notification given. Respondent shall keep this log in a separate file or ledger, in chronological order, shall make the log available for immediate inspection and copying on the premises at all times during business hours by the Board or its designee, and shall retain the log for the entire term of probation.

6. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the Respondent shall provide a true copy of this Decision and First Amended Accusation to the Chief of Staff or the Chief Executive Officer at every hospital where privileges or membership are extended to Respondent, at any other facility where Respondent engages in the practice of medicine, including all physician and locum tenens registries or other similar agencies, and to the Chief Executive Officer at every insurance carrier which extends malpractice insurance coverage

1 to Respondent. Respondent shall submit proof of compliance to the Board or its designee within
2 fifteen (15) calendar days.

3 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

4 7. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
5 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
6 advanced practice nurses.

7 8. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all rules
8 governing the practice of medicine in California and remain in full compliance with any court
9 ordered criminal probation, payments, and other orders.

10 9. INVESTIGATION/ENFORCEMENT COST RECOVERY. Respondent is hereby
11 ordered to reimburse the Board its costs of investigation and enforcement, in the amount of
12 \$4,858.75 (four thousand eight hundred fifty eight and seventy-five cents). Costs shall be payable
13 to the Medical Board of California. Failure to pay such costs shall be considered a violation of
14 probation.

15 Payment must be made in full within thirty (30) calendar days of the effective date of the
16 Order, or by a payment plan approved by the Medical Board of California. Any and all requests
17 for a payment plan shall be submitted in writing by Respondent to the Board. Failure to comply
18 with the payment plan shall be considered a violation of probation.

19 The filing of bankruptcy by Respondent shall not relieve Respondent of the responsibility
20 to repay investigation and enforcement costs.

21 10. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
22 under penalty of perjury on forms provided by the Board, stating whether there has been
23 compliance with all the conditions of probation.

24 Respondent shall submit quarterly declarations not later than ten (10) calendar days after
25 the end of the preceding quarter.

26 11. GENERAL PROBATION REQUIREMENTS.

27 Compliance with Probation Unit

28 Respondent shall comply with the Board's probation unit.

1 Address Changes

2 Respondent shall, at all times, keep the Board informed of Respondent's business and
3 residence addresses, email address (if available), and telephone number. Changes of such
4 addresses shall be immediately communicated in writing to the Board or its designee. Under no
5 circumstances shall a post office box serve as an address of record, except as allowed by Business
6 and Professions Code section 2021, subdivision (b).

7 Place of Practice

8 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
9 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
10 facility.

11 License Renewal

12 Respondent shall maintain a current and renewed California physician's and surgeon's
13 license.

14 Travel or Residence Outside California

15 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
16 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
17 (30) calendar days.

18 In the event Respondent should leave the State of California to reside or to practice
19 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
20 departure and return.

21 12. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
22 available in person upon request for interviews either at Respondent's place of business or at the
23 probation unit office, with or without prior notice throughout the term of probation.

24 13. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
25 its designee in writing within fifteen (15) calendar days of any periods of non-practice lasting
26 more than 30 calendar days and within fifteen (15) calendar days of Respondent's return to
27 practice. Non-practice is defined as any period of time Respondent is not practicing medicine as
28 defined in Business and Professions Code sections 2051 and 2052 for at least forty (40) hours in a

1 calendar month in direct patient care, clinical activity or teaching, or other activity as approved by
2 the Board. If Respondent resides in California and is considered to be in non-practice,
3 Respondent shall comply with all terms and conditions of probation. All time spent in an
4 intensive training program which has been approved by the Board or its designee shall not be
5 considered non-practice and does not relieve Respondent from complying with all the terms and
6 conditions of probation. Practicing medicine in another state of the United States or Federal
7 jurisdiction while on probation with the medical licensing authority of that state or jurisdiction
8 shall not be considered non-practice. A Board-ordered suspension of practice shall not be
9 considered as a period of non-practice.

10 In the event Respondent's period of non-practice while on probation exceeds eighteen (18)
11 calendar months, Respondent shall successfully complete the Federation of State Medical Boards'
12 Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment
13 program that meets the criteria of Condition 18 of the current version of the Board's "Manual of
14 Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of
15 medicine.

16 Respondent's period of non-practice while on probation shall not exceed two (2) years.

17 Periods of non-practice will not apply to the reduction of the probationary term.

18 Periods of non-practice for a Respondent residing outside of California will relieve
19 Respondent of the responsibility to comply with the probationary terms and conditions with the
20 exception of this condition and the following terms and conditions of probation: Obey All Laws;
21 General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or
22 Controlled Substances; and Biological Fluid Testing.

23 14. COMPLETION OF PROBATION. Respondent shall comply with all financial
24 obligations (e.g., restitution, probation costs) not later than one-hundred twenty (120) calendar
25 days prior to the completion of probation. This term does not include cost recovery, which is due
26 within thirty (30) calendar days of the effective date of the Order, or by a payment plan approved
27 by the Medical Board and timely satisfied. Upon successful completion of probation,
28 Respondent's certificate shall be fully restored.

1 15. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
2 of probation is a violation of probation. If Respondent violates probation in any respect, the
3 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
4 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke
5 Probation, or an Interim Suspension Order is filed against Respondent during probation, the
6 Board shall have continuing jurisdiction until the matter is final, and the period of probation shall
7 be extended until the matter is final.

8 16. LICENSE SURRENDER. Following the effective date of this Decision, if
9 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
10 the terms and conditions of probation, Respondent may request to surrender his or her license.
11 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
12 determining whether or not to grant the request, or to take any other action deemed appropriate
13 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
14 shall within fifteen (15) calendar days deliver Respondent's wallet and wall certificate to the
15 Board or its designee and Respondent shall no longer practice medicine. Respondent will no
16 longer be subject to the terms and conditions of probation. If Respondent re-applies for a medical
17 license, the application shall be treated as a petition for reinstatement of a revoked certificate.

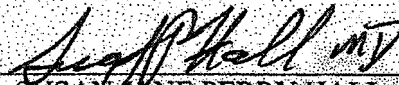

18 17. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
19 with probation monitoring each and every year of probation, as designated by the Board, which
20 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
21 California and delivered to the Board or its designee no later than January 31 of each calendar
22 year.

23 18. FUTURE ADMISSIONS CLAUSE. If Respondent should ever apply or reapply for
24 a new license or certification, or petition for reinstatement of a license, by any other health care
25 licensing action agency in the State of California, all of the charges and allegations contained in
26 First Amended Accusation No. 800-2018-048044 shall be deemed to be true, correct, and
27 admitted by Respondent for the purpose of any Statement of Issues or any other proceeding
28 seeking to deny or restrict license.

1 ACCEPTANCE

2 I have carefully read the above Stipulated Settlement and Disciplinary Order and have fully
3 discussed it with my attorney, Dennis R. Thelen. I understand the stipulation and the effect it will
4 have on my Physician's and Surgeon's Certificate. I enter into this Stipulated Settlement and
5 Disciplinary Order voluntarily, knowingly, and intelligently, and agree to be bound by the
6 Decision and Order of the Medical Board of California.

1 **JURISDICTION**

2 3. This First Amended Accusation is brought before the Board, under the authority of
3 the following laws. All section references are to the Business and Professions Code (Code)
4 unless otherwise indicated.

5 4. Section 2004 of the Code states:

6 The board shall have the responsibility for the following:

7
8 (a) The enforcement of the disciplinary and criminal provisions of the
9 Medical Practice Act.

10 (b) The administration and hearing of disciplinary actions.

11 (c) Carrying out disciplinary actions appropriate to findings made by a
12 panel or an administrative law judge.

13 (d) Suspending, revoking, or otherwise limiting certificates after the
14 conclusion of disciplinary actions.

15 (e) Reviewing the quality of medical practice carried out by physician and
16 surgeon certificate holders under the jurisdiction of the board.

17 "..."

18 5. Section 2227 of the Code states:

19 (a) A licensee whose matter has been heard by an administrative law
20 judge of the Medical Quality Hearing Panel as designated in Section 11371 of the
21 Government Code, or whose default has been entered, and who is found guilty, or
22 who has entered into a stipulation for disciplinary action with the board, may, in
23 accordance with the provisions of this chapter:

24 (1) Have his or her license revoked upon order of the board.

25 (2) Have his or her right to practice suspended for a period not to exceed
26 one year upon order of the board.

27 (3) Be placed on probation and be required to pay the costs of probation
28 monitoring upon order of the board.

(4) Be publicly reprimanded by the board. The public reprimand may
include a requirement that the licensee complete relevant educational courses
approved by the board.

(5) Have any other action taken in relation to discipline as part of an order
of probation, as the board or an administrative law judge may deem proper.

(b) Any matter heard pursuant to subdivision (a), except for warning
letters, medical review or advisory conferences, professional competency

1 examinations, continuing education activities, and cost reimbursement associated
2 therewith that are agreed to with the board and successfully completed by the
3 licensee, or other matters made confidential or privileged by existing law, is deemed
4 public, and shall be made available to the public by the board pursuant to Section
5 803.1.

6 6. Subdivision (a) of section 2228.1 of the Code states:

7 (a) On and after July 1, 2019, except as otherwise provided in subdivision
8 (c), the board shall require a licensee to provide a separate disclosure that includes the
9 licensee's probation status, the length of the probation, the probation end date, all
10 practice restrictions placed on the licensee by the board, the board's telephone
11 number, and an explanation of how the patient can find further information on the
12 licensee's probation on the licensee's profile page on the board's online license
13 information Internet Web site, to a patient or the patient's guardian or health care
14 surrogate before the patient's first visit following the probationary order while the
15 licensee is on probation pursuant to a probationary order made on and after July 1,
16 2019, in any of the following circumstances:

17 (1) A final adjudication by the board following an administrative hearing
18 or admitted findings or prima facie showing in a stipulated settlement establishing
19 any of the following:

20 (A) The commission of any act of sexual abuse, misconduct, or relations
21 with a patient or client as defined in Section 726 or 729.

22 (B) Drug or alcohol abuse directly resulting in harm to patients or the
23 extent that such use impairs the ability of the licensee to practice safely.

24 (C) Criminal conviction directly involving harm to patient health.

25 (D) Inappropriate prescribing resulting in harm to patients and a
26 probationary period of five years or more.

27 (2) An accusation or statement of issues alleged that the licensee committed any of the acts
28 described in subparagraphs (A) to (D), inclusive, of paragraph (1), and a stipulated settlement
based upon a nolo contendere or other similar compromise that does not include any prima facie
showing or admission of guilt or fact but does include an express acknowledgment that the

7. Section 2234 of the Code, states:

The board shall take action against any licensee who is charged with
unprofessional conduct. In addition to other provisions of this article, unprofessional
conduct includes, but is not limited to, the following:

(a) Violating or attempting to violate, directly or indirectly, assisting in or
abetting the violation of, or conspiring to violate any provision of this chapter.

(b) Gross negligence.

(c) Repeated negligent acts. To be repeated, there must be two or more
negligent acts or omissions. An initial negligent act or omission followed by a
separate and distinct departure from the applicable standard of care shall constitute

repeated negligent acts.

(1) An initial negligent diagnosis followed by an act or omission medically appropriate for that negligent diagnosis of the patient shall constitute a single negligent act.

(2) When the standard of care requires a change in the diagnosis, act, or omission that constitutes the negligent act described in paragraph (1), including, but not limited to, a reevaluation of the diagnosis or a change in treatment, and the licensee's conduct departs from the applicable standard of care, each departure constitutes a separate and distinct breach of the standard of care.

(d) Incompetence.

(e) The commission of any act involving dishonesty or corruption which is substantially related to the qualifications, functions, or duties of a physician and surgeon.

(f) Any action or conduct which would have warranted the denial of a certificate.

(g) The failure by a certificate holder, in the absence of good cause, to attend and participate in an interview by the board. This subdivision shall only apply to a certificate holder who is the subject of an investigation by the board.

COST RECOVERY

8. Section 125.3 of the Code states:

(a) Except as otherwise provided by law, in any order issued in resolution of a disciplinary proceeding before any board within the department or before the Osteopathic Medical Board, upon request of the entity bringing the proceeding, the administrative law judge may direct a licensee found to have committed a violation or violations of the licensing act to pay a sum not to exceed the reasonable costs of the investigation and enforcement of the case.

(b) In the case of a disciplined licensee that is a corporation or a partnership, the order may be made against the licensed corporate entity or licensed partnership.

(c) A certified copy of the actual costs, or a good faith estimate of costs where actual costs are not available, signed by the entity bringing the proceeding or its designated representative shall be prima facie evidence of reasonable costs of investigation and prosecution of the case. The costs shall include the amount of investigative and enforcement costs up to the date of the hearing, including, but not limited to, charges imposed by the Attorney General.

(d) The administrative law judge shall make a proposed finding of the amount of reasonable costs of investigation and prosecution of the case when requested pursuant to subdivision (a). The finding of the administrative law judge with regard to costs shall not be reviewable by the board to increase the cost award. The board may reduce or eliminate the cost award, or remand to the administrative law judge if the proposed decision fails to make a finding on costs requested pursuant to subdivision (a).

(e) If an order for recovery of costs is made and timely payment is not

1 made as directed in the board's decision, the board may enforce the order for
2 repayment in any appropriate court. This right of enforcement shall be in addition to
3 any other rights the board may have as to any licensee to pay costs.

4 (f) In any action for recovery of costs, proof of the board's decision shall
5 be conclusive proof of the validity of the order of payment and the terms for payment.

6 (g) (1) Except as provided in paragraph (2), the board shall not renew or
7 reinstate the license of any licensee who has failed to pay all of the costs ordered
8 under this section.

9 (2) Notwithstanding paragraph (1), the board may, in its discretion,
10 conditionally renew or reinstate for a maximum of one year the license of any
11 licensee who demonstrates financial hardship and who enters into a formal agreement
12 with the board to reimburse the board within that one-year period for the unpaid
13 costs.

14 (h) All costs recovered under this section shall be considered a
15 reimbursement for costs incurred and shall be deposited in the fund of the board
16 recovering the costs to be available upon appropriation by the Legislature.

17 (i) Nothing in this section shall preclude a board from including the
18 recovery of the costs of investigation and enforcement of a case in any stipulated
19 settlement.

20 (j) This section does not apply to any board if a specific statutory
21 provision in that board's licensing act provides for recovery of costs in an
22 administrative disciplinary proceeding.

23 FACTUAL SUMMARY

24 Patient 1 (P-1)¹

25 9. P-1, a then six-day old infant male, was initially seen by Respondent on September
26 29, 2016, for a first well child check. The mother of P-1 (PG-1) was concerned that he was not
27 eating as well as he should be. PG-1 told Respondent that P-1 had been hospitalized for 24 hours
28 for jaundice a few days prior with the highest bilirubin of 18. PG-1 also told Respondent that P-1
was more yellow on that day than the previous day and that PG-1 tried to wake P-1 up during the
night but he would not wake up to eat. Respondent was provided with P-1's birth and
immunization records but was provided limited records of the recent hospitalization, none of
which included details of the treatment for jaundice. There is no evidence that Respondent made
any attempts to obtain the full records of the hospitalization.

///

¹ For privacy purposes, the patients in this First Amended Accusation are referred to as P-1 and P-2.

1 10. Respondent noted that P-1 weighed six pounds and fourteen ounces at birth and was a
2 product of 36 weeks-by-dates singleton pregnancy. During the first exam, Respondent found that
3 P-1 seemed normal but a little sleepy. Respondent attributed P-1's sleepiness to the jaundice
4 which Respondent noted to be of moderate severity. Respondent listed P-1's weight as six
5 pounds and eleven ounces, below his birth weight. Respondent ordered total and direct bilirubin
6 tests and recommended alternating breast and formula feeding to the mother of P-1. Respondent
7 suggested a follow-up visit in 2 months.

8 11. On October 3, 2016, PG-1 presented P-1 to Respondent's clinic without an
9 appointment because she had concerns. PG-1 told Respondent that P-1 was not eating enough
10 and was not tolerating formula. PG-1 also told Respondent that she and her siblings and the
11 father of P-1 have an intolerance to cow's milk. Additionally, PG-1 told Respondent that P-1 was
12 voiding orange urine and seemed to have pain when passing stool. Respondent noted P-1's
13 weight as six pounds and eight ounces, below his birth weight and below the weight of his first
14 visit to the clinic. Respondent found P-1's abdomen to be tender and firm. Respondent also
15 noted P-1's jaundice and found the severity to be moderate. Respondent recommended to PG-1
16 that she change to a soy-based formula, and that, if P-1 does not gain weight or tolerate feeding,
17 he may need to be seen by Children's Hospital. Respondent did not obtain a urinalysis.

18 12. On October 4, 2016, PG-1 again presented P-1 to Respondent's clinic without an
19 appointment because she believed he was sick. PG-1 told Respondent that P-1 was more
20 lethargic and had blood in his urine the previous day. Respondent noted P-1's weight as six
21 pounds and four ounces, four ounces below the previous day's weight. Respondent told PG-1 to
22 take P-1 to Bakersfield Memorial Hospital for lethargy. At the hospital, P-1 was diagnosed with
23 urosepsis. P-1 was thereafter transferred to Children's Hospital Los Angeles and was diagnosed
24 and treated for meningitis. P-1 was found to have permanent diffuse brain damage.

1 Patient 2 (P-2)

2 13. P-2, a then six-week old infant male, was seen by Respondent on Saturday, June 30,
3 2018, for a newborn circumcision. The mother of P-2 (PG-2) was present for the procedure.
4 Respondent obtained P-2's history, discussed the risks of the procedure with PG-2, and obtained
5 PG-2's consent for the procedure.

6 14. Respondent used the Plastibell technique² for the procedure. In her procedure note,
7 Respondent documented that after the penis was cleaned with betadine and one milliliter of one
8 percent lidocaine was injected in a ring block, a dorsal slip was made and the foreskin was
9 separated from the corona. A Plastibell was then placed over the corona, under the foreskin and
10 tied in place. The foreskin was trimmed. Respondent noted that there was additional tissue
11 protruding from the tied area that resembled fatty tissue. She removed part of the additional
12 tissue with scissors and noted that it was too firm to be fat. The string was removed. Respondent
13 then noted that the inferior portion of the peri-urethral area had been excised. There was excessive
14 bleeding. In an effort to control the bleeding, Respondent placed three sutures and a compressive
15 dressing with a stretchy material.³ Thereafter, Respondent noted that there was still some slow
16 oozing of blood but no brisk bleeding. Once P-2 was stable for discharge, PG-2 was instructed to
17 remove the dressing in a few hours and replace it. If there is still active bleeding, PG-2 was to
18 take P-2 to the hospital. Otherwise, PG-2 was instructed to return P-2 to Respondent's office the
19 following day (Sunday) for a wound check. With respect to the laceration of the penis,
20 Respondent noted that P-2 would need a pediatric urology referral STAT due to the
21 circumcisional bleeding from the peri-urethral laceration.

22 15. After approximately two hours, PG-2 observed active bleeding. She contacted
23 Respondent, who instructed PG-2 to take P-2 to the emergency department at Bakersfield
24 Memorial Hospital. While in the emergency department, P-2 continued to have oozing from the

25
26 ² The Plastibell technique involves placing a plastic ring between the head of the penis and the
27 foreskin. A string is tied tightly around the foreskin crusting the skin against the ring. The excess skin is
removed. The ring stays comfortably in place for 7-10 days before spontaneously falling off.

28 ³ It was subsequently determined that this suturing included the urethra and led to urinary
obstruction. Further, the dressing likely created additional tissue necrosis and loss.

1 circumcision site. Due to the significant post circumcision bleeding with possible injury to the
2 urethra, P-2 was transferred, by airlift, to Valley Children's Hospital in Madera for a higher level
3 of care.

4 16. At Valley Children's Hospital, P-2 was diagnosed with an anterior degloving injury
5 and injury to the corona and urethra. That evening, P-2 underwent surgical revision of the
6 circumcision and meatoplasty by pediatric urologist, Dr. S.B. On July 9, 2019, Dr. S.B.
7 performed a division/unroofing the suture tracts for acquired penile adhesions.

8 **FIRST CAUSE FOR DISCIPLINE**

9 **(Gross Negligence as to P-1 and P-2)**

10 17. Respondent is subject to disciplinary action under section 2234, subdivision (b), of
11 the Code, in that she engaged in gross negligence in the care and treatment of P-1 and P-2. The
12 circumstances are as follows:

13 18. Complainant refers to and, by this reference, incorporates herein, paragraphs 9
14 through 16, as though fully set forth herein.

15 **P-1:**

16 19. The standard of care for an office-based physician is to obtain and review hospital
17 records when attending to any patient for the first time after the patient has been hospitalized.
18 Here, Respondent did not obtain nor review hospital records from P-1's hospitalization for
19 hyperbilirubinemia, which significantly affected the treatment of P-1 by Respondent. This is an
20 extreme departure from the standard of care.

21 20. The standard of care is to schedule a follow-up visit within one to two weeks of the
22 first visit where a premature, jaundiced newborn has not returned to his birthweight. The
23 standard of care for a physician treating a premature newborn is to be very critical of minor
24 symptoms as premature infants are more likely to become ill and not show typical symptoms.
25 Here, Respondent scheduled the follow-up visit two months later and not within one to two
26 weeks. This is an extreme departure from the standard of care.

27 21. The standard of care for a physician examining a patient with complaints of blood in
28 the urine, complaints of discolored urine, or complaints of abdominal pain or tenderness is to

1 obtain a urinalysis. Here, despite the evidence of blood in P-1's urine and P-1's history of
2 discolored urine, and signs of abdominal tenderness, Respondent failed to obtain a urinalysis.
3 This is an extreme departure from the standard of care.

4 P-2:

5 22. In performing a circumcision using the Plastibell technique, the standard of care
6 requires that the physician adequately lyse adhesions and then identify the position of the urethral
7 meatus, if possible. A hemostatic clamp should then be placed in the midline at 12:00 to produce
8 an avascular area to be cut. The clamp should be placed proximal enough to leave a bit of
9 foreskin distal to the glans margin. It is necessary for the Plastibell device be the correct size and
10 that its placement is centered on the glans and urethra. Correct size and placement of the
11 Plastibell avoids compressing the glans and ensures that the foreskin can be pulled over the
12 Plastibell completely. Respondent failed to place the Plastibell properly for P-2's circumcision.
13 This is an extreme departure from the standard of care.

14 23. When extra fatty tissue is identified during a circumcision, the standard of care
15 requires that the Plastibell be removed to determine the source of the tissue before trying to
16 remove it and redefine the anatomy at that point, with an urgent referral to pediatric urology if
17 needed. Respondent excised unidentified tissue without determining its source. This is an
18 extreme departure from the standard of care.

19 24. Respondent's acts and/or omissions as set forth in paragraphs 9 through 23, whether
20 proven individually, jointly, or in any combination thereof, constitute gross negligence pursuant
21 to section 2234, subdivision (b), of the Code. Therefore, cause for discipline exists.

22 **SECOND CAUSE FOR DISCIPLINE**

23 **(Repeated Negligent Acts)**

24 25. Respondent is subject to disciplinary action under section 2234, subdivision (c), of
25 the Code, in that she engaged in repeated acts of negligence in the care and treatment of P-1 and
26 P-2. The circumstances are as follows:

27 26. Complainant refers to and, by this reference, incorporates herein, paragraphs 9
28 through 24, as though fully set forth herein.

1 27. Each of the alleged acts of gross negligence set forth above in the First Cause for
2 Discipline is also a negligent act.

3 Additional Repeated Negligent Acts as to P-2:

4 28. When placing sutures to the penis for hemostasis, the standard of care requires careful
5 placement to avoid closure of the urethral meatus. Respondent failed to properly place sutures to
6 P-2's penis, which resulted in occluding the urethral meatus. This is a departure from the
7 standard of care.

8 29. When placing dressing on the penis, the standard of care requires careful placement to
9 avoid restricting blood flow to the remaining tip of the penis. Respondent placed a restrictive
10 pressure dressing on the penis, which caused blood flow restriction to the remaining tip of the
11 penis. This is a departure from the standard of care.

12 30. When complications are encountered during a circumcision and repair efforts are
13 unsuccessful, the standard of care requires an immediate referral for specialty care that same day.
14 Respondent failed to refer P-2 to a pediatric urologist for specialized care the day of the
15 circumcision and penile laceration. This is a departure from the standard of care.

16 31. Respondent's acts and/or omissions as set forth in paragraphs 9 through 30, whether
17 proven individually, jointly, or in any combination thereof, constitute repeated negligent acts
18 pursuant to section 2234, subdivision (c), of the Code. Therefore, cause for discipline exists.

19 **THIRD CAUSE FOR DISCIPLINE**

20 **(Unprofessional Conduct)**

21 32. Respondent is subject to disciplinary action under section 2234 of the Code, in that
22 she engaged in unprofessional conduct generally in the care and treatment of P-1 and P-2.
23 Complainant refers to and, by this reference, incorporates herein, paragraphs 9 through 31, as
24 though fully set forth herein.

25 33. Respondent's acts and/or omissions as set forth in paragraphs 9 through 31, whether
26 proven individually, jointly, or in any combination thereof, constitute unprofessional conduct
27 pursuant to Code section 2234. Therefore, cause for discipline exists.

PRAYER

WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged, and that following the hearing, the Medical Board of California issue a decision:

1. Revoking or suspending Physician's and Surgeon's Certificate Number A 76766, issued to Respondent Susan Jane Perry Hall, M.D.;
2. Revoking, suspending or denying approval of Respondent Susan Jane Perry Hall, M.D.'s authority to supervise physician assistants and advanced practice nurses;
3. Ordering Respondent Susan Jane Perry Hall, M.D., to pay the Board the costs of the investigation and enforcement of this case, and if placed on probation, the costs of probation monitoring; and
4. If disciplined, ordering Respondent Susan Jane Perry Hall, M.D., to disclose her discipline to patients as required by section 2228.1 of the Code; and
5. Taking such other and further action as deemed necessary and proper.
